# Campus Safety

updated 10/01/2022

The safety of every member of the Life University community is our top priority. Life University maintains a well-staffed Campus Safety Department consisting of trained security officers. Our highly motivated and trained staff works diligently to ensure that you are safe and secure.

**CAMPUS SAFETY: Dial (770) 426-2911 on an outside line or 2911 from a University Desk Phone or you may use the Live Save Application from your cell phone.**

**\* Life University Campus Safety is located at 1085 Barclay Circle\***

Campus Safety is charged with responding to all types of emergency and non-emergency events, as well as enforcing University parking regulations. The campus is patrolled 24/7/365, and we work with local emergency response agencies such as Marietta Police Department, Cobb County Sheriff and Marietta Fire Department.

A Life University Campus Safety Department official can be reached 24 hours per day, seven days per week in the event of an emergency, by dialing x2911 from a University phone or (770) 426-2911 from a cell phone or off-campus landline. It is a good idea to store the Campus Safety emergency phone number on speed dial or download the Live Safe App from Google Play or the Apple Store onto your cell phone.

Life University complies with federal and state laws and does not discriminate on the basis of race, color, gender, religion, national origin, age, sexual orientation, disability, medical condition, pregnancy, citizenship or veteran status. This may require the Department to notify the Office of Student Affairs and local Police Departments of violations of law that also violate University policy or codes of conduct and vice versa.

## ***Procedures for Reporting Criminal Actions and other Emergencies on Campus***

The Campus Safety Department monitors activities on campus 24 hours a day. Students and employees with concerns over criminal actions on campus can contact the Campus Safety Department at **770.426.2911** on a confidential basis. We openly solicit the observations and concerns of our students, staff, and all visitors when suspicious or criminal activity is observed on campus. The Campus Safety Department believes with greater awareness we can help each person be better prepared to protect themselves and others from crime. The Department also works closely with other local law enforcement agencies to obtain and monitor criminal reports made to them.

## ***Alcohol Policy***

The legal drinking age in Georgia is 21. It is unlawful to purchase or consume alcoholic beverages on this campus under the legal age. It is unlawful to misrepresent age or provide identification to someone else who is under the legal drinking age. Life University Campus Safety enforces all laws pertaining to the serving of alcohol in any manner that induces a person to consume alcohol by contest or challenge.

The Life University Campus Safety Department strongly supports state DUI laws, as defined in Georgia Code 40-6-391, and will partner with local law enforcement agencies to ensure the safety of the LIFE community and adjacent residents and businesses. The Life University Student Handbook defines the rules applied to alcohol service on campus regarding license holders and locations.

All rules and regulations pertaining to alcohol are enforced by the Life University Campus Safety Department and/or the Office of Conflict Resolution and Compliance.

---

## ***Drug Free Schools, Community and Workplace Policy***

Pursuant to the Drug-Free Schools and Communities Act of 1986, and the Drug-Free Workplace Act of 1988, the University has adopted and implemented a program to prevent the use of illicit drugs and alcohol. The policy will be reviewed and amended, as necessary. Employees will be apprised of changes.

The University is committed to the health and well-being of its staff and other people who receive University services. The University has a vested interest in the welfare of its employees, who administer and operate the University's programs of education, research, and service, but also serves as well as interest in serving and promoting the advancement of the general health of our society.

Substance and alcohol abuse are dangerous to your health. The use of alcohol, non-prescription drugs, and abuse of prescription drugs in the workplace may affect an employee's ability to perform satisfactorily, the performance and well-being of other employees and students and the University's ultimate function and reputation. For these reasons and others, the University requires the participation of all employees and students in maintaining a drug-free school and work environment.

The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance (prescription or nonprescription) and alcohol are prohibited, including all University properties, functions, business, and vehicles.

Alcoholic beverages will be permitted at University events only with the permission of the President or his designee and notification of Campus Safety. Advertising of the event will not include specific references to the fact that alcoholic beverages will be provided. Student events require identification confirming the individual is of legal drinking age. Alcohol is not permitted in the Commons Residential Hall.

At any event where alcohol is served, non-alcoholic beverages must be continuously available in equal or greater quantity and food must be available as well. The serving of alcoholic beverages must stop at least 45 minutes before the scheduled end of the activity and alternative transportation should be provided for any individual in attendance that has overindulged in alcohol.

Any employee or student worker who is convicted of a criminal violation involving illegal drugs or alcohol in the workplace is required to notify the Department of Human Resources within five days of the conviction.

Life University is committed to providing a safe work environment and to fostering the wellbeing and health of its employees. That commitment is jeopardized when any University employee illegally uses drugs on or off the job, comes to work under their influence, possesses, distributes, or sells drugs in the workplace, or abuses alcohol on the job. Therefore, the University has established the following policy:

## **Violations**

Employees and student workers who are suspected of violating this policy on alcohol and drugs may be suspended without pay immediately pending an investigation. If the investigation results in a determination that a violation of this policy on alcohol and drugs has occurred, the violator shall be subject to disciplinary action up to and including termination and referral to legal authorities for prosecution.

The University also offers resource information on various other means of employee assistance in our community, including but not limited to drug and alcohol rehabilitation programs. Employees are encouraged to use this resource file, which is located in the Human Resources office.

## **Alcohol Policy: Legal Requirements:**

Revision Approval Date: 09/13/2020

Purpose:

**Notice of Nondiscrimination.**

As a recipient of federal funds, Life University is required to comply with Title IX of the Higher Education Amendments of 1972, 20 U.S.C. § 1681 et seq. ("Title IX"), which prohibits discrimination on the basis of sex in educational programs or activities, admission and employment. Sex-based discrimination includes sexual harassment and gender-based harassment. Inquiries concerning the application of Title IX may be referred to Life University's Title IX Coordinator or to the U.S. Department of Education's Office for Civil Rights. Life University's Interim Title IX Coordinator is Feaunte Preyear, whose office is located the Executive Building, 1250 Life's Way, Marietta, Georgia 30060. Ms. Preyear may be contacted by phone at (770) 426-2686 or by email at TitleIX@life.edu or feaunte.preyar@life.edu. Questions may also be directed to a Deputy Title IX Coordinator. Their names and contact information are listed below.

**Life's University's Commitment to Addressing Sexual Harassment and Gender-Based Harassment**

Life University reaffirms the principal that its students, administration, faculty, and staff have a right to be free from sexual harassment and gender-based harassment. Sexual harassment and gender-based harassment are prohibited by this policy, as well as by federal law. Life University will take seriously every allegation or report of sexual harassment or gender-based harassment received.

**Additional Authority:** Title IX of the Higher Education Amendments of 1972, 20 U.S.C. § 1681 et seq. ("Title IX")

**Scope:** This Policy applies when an allegation of sexual harassment or gender-based harassment involves a student or student employee. The allegation may be against another student, an employee of the University (which includes University faculty) or a third party where the conduct giving rise to the complaint occurred during a program or activity of the University, involved a complainant participating in or attempting to participate in an education program or activity of the University, and about which the University has Actual Knowledge.

Nothing in law precludes the University from taking disciplinary action under the Life University Honor Code and Standards of Conduct where allegations are not actionable under this Policy, but otherwise prohibited by community standards.

Approval Authority: President

Responsible Authority: Office of Title IX

**Definitions:**

**Actual Knowledge** means notice of sexual harassment or allegations of sexual harassment to the Title IX Coordinator or any official of the University who has authority to institute corrective measures on behalf of the University.

**Clear and Convincing Evidentiary Standard.** The "Clear and Convincing" evidentiary standard is the legal standard by which the University makes determinations as to responsibility in cases alleging violations of University policy. The Clear and Convincing standard means that it is "highly probable or reasonably certain that the sexual harassment or gender-based harassment occurred."

**Complainant** an individual who is alleged to be the victim of conduct that could constitute sexual harassment or gender-based harassment. The Complainant must be participating in or attempting to participate in the education program or activity of the University.

**Consent** is defined as agreement that is informed and given freely. Consent must be clearly communicated through words and/or actions, to participate in each form of sexual activity. Silence cannot be interpreted as consent, nor can passivity or lack of resistance. Previous relationships or instances of consent do not imply future consent. There is no consent when there is a threat of force or violence or any other form of coercion or intimidation, physical or psychological. Impairment due to the use of alcohol or drugs does not excuse failure to obtain consent. Likewise, any person incapacitated by alcohol or drug use, or who is incapacitated is incapable of giving consent. Whether a person has taken advantage of a position of influence over another person may be a factor in determining consent.

**Coercion** is inappropriate pressure for prohibited or unwanted activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to obtain consent from another. When a person does not want to participate in activity that could be construed to be either sexual or gender-based or wants to stop, continued pressure beyond that point can be coercive.

Coercion may occur where a power-differential exists between parties.

**Dating Violence**

The term "dating violence" means violence committed by a person—

- who is or has been in a social relationship of a romantic or intimate nature with the victim; and
- where the existence of such a relationship shall be determined based on a consideration of the following factors:
  1. The length of the relationship.
  2. The type of relationship.
  3. The frequency of interaction between the persons involved in the relationship.

**Domestic Violence**

The term "domestic violence" includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

**Formal complaint** is a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment or gender-based harassment against a respondent and requesting that the University investigate the allegation of sexual harassment or gender-based harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the University. Nothing in this part may be read in derogation of any legal right of a parent or guardian to act on behalf of a complainant, respondent, or party, including but not limited to filing a formal complaint.

If the allegations in a formal complaint do not meet the definition of sexual harassment contained in the Policy or did not occur in the University's education program or activity against a person in the United States, the University must dismiss such allegations for the purposes of Title IX but may address the allegations under another University Policy such as the Life University Honor Code and Standards of Conduct.

**Gender-based Harassment:** unwelcome conduct based on sex or harassing conduct based on failure to conform to sex stereotypes (for example, harassing behavior directed at or about a person or group that does not conform to stereotypical assumptions and/or expectations about how someone of a certain sex should dress, behave, etc.).

**Incapacitation** can result from mental disability, sleep, involuntary physical restraint, or from intentional or unintentional taking of alcohol and/or other drugs. An incapacitated person does not have the ability to give knowing consent. Sexual activity with a person who one should know to be – or based on the circumstances should reasonably have known to be – mentally or physically incapacitated, constitutes a violation of this policy. The perspective of a reasonable person will be the basis for determining whether one should have known about the impact of the use of alcohol and/or drugs on another's ability to give consent.

**Program or Activity** An education program or activity includes locations, events, or circumstances over which the University exercised substantial control over both the respondent and the context in which the sexual harassment or gender-based harassment occurred, and also includes any building owned or controlled by a student organization that is officially recognized by the University.

**Respondent** is an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment or gender-based harassment.

**Retaliation** is intimidation, threatening behavior or discrimination against an individual for the purpose of interfering with any right or privilege secured by Title IX, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing.

**Sexual Harassment** is conduct on the basis of sex that satisfies one or more of the following:

1. An employee of the University conditioning the provision of an aid, benefit, or service of the University on an individual's participation in unwelcome sexual conduct.
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the University's education program or activity; or
3. Sexual assault, dating violence, domestic violence, or stalking

**Sexual Assault** means an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation, as defined in 20 U.S.C. 1092(f)(6)(A)(v).

**Sex offenses** are any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

1. Fondling - The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
2. Incest - Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
3. Statutory Rape - Sexual intercourse with a person who is under the statutory age of consent.

**Stalking** means engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

1. fear for his or her safety or the safety of others; or
2. suffer substantial emotional distress.
3. Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
4. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

**Supportive Measures** means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the University's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the University's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security, and monitoring of certain areas of the campus, and other similar measures. Supportive measures provided to the complainant or respondent, will remain confidential to the extent that maintaining such confidentiality would not impair the ability of the University to provide the supportive measures. The Title IX

**Coordinator** is responsible for coordinating the effective implementation of supportive measures.

**Remedies** are measures designed to restore or preserve equal access to the University's education program or activity. Remedies may include, but are not limited to, counseling, extensions of deadlines or other course-

related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security, and monitoring of certain areas of the campus, and other similar measures. Remedies are uniquely tailored to suit the needs of the individual.

Life University Sexual Harassment and Gender-Based Harassment Policy

## **Policy Statement**

### **Prohibition on Sexual Harassment and Gender-Based Harassment.**

This Policy is designed to protect the rights of complainants and respondents and to maintain a community free from sex-based discrimination in accordance with Title IX of the Education Amendments of 1972, 20 U.S.C. §1681 et seq. ("Title IX") and Life University community standards.

### **Prohibition on Retaliation.**

Retaliation against any person is strictly prohibited.

### **Prohibition on Providing False Information.**

Any individual who knowingly files a false complaint under this Policy, who knowingly provides false information to University officials, or who intentionally misleads University officials who are involved in the investigation or resolution of a complaint may be subject to disciplinary action.

### **Sources for Confidential Reporting.**

Life encourages parties to claims of sexual harassment or gender-based harassment to talk to somebody about their experiences, so they can obtain the support they need. There are various support resources available both on and off-campus including:

#### **Student Assistance Program (SAP)**

24/7 phone and online resources: 800-869-0276 [www.eapconsultants.com](http://www.eapconsultants.com) (password: lifeu)

#### **Responsible Employees**

Life University expects all employees with knowledge of potential occurrences of sexual harassment or gender-based harassment to promptly report this information to the Title IX Coordinator.

**Mandatory Reporters** is a University official with authority to institute corrective measures on the University's behalf. Mandatory Reporters have a legal obligation to report incidents about which they gain knowledge to the Title IX Coordinator so that the University may appropriately respond.

#### **Mandatory Reporters include:**

University President

Vice Presidents

Deans and Assistant Deans

## **Directors**

A mandatory reporter cannot guarantee that the University will be able to honor a request for confidentiality. However, to the extent possible, information reported to a responsible employee will be shared only with people responsible for handling the University's response to the report. In reporting the details of the incident to the Title IX Coordinator, the responsible employee will inform the Title IX Coordinator of the complainant's request for confidentiality, if such a request has been made.

### **Related Misconduct and Limited Immunity.**

The University considers the reporting and adjudication of sexual harassment and gender-based harassment cases to be of paramount importance. When conducting the investigation, the University's primary focus will be on addressing the harassment and not necessarily on other policy violations that may be discovered or disclosed, such as alcohol violations.

## **Procedure(s)**

### **Reporting Sexual Harassment and Gender-Based Harassment**

Because sexual harassment and gender-based harassment may in some instances constitute both a violation of University policy and criminal activity, and because the University grievance process is not a substitute for instituting legal action, the University encourages individuals to report alleged sexual harassment and gender-based harassment promptly to campus officials and to law enforcement authorities, where appropriate.

#### **Filing a Complaint with Local Law Enforcement:**

Individuals have the option to notify or decline to notify law enforcement of their complaint. Individuals may file a complaint directly with local law enforcement agencies by dialing 911. Individuals may contact any of the following for assistance in filing a complaint with local law enforcement:

Campus Safety, 24 hours a day, 365 days a year. Campus Safety can be contacted from a Life University land line phone at Ext. 2911 or from a cell phone at (770) 426-2911 and is located 1085 Barclay Circle.

Life University's Title IX Coordinator, Feaunte Preyear whose office is located in the Executive Building, 1250 Life's Way, Marietta, Georgia 30060. Ms. Preyear may be contacted by phone at (770) 426-2686 or by email at [TitleIX@life.edu](mailto:TitleIX@life.edu).

If the incident occurred in Cobb County, you may also contact the Cobb County Police Department at 770-499-3900.

Reporting the incident to the police does not mean that a complainant must press charges, but it does help assure that the complainant receives assistance in deciding how to proceed. Individuals who make a criminal complaint may also choose to pursue a University complaint simultaneously.

A criminal investigation into the matter does not preclude Life University from conducting its own investigation. However, the University's investigation may be delayed temporarily while the criminal investigators are gathering evidence.

#### **Filing a Complaint with University Administration:**

**Investigation and Adjudication**

The Title IX Coordinator is responsible for overseeing the prompt, fair, and impartial investigation and resolution of complaints filed with the University. The Title IX Coordinator is primarily responsible for coordinating responses to complaints of possible violations of this policy, overseeing the investigation and adjudication of complaints, and coordinating supportive measures and remedies. Investigations will be conducted in a reasonably prompt timeframe, allowing for a fair and impartial yet thorough process.

While the Title IX Coordinator has ultimate oversight responsibility of the prompt, fair, and impartial investigation and resolution of complaints filed with the University, Deputy Title IX Coordinators are also involved with complaints filed under this Policy. There are two Deputy Title IX Coordinators\*:

Andre Clanton, Director of Conflict Resolution and Accountability (770) 426-2700

Rebecca Koch, Director of Service Initiatives. (770) 426-2910

\*The University may appoint additional Deputy Title IX Coordinators, as needed.

Upon receipt of information regarding an allegation of potential sexual harassment or gender-based harassment, the Title IX Coordinator will: promptly and confidentially contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, and to inform the complainant of the availability of supportive measures with or without the filing of a formal complaint and to explain the process for filing a formal complaint.

There is a presumption on behalf of the University that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the adjudication process.

### **Request Not to Pursue a Complaint or for Confidentiality.**

A complainant may determine after filing a complaint that they do not wish to pursue resolution of the complaint through the University, or that they want their identity to remain confidential. The University takes such requests seriously. However, such requests may limit the University's ability to respond to a complaint.

Under some circumstances, however, the Title IX Coordinator may decide to pursue an investigation without the cooperation of the complainant where it would not be deliberately indifferent to do so. Such circumstances might include where the allegations constitute a potential threat to campus safety.

### **Assignment of an Investigator(s).**

Upon the filing of a complaint, the Title IX Coordinator will promptly assign the complaint to trained investigator(s) for investigation. The Title IX Coordinator will share the investigator(s)' name(s) and contact information with the complainant and the respondent and will forward the complaint to the investigator(s).

### **Investigation.**

Upon receipt of the complaint, the investigator will promptly begin their investigation. The investigation may involve conducting interviews with the complainant, the respondent, and third-party witnesses; where applicable, collecting and preserving relevant evidence (in cases of corresponding criminal complaints, this step may be coordinated with law enforcement agencies); reviewing law enforcement investigation documents, if applicable; reviewing student and personnel files; or other appropriate steps taken in an investigation. The investigation will be adequate, reliable, impartial, and prompt and will include the opportunity for both parties to present witnesses and other evidence. The investigation will be conducted by officials who receive regular training on the issues related to sexual harassment, domestic violence, dating violence, sexual assault, stalking and gender-based harassment.

The investigator should obtain, where applicable and where possible, the written consent of any third-party witnesses to the disclosure, as contemplated by this Policy, of any Personally Identifiable Information ("PII") contained in the complaint and/or any other documents the disclosure of which is contemplated by this Policy in order to further the resolution of the complaint. If the investigator is unable to obtain the consent of such third-party witnesses, they will redact to the extent necessary to avoid inappropriate disclosure of such witness's PII, while ensuring that such redaction does not prevent resolution of the complaint.

### **Supportive Measures.**

During the investigation and until resolution of matter, the Title IX Coordinator or Deputy Title IX Coordinator will issue supportive measures including, but not limited to, the following: no-contact or stay away orders between the complainant and respondent, class or housing reassignment or administrative leave, or exclusion from areas of campus, changes to work schedules, altering academic schedules, withdraw from/retake class without penalty, access to academic support (e.g., tutoring), among other measures. Supportive measures provided to either party should not be construed to suggest that any decision has been made about the merits of the case or that there is any presumption of responsibility for the allegations.

### **Report of Investigation.**

At the conclusion of the investigation, the investigator(s) will prepare a written investigative report that includes items such as summaries of all interviews conducted, photographs, and descriptions of relevant evidence, summaries of relevant electronic records, and a detailed report of the events in question (the "Report of Investigation"). Investigators will take into consideration and include both inculpatory and exculpatory evidence.

The Title IX Coordinator or Deputy Title IX Coordinator shall review the Report of Investigation and determine whether there is sufficient information to support charging the respondent with a potential violation of this Policy. The Title IX Coordinator or Deputy Title IX Coordinator, if that individual is not the investigator, may ask further clarifying questions of the complainant, respondent, witnesses, or other parties or may request that the investigators do so to supplement the Report of Investigation. The Title IX Coordinator has the discretion to redact prohibitive or non-relevant information from the Report of Investigation before it is shared with the parties involved.

If a determination is made that the available information will not support a potential policy violation, then the respondent will not be issued the potential violation letter and the complainant and respondent will simultaneously be provided written notice of that determination.

If the Title IX Coordinator or Deputy Title IX Coordinator determines that there is sufficient information to support that a respondent may have committed a violation of this Policy, then the Title IX Coordinator will provide to both the respondent and the complainant a written "Notice of Potential Policy Violation" which will contain summary information supporting the allegation of the potential policy violation(s). The issuance of this document does not mean that the respondent is or will be found responsible for a Policy violation. Instead, it means that the Title IX Coordinator has determined that based upon the information contained within the Report of Investigation, the case warrants further review by a hearing board.

The respondent will only be found in violation if the hearing board determines, by the Clear and Convincing Evidentiary Standard, that the respondent has committed a violation of the Policy. The Title IX Coordinator will also share the Report of Investigation with the parties and their advisors, in electronic format or hard copy, with at least 10 days for the parties to respond prior to any adjudication. Upon receipt of the Report of Investigation, each party may submit written, relevant questions to be asked of any party or witness. These questions will be submitted to the appropriate parties, answers will be provided to the appropriate parties, and limited follow-up questions from each party will be allowed. This provision is allowed whether the matter is resolved formally or informally.

#### **Informal Resolution.**

The University may, in its discretion, offer and facilitate informal resolution options, such as mediation or restorative justice where both parties give voluntary, informed, written consent to attempt informal resolution. An informal resolution will not take place until after the filing of a formal complaint. At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the formal adjudication process with respect to the formal complaint. Informal resolution is never an option where there is an allegation that an employee sexually harassed a student.

#### **Respondent's Acknowledgement of Responsibility Prior to Hearing.**

At any time prior to the date of their hearing, the respondent may elect to acknowledge their actions and take responsibility for the allegations in the Notice of Potential Policy Violation. If a respondent does so, the Title IX Coordinator will determine the appropriate sanction within five (5) business days and send written notification of the sanction imposed to the complainant and respondent.

#### **Hearing Procedure**

##### **Hearing Panel.**

If an investigation supports moving forward with the issuance of the Notice of Potential Policy Violation, the matter will be brought to a hearing. The hearing will be conducted by a Hearing Panel appointed by the Title IX Coordinator consisting of (3) faculty or staff members, adequately trained and free from any bias. A Hearing Chair shall be designated by the Title IX Coordinator out of the three faculty or staff members and will preside over the hearing. The Panel will make a determination as to responsibility by a majority vote.

In the event that the complainant and/or the respondent fail(s) to appear as scheduled, the Chair may choose to conduct or reschedule the hearing. Where the hearing takes place with either party in absentia, the results of the hearing are binding, nonetheless. Both parties, and their advisors, will be provided with all evidence directly related to the allegations, in electronic format or hard copy, with at least 10 days for the parties to inspect, review, and respond to the evidence.

##### **Eligibility.**

In order to be eligible to serve on the Hearing Panel, individuals must meet the following requirements: Faculty must have been employed by Life University for a minimum of one (1) academic year and have taught at least one (1) course within the most recent two (2) academic quarters. Staff must be currently employed and must have been employed by Life University for at least one (1) complete quarter.

It is expected that members of the Hearing Panel will recuse themselves from a particular hearing if there is the likelihood that their objectivity may be compromised.

The parties have the right to object to and/or request that any member of the Hearing Panel to recuse themselves from a hearing for bias. This request will be reviewed, and a decision made by the Title IX Coordinator. The request must be submitted to the Title IX Coordinator in writing at least 72 hours prior to the hearing.

#### **Advisor and Cross-Examination**

The complainant and respondent have the right to confer with an advisor of their choice, without limitations (excluding those persons directly involved in the dispute), throughout the disciplinary process.

Each party's advisor may ask the other party and any witnesses all relevant questions and follow-up questions, including those that challenge credibility and are not prohibited by Rape Shield laws unless asked to prove that someone other than the respondent committed the alleged misconduct or offered to prove consent. Cross-examination must be conducted directly, orally, and in real time by the parties' advisor of choice and never by a party personally. At the request of either party, the University will provide for the hearing (including cross-examination) to occur with the parties located in separate rooms with technology enabling the parties to see and hear each other.

Only relevant cross-examination and other questions may be asked of a party or witness. Before a complainant, respondent, or witness answers a cross-examination or other question, the Chair must first determine whether the question is relevant and explain to the party's advisor asking cross-examination questions any decision to exclude a question as not relevant.

If a party does not have an advisor present, the University will provide, without fee or charge to that party, an advisor of the University's choice to conduct cross-examination on behalf of the party. Law does not require the advisor to be an attorney.

If a party or witness does not submit to cross-examination at the hearing, the Panel must not rely on any statement of that party or witness in reaching a determination regarding responsibility; provided, however, that they cannot draw an inference about the determination regarding responsibility based solely on a party's or witness's absence from the hearing or refusal to answer cross-examination or other questions.

#### **Findings of the Hearing Panel.**

The Chair will submit the written determination as to responsibility with findings of fact, conclusions about whether the alleged conduct occurred, rationale for the result as to each allegation, any disciplinary sanctions imposed on the respondent, and whether remedies will be provided to the complainant to the Title IX Coordinator for simultaneous distribution to the parties. The Title IX Coordinator will include information about how to file an appeal with the distribution.

#### **Potential Remedies for Complainants.**

Effective remedial action taken because of a violation of this Policy may include, but is not limited to, disciplinary action against the respondent, providing counseling for the respondent, and remedies for the complainant and others. Depending on the specific nature of the issue, remedies for the complainant may include, but are not limited to: Providing and enforcing a no contact or stay away order, providing an effective escort to ensure that the complainant can move safely between classes and activities, moving the respondent or complainant to a different residence hall, ensuring the complainant and respondent do not share classes or extracurricular activities, providing services including medical, counseling and academic support services, such as tutoring, and arranging for the complainant to have extra time to complete or re-take a class or withdraw from a class without academic or financial penalty.

#### **Sanctions.**

Sanctions for a finding of responsibility depend upon the nature and gravity of the misconduct, any record of prior discipline for sexual harassment or gender-based harassment, or both. Sanctions may include, but are not limited to, withholding a promotion or pay increase, reassigning employment, terminating employment, temporary suspension without pay, compensation adjustments, expulsion or suspension from the University, disciplinary probation, expulsion from campus housing, mandated counseling, and/or educational sanctions deemed appropriate by the Hearing Panel.

The respondent has the responsibility to comply with all sanctions imposed as the result of a hearing. If an appeal is requested, the sanctions may be stayed and will not take effect until the appeal process has concluded, depending upon the circumstances as decided by the Title IX Coordinator. If no appeal is requested, the sanctions will take effect immediately.

### **Appeals**

The parties have the right to appeal any decision made by the Hearing Panel. Neither respondent nor complainant can appeal an Informal Resolution.

An appeal must be submitted in writing by the requesting party and must be received by the Title IX Coordinator within five (5) business days of the date of notification of the findings of the Hearing Panel. An extension to this deadline may be granted at the sole discretion of the Title IX Coordinator. The Title IX Coordinator shall then refer the appeal to an appellate officer.

A decision on an appeal may not be rendered until the filing deadline has passed. Appellate decisions should be rendered, and proper written notification provided to the Title IX Coordinator no later than ten (10) days after the filing deadline. The Title IX Coordinator shall notify all parties, as appropriate, of the results of the appeal.

**Appellate Officer.** The appellate officer shall be chosen by the Title IX Coordinator from among the trained appellate officers. The parties have the right to object to the assignment of an appellate officer for potential bias.

**Appeal Criteria.** Appeals shall be considered only in the following circumstances:

- Procedural irregularity that affected the outcome of the matter
- Newly discovered evidence that could affect the outcome of the matter
- Title IX personnel had a conflict of interest or bias that affected the outcome of the matter

**Available Actions.** The appellate officer is limited to taking one of the following actions for each party:

- Affirm the finding(s) of fact and sanctions imposed by the Hearing Panel.
- Affirm the finding(s) of fact but modify the sanction(s) imposed.
- Remand the complaint for a new hearing before a new hearing.

Under no circumstances shall the appellate officer supplant the function of the Hearing Panel; the appellate process exists solely to review the procedures used in the proceedings, and not to re-hear a complaint in its entirety.

The decision of the appellate officer is final.

### ***Jeanne Clery Disclosure of Campus Security Police and Campus Crime Statistics Act***

In 1990, the U.S. Congress enacted the Crime Awareness and Campus Security Act (Title II of Public Law 101-542), which amended the higher education Act of 1965 (HEA). This Act requires all post-secondary institutions participating in the Title IV student financial aid programs to disclose campus crime statistics and other security information. 1998 Amendments renamed the law: The Jeanne Clery Disclosure of Campus Security Police and Campus Crime Statistics Act.

In compliance with this act, annual statistics of criminal activity occurring on campus are available on the Life University website. The contents of the Students Right to Know information can be found in the Student Handbook.

We publish and make available the yearly Campus Security Report, which summarizes incidents on campus. The contents of the "Student Right to Know" information pamphlet is available to all students and employees, as well as prospective students from the Campus Safety Department; it is also posted on the University website.

The report lists each type incident and frequency. For incidents of concern that occur between the yearly printings of the report, we post interim information in the student publications on campus and post information flyers throughout the campus that inform the students of the incident. Crime prevention is also accomplished by greeting each new group of students during their orientation each quarter. At this time, the students are told of the importance of reporting all incidents that they are involved in. At this meeting, any current areas of concern are explained to them, and information is given to them on prevention. The Campus Safety Department also highlights any topic of concern on a quarterly basis. All appropriate offenses are referred out to the local municipal police department for assistance, when needed. In all cases, the University administration is notified of the accused offenses. The procedures for institutional sanctions are defined in the Student Handbook.

### **Campus Security Authorities (CSAs)**

The Life University Campus Safety Department is recognized as the official Security and Safety authority on campus. All crimes should be reported directly to the department. The Department of Education in 34CFR Part 668 also defines "campus security authorities" as someone with "significant responsibility for student and campus activities".

Life University further defines the following as "campus security authorities":

VP of Student Affairs	Marc Schneider
Dean of Students	Janna Bredeson
Director of Student Affairs Assessment	Jennifer Stroble
Director of Conflict Resolution and Acc.	Andre Clanton
Title IX Coordinator	FeAunte Preyear
Residence Life Coordinator	Alesha Harrington
Residence Life Coordinator	Devvon Horn
Athletic Director and Team Coaches	
Faculty Advisors to Student Groups	

The following are exempt from reporting and are not defined as "campus security authorities":

- Professional Counselors (Counselors will use best practices as outlined in the APA and ACA Guidelines)

### **Criminal Activity On-Campus**

In the event of an emergency or criminal activity on campus the Campus Safety Department will notify Cobb County 911 and Marietta Police and/or Fire will be responding. Campus Safety will assist these departments in all matters. The Campus Safety Department does not have powers of arrest other than those of citizen's arrest but will assist any Law Enforcement Officer if the situation warrants it. Incident reports will be completed by Campus Safety in conjunction with any Police Report done by the responding agency.

### **Criminal Activity Off-Campus Involving Students**

Life University does not operate off-campus housing or off-campus student organization facilities. City Of Marietta Police and Cobb County Police have primary jurisdiction in all areas off campus. When a Life University student is involved in an off-campus offense, Life University may assist with the information in cooperation with local, state, or federal law enforcement. Local agencies may request a Life University representative be present when dealing with students in areas immediately adjacent to campus.

### **Campus Crime and Arrest Statistics**

*The information below provides context for the crime statistics reported as part of compliance with the Clery Act.*

The statistics in this report are published in accordance with the standards and guidelines used by the FBI Uniform Crime Reporting Handbook and relevant federal law. Life University submits the annual crime statistics published in this report to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website. In addition, a daily crime/fire logs are available for review upon request at Life University Campus Safety Office 108/5 Barclay Circle. The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the college community obtained from the Life University Campus Safety and other Campus Security Authorities. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

A request for statistical information is made by the Campus Safety Manager and Director of Conflict Resolution and Compliance on an annual basis to all non-police officials who include campus security authorities. A designated campus authority includes, but is not limited to university deans, directors, and department heads, residence life staff, and counselors. A request is also sent annually to representative of the Marietta Police Department.

This system includes sprinkler systems or other fire extinguishing systems, fire detection devices, stand-alone smoke alarms, devices that alert one to the presence of a fire, such as horns, bells, or strobe lights; smoke-control and reduction mechanisms; and fire doors and walls that reduce the spread of fire.

**Value of Property Damage:** The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity. This estimate should include contents damaged by fire, and related damages caused by smoke, water, and overhaul; however, it does not include indirect loss, such as business interruption.

**Fire log:**

(1) An institution that maintains on-campus student housing facilities must maintain a written, easily understood fire log that records, by the date that the fire was reported, any fire that occurred in an on-campus student housing facility. This log must include the nature, date, time and general location of each fire.

(2) An institution must make an entry or an addition to an entry to the log within two business days of the receipt of the information.

(3) An institution must make the fire log for the most recent 60 day period open to the public inspection during normal business hours. The institution must make any portion of the log older than 60 days available within two business days of a request for public inspection.

(4) An institution must make an annual report to the campus community on the fires recorded in the fire log.

### **Crime and Fire Log**

The Life University Campus Safety Department maintains a daily Crime and Fire log of offenses and fires reported. The log contains information for the current year and for the 2 previous years. Information that is prohibited by law or that would jeopardize the confidentiality of a victim will not be disclosed on the log. The department will also withhold certain other information if there is clear and convincing evidence it would:

- Jeopardize an on-going criminal investigation or the safety of an individual.
- Cause a suspect to flee or evade detection.
- Result in the destruction of evidence.

Any information that is withheld by the department will be made available immediately once these conditions are no longer applicable.

## **Missing Person Policy**

In accordance with the Higher Education Act, all institutions providing on campus housing must establish a missing student notification policy and procedure for those that reside on campus. Among other things, the student must be given the option to provide confidential contact information for a person to be notified in the event the student is officially reported as missing.

If Campus Safety Officials determine that a student for whom a missing person report has been filed has been missing for more than 24 hours, then within the next 24 hours they must:

- Notify the individual identified by the student to be contacted in this circumstance
- If the student is under 18 years of age, notify a parent or guardian
- In cases where the student is over 18 years of age and has not identified a person to be contacted, notify appropriate law enforcement officials.

Students under the age of 18 must provide parent/guardian contact information.

A notification form will be available and stored at the Office for the Life Village Retreat and the Commons. Should a situation arise that is covered above this form will be accessed and instructions, if any, followed. Any information provided on this form will be confidential and can not be disclosed outside of authorized University Officials with the exception of Law Enforcement Officers in the course of investigating the report of the missing person.

## **Fire Safety**

### ***Student Housing Facility Fire Safety Systems***

Fire alarm systems are monitored 24 hours/day, seven days/week by an off-site monitoring company which notifies Life Campus Safety and Facilities in advent of fire alarm or trouble alarm. Information on specific residential buildings is posted in the chart on following pages. A majority of the college buildings are equipped with automatic fire detection and alarm systems that are constantly monitored by off site monitoring company.

Buildings are equipped with a variety of features that are designed to detect, stop and/or suppress the spread of a fire. A door can be the first line of defense against the spread of smoke or fire from one area to another. Some doors, such as fire doors in corridors or stairwells of residence halls, are designed to stand up to fire longer than those of an individual room. It is important that these doors are closed for them to work. Additionally, if a door has a device that automatically closes the door, it should NOT be propped open. DO NOT obstruct sprinkler heads with materials like clothing hanging from the piping. Smoke detectors cannot do their job if they are disabled or covered by the occupant, which is a violation of college policy.

### ***Reporting a Fire***

Persons reporting a fire are encouraged to call Campus Safety at 770-426-2911 and 911 if safe to do so. If there is a fire in your area and the alarm has not sounded, you should immediately activate a local fire alarm pull station.

### ***Evacuation of Student Housing Facilities in the Event of Fire***

- Remain calm and close the windows in the room.
- Take only clothing that will be needed for the type of weather conditions that exist. Do not try and collect personal items to take with you.
- Turn off any electrical items you made have on at the time, including lights and a stove/oven.
- Stay low if you are going through smoke or toxic fumes.
- Leave by the nearest exit. When a fire alarm is active any door to the building may be used to exit so long as it is safe to do so.
- Do not use elevators. Use only the stairs.
- Never attempt to go back into the building even if the alarm stops sounding. Wait until Life University personnel have cleared the building and given the permission to re-enter.
- In an actual emergency if you are trapped and not able to exit a room or the building, yell for help and call Life University Campus Safety at 770-426-2911 or Campus Extension 2911 using a phone in the building or your cellular phone. Be sure you can give your location in the building as best as you can so an officer can locate and assist you.

## ***Fire Safety Improvements and Upgrades***

Life University Campus Safety Office, Physical Plant, and the Office of Student Affairs, annually review the fire systems in our residence halls and will make upgrades, repairs, or revisions when problems are identified. Life University constantly seeks to improve the quality of our Fire Safety Systems through upgrades and expansion.

## ***Health and Safety Checks***

Life University believes that residence halls should be a clean and safe environment in which to live. In an effort to minimize chances of health problems, fire and/or bodily injury, health and safety checks will be conducted by Residence Life and property management staff to focus on potentially hazardous situations within the residence halls.

## ***Fire Safety: Education and Training***

### ***Fire Drills in Student Housing Facilities***

Fire drills are held once a quarter for each residence hall. Fire drills are a mandatory supervised evacuation of a building for a fire. Fire drills are scheduled with Life University Campus Safety Office and individual residence hall staff.

### ***Fire Safety Training***

All Resident Assistants receive fire safety related training at the start of each school year. Physical Plant employees receive fire safety training as part of their on-going OSHA training.

All residence halls are equipped with fire detection and firefighting equipment. All residents should familiarize themselves with the emergency escape plan for their residence hall.

Throughout the year fire alarm systems will be tested to ensure they are in working order. When an alarm sounds all occupants must vacate the facility for their own safety and so fire fighters may work undisturbed. In the event of an actual fire, the local fire department will notify residents when it is safe to re-enter a building. Students should assume all alarms are actual emergencies and respond accordingly.

### ***Items not Allowed in Residence Halls***

While the Office of Student Affairs reserves the right to make determinations about the appropriateness of items within the residential community, in general, students are prohibited from possessing or using the following items in the residence halls or on the Life University campus unless otherwise authorized:

- Candles, candle warmers, or incense
- Dangerous and/or other flammable chemicals
- Hookahs, E-cigarettes, vapors
- Household items that include but are not limited to: Halogen lamps, sun lamps, space heaters (including Polonis fan type units), hot plates, clothes washers and dryers, external antennas, and water beds

## **Tobacco and Smoke-Free Campus and Workplace Policy**

Life University is committed to taking all practical measures to create a safe and healthy environment. To further this goal, the University has established this policy to promote the well-being and health awareness of employees by reducing the risk of tobacco-related illness in compliance with applicable laws and local codes.

All students, staff, faculty, and visitors are prohibited from smoking and using, selling, free distributing, and advertising tobacco products and electronic smoking devices (ex. e-cigarettes) in all facilities and on all University property, including University-owned vehicles, and in any privately-owned vehicle parked or operated on University property.

# **Emergency Action Plan**

## **INTRODUCTION**

Updated 09/18/2019

Life University (LIFE) is committed to protecting the health and safety of all students, staff, faculty, and visitors at all times. In conjunction with this commitment is the inherent responsibility for preventing or minimizing any danger to life and/or property resulting from the effects of an emergency. When an emergency occurs, an immediate organized response by University personnel will be activated. The Life University Emergency Action Plan (EAP) establishes the framework within which the University will provide this response. Our efforts in this area will only be effective through a cooperative effort by all Life University staff, faculty and students.

The purpose of this EAP is to define procedures for responding to specific types of emergencies on the Life University campus. The central focus of these procedures is the protection and safety of the student body, the faculty and staff of Life University, the general public, and response personnel during emergencies involving the University.

The Life University Campus Safety Department has primary responsibility for providing the initial response to incidents on campus and for notifying appropriate outside authorities. Two individuals have been designated to perform the duties of Primary and Secondary Emergency Coordinators in the event of an emergency.

Both the Primary and Secondary Emergency Coordinators have the authority to commit the necessary services and equipment. In the event of an emergency response involving outside agencies, the acting Emergency Coordinator(s) shall coordinate with the responding incident commander regarding operational and administrative support in the form of information about response, materials or facilities involved, and access to University resources as requested.

The Life University Campus Safety Department respondent's primary purpose is to provide immediate action to prevent injury or damage. The Campus Safety Department will be the center for radio communications involving emergency incidents. All essential information will be communicated to emergency response personnel and designated University personnel.

Disclaimer: This plan is intended as a series of recommendations to assist individuals when responding to emergencies. Because emergencies are varied and unpredictable, sound judgment must be exercised along with the recommendations contained in this guide in order to appropriately respond to any emergency situation.

Warnings regarding emergencies such as hurricanes, tornadoes, other severe weather, terrorism and civil disturbances are received from local and state emergency management agencies, and/or local media. Once in receipt of the information, Life University's Leadership Group will decide on the appropriate response.

Emergencies such as bomb threats, explosions, utility failures, violent crimes, fires, medical emergencies and terrorism should be reported to the Campus Safety Department who will then notify the Leadership Group for a decision on the appropriate response.

Life University will activate the "High Alert" status and notify all personnel on the "High Alert" system depending on the situation.

### **LIFE UNIVERSITY "HIGH ALERT" STATUS**

Life University has created a "High Alert" status to *inform* and *have ready* key personnel in the *anticipation* of any emergency, to rapidly and effectively coordinate essential assets for the purpose of preventing or minimizing the effects of emergencies, and to help protect the wellbeing of the University community. Depending upon the incident, all personnel will be notified via the **LIFE UNIVERSITY EMERGENCY NOTIFICATION SYSTEMS** – p. 5-6. The "High Alert" system is also designed to help facilitate the dissemination of pertinent information, through the Emergency Notification Systems, for the purpose of forewarning the University community and to protect personal life and property.

## **LIFE UNIVERSITY EMERGENCY NOTIFICATION SYSTEMS**

### **How will I be notified of an emergency?**

- SMS Text (Rave Alert)
- ALERTUS Emergency Beacons
- Email (Rave Alert)
- Life University Website Homepage Banner
- Daily LIFE Wires

Life University has adopted the Rave Alert System for primary dissemination of information regarding emergencies.

### **Rave Alert (SMS Text, Email, Social Media)**

- **What is Rave Alert?** Rave Alert is an emergency messaging system that sends SMS text messages directly to your cell phone, as well as additional modes of communication necessary in the event of an emergency. It will NOT be used for routine communications.
- **What does it cost?** The only cost is the amount your cell phone company may charge you to receive a text message – usually just a few cents. However, Life University will ONLY use the Rave Alert system for emergency notifications, NOT routine communications, or announcements.
- **Who else will have access to my cell phone number or email?** No one; the cell phone number or email you provide for your messaging will remain confidential and will NOT be released to anyone else.
- **What if my cell phone number changes?** You must update your cell phone number by going to the "Address and Emergency Notification Information" link on the Life University EAGLENET site. Your number can be removed from the system; however, this is NOT recommended.
- **How will I be alerted if I do not have a cell phone?** Alert notifications will continue to be sent via ALERTUS Emergency Beacons, University email and the Life University website homepage banner. However, text messaging offers contact to the greatest amount of people in the least amount of time.
- **Can my family sign up for Rave Alert?** At this point, Rave Alert is only intended to reach students, faculty, and staff. However, you may choose to enter up to three telephone numbers in the system, which provides designated fields for home, business, and cell numbers.
- **What kinds of messages will I get through Rave Alert?** We will only send you a text message in the event of an emergency. The system is NOT used for routine communications.

If you have any other questions about the Rave Alert system or updating your information, please contact Will Brooks, Communications & Marketing Manager, at 678-331-4342.

### **ALERTUS Emergency Beacons**

ALERTUS Emergency Beacons mounted in prominent locations throughout the campus will flashing lights and sound alarms to capture the attention of building occupants at a distance. Beacons may also display a message indicating that additional information regarding potential emergency conditions has been sent to your phone and/or email via the Blackboard Connect system.

### **WEBSITE**

When an incident occurs, the Life University Communication Department may post updates of the situation via the homepage banner on the Life University website. This information can be viewed at [www.LIFE.edu](http://www.LIFE.edu).

- Vary your routine; use a different route, different times.
- Follow a well-lit pathway or roadway.
- Be aware of your surroundings. Watch for suspicious people or activities.
- Be aware of the locations of all Emergency Call Boxes on campus. Use them if you are concerned or feel your safety is in jeopardy.
- When you enter your vehicle, lock all doors and turn on headlights (at night).
- If you are unfamiliar with a parking lot, drive through it and check it first. If you don't feel safe, go elsewhere and wait for someone else to arrive.
- Have your keys in your hand so that you don't have to search for them when you reach your vehicle.
- When you know that you will be returning to your vehicle late at night, park in a well-lit area.
- Before getting into your vehicle, visually inspect the interior for anything suspicious.

## **EMERGENCY EVACUATION PROCEDURES**

### **What conditions may warrant evacuation of a building?**

Fire, bomb threat, hazardous materials spill, hostile intruder, utility failure, etc. Follow the recommendations disseminated via the Emergency Notification Systems and/or Building Safety Representatives (BSRs).

### **What should I know about the building evacuation plan?**

- **KNOW** the evacuation plan of the building. **CAMPUS EVACUATION MASTER PLAN MAP** – p. 34
- **KNOW** the locations of all exits for the building.
- **KNOW** the locations of emergency equipment (i.e., fire extinguishers, pull stations, emergency telephones, stair chairs etc.)
- **KNOW** your Building Safety Representatives. These faculty/staff members have been trained to assume leadership roles in the event of an emergency.
- **KNOW** the locations of the assembly areas outside the building.
- **ASSIST** with and participate in emergency drills.

### **What should I do if I discover an event or condition that may warrant building evacuations?**

- **NOTIFY** Campus Safety to report the fire/emergency **ONCE YOU HAVE REACHED A SAFE PLACE**.
- **ACTIVATE THE FIRE ALARM SYSTEM ONLY IF** smoke/fire is present by pulling one of the pull stations located along the exit routes, **IF** the alarm is not already sounding.
- **FOLLOW YOUR EVACUATION ROUTE** and evacuate the building through the nearest exit **if the alarm is sounding. DO NOT USE ELEVATORS.**
- **PROCEED** to the pre-determined outdoor assembly area for the building. Building Safety Representatives can assist in directing you to the assembly area location.
- **REMAIN OUTSIDE** in the assembly area until you have been cleared to re-enter by the emergency personnel in charge. **NOTE: The silencing of the fire alarm does NOT indicate clearance for re-entry. WAIT** for verbal instructions from emergency personnel and/or via the Emergency Notification System.

### **What should I do when I hear a fire alarm or get an order to evacuate without an activated alarm?**

- **TURN OFF ALL HAZARDOUS EXPERIMENTS** or procedures before evacuating. **IF SAFE** to do so, take or secure all valuables (wallets, purses, keys, etc.)
- **EVACUATE** the building using the nearest safe exit or stairway. **DO NOT USE ELEVATORS.**
- **NOTIFY** Campus Safety from a safe area and provide your name, location and nature of the emergency.
- **PROCEED** to the pre-determined assembly area of the building and **remain there** until you are cleared to re-enter by the emergency personnel in charge.
- **DO NOT IMPEDE** access of emergency personnel to the area.
- **INFORM** the emergency personnel of the event, conditions and the location of individuals who require assistance and have not been evacuated.

**If you are a Building Safety Representative, or their designee, REMAIN near building entrances (when safe and/or when advised by emergency personnel to do so) and INSTRUCT others not to enter the building until the**

ALL-CLEAR beacon tone sounds and/or notice is given by emergency personnel and/or Building Safety Representatives.

**What should I do to initiate a fire alarm to evacuate a building?**

- **ACTIVATE FIRE ALARM SYSTEM** by pulling pull stations located along exit routes.

**What If the entire University needs to be evacuated?**

The decision to evacuate all or part of the University grounds will rest with the Leadership Group and will be announced via the Emergency Notification Systems. All persons are to immediately vacate the area in question and move to another part of the University grounds, local assembly area or shelter as directed. Emergency personnel are responsible for aiding disabled persons.

**What do I do after I have evacuated a building?**

Stay in the designated assembly area until you have been cleared to re-enter by emergency personnel in charge. If you are a Building Safety Representative, or their designee, remain near building entrances (when safe and/or when advised by emergency personnel to do so) and instruct others not to enter the building until the ALL CLEAR beacon tone sounds and/or notice is given by emergency personnel and/or Building Safety Representatives.

**Will I receive evacuation notices via Rave Alert?**

There are situations where Rave Alert may be used to notify the need to evacuate. If this occurs, follow the instructions in the message and alert others in your area to the evacuation instructions.

## **INDIVIDUALS REQUIRING ASSISTANCE**

**What should I know as an individual requiring assistance?**

It is recommended that individuals requiring assistance prepare for emergencies ahead of time:

- **LEARN** the locations of exit doors and exit stairways.
- **PLAN** an escape route.
- **SHOW** your Building Safety Representative and a co-worker or instructor how to assist you in the event of an emergency.

**What should I do as an individual requiring assistance during a building evacuation?**

- **MOVE TOWARD AN EXIT** and **REQUEST ASSISTANCE**. ***DO NOT USE ELEVATORS.***

**What should I know in order to help individuals requiring assistance?**

- **BE FAMILIAR** with the people requiring assistance who are routinely in your work area.
- **REDUCE THE RISK OF PERSONAL INJURY**: Attempts to lift any immobilized persons are discouraged. ***DO NOT USE ELEVATORS.*** Wherever stairs are part of the evacuation route, the following procedures are to be applied:
  - **BLIND, BUT MOBILE PERSONS**, should first be moved out of the rush of traffic and then promptly assisted to the nearest exit.
  - **DEAF, BUT MOBILE PERSONS**, should be calmly advised and guided to the nearest available exit.
  - **TEMPORARILY IMMOBILIZED PERSONS**, including those wearing casts and/or using canes or crutches, should be given assistance based solely upon their ability to maneuver through doorways and up/downstairs. If they cannot easily move up and down stairs, temporarily immobilized persons must be assisted in the same manner as those who are permanently impaired (see below).
  - **PERMANENTLY IMMOBILIZED PERSONS** are those who have either limited or no use of legs and must rely upon crutches, wheelchairs, or walkers for transport.

**What should I do to help individuals requiring assistance?**

- Along with a partner utilize a Stair Chair located at the top of the Stair Well on the 2 story buildings, and middle floor of the multistory buildings (LVR, SHS, Commons).
- **SUMMON HELP** if you cannot assist the individual on your own.
- **NOTIFY** Campus Safety.

## **SEEKING SHELTER**

**Under what circumstances may I need to seek shelter?**

Hazardous material release, dangerous person/hostile intruder in the area, severe weather that makes travel or being outdoors dangerous, when there is not enough safety to evacuate, etc. Follow the recommendations disseminated via the Emergency Notification Systems and/or Building Safety Representatives.

**What should I know about seeking shelter?**

- The goal is to avoid an immediate emergency by creating barriers between yourself and the threat, while maintaining safety and communications as much as possible.
- In many scenarios, the best room in a building to use for seeking shelter is an interior room with as few windows as possible. The lowest portion of the building should be used during a tornado emergency.

**What should I do to safely seek shelter?**

**In General:**

- **GO** inside as quickly as possible or
- **PROCEED** to an interior room, if already indoors.
- **CLOSE** all doors and windows.
- **LOCK** all windows and close all blinds and shades *if there is time*.
- **LOCK** doors *if possible*.
- **DO NOT** use gas stoves, candles, or other fire sources due to the dangers of carbon monoxide and the risk of creating a fire hazard.
- **USE** phones only for emergencies.

**If the emergency is a hazardous material spill or gas leak:**

- **STAY** low and away from windows.
- **TURN OFF** air conditioners and fans, *if possible*.
- **IMPROVISE** and use what you have on hand to seal gaps so that you create a barrier between yourself and any contamination.
- **MAINTAIN PHONE COMMUNICATION**, so you can receive emergency messages.

**If the emergency is a dangerous person or hostile intruder:**

- See **CRIMINAL OR VIOLENT BEHAVIOR** – p. 29

**If the emergency is severe weather:**

- See **SEVERE WEATHER** – p. 15

## **EARTHQUAKE**

During an earthquake, remain calm and quickly follow the steps outlined below:

- **IF INDOORS**, seek refuge in a doorway, or under a desk or table. Stay away from glass, windows, shelves and heavy equipment.
- **IF OUTDOORS**, move quickly away from buildings, utility poles and other structures.

**WARNING: Always avoid power or utility lines.**

- If **IN AN AUTOMOBILE**, stop in the safest place available, preferably away from power lines and trees. Stop as quickly as safety permits but stay in your vehicle for the shelter it offers.
- **EVALUATE** the situation after the initial shock, and if emergency help is necessary, call Campus Safety at (770) 426-2911. Damaged facilities should be reported to the Campus Safety Department.
- **PROTECT YOURSELF** at all times and **BE PREPARED** for aftershocks.
- **IF** there is a gas leak, refer to **UTILITY FAILURE** – p. 19

## **EXPLOSION**

In the event of an explosion on campus, take the following action:

- **TAKE COVER** immediately under tables, desks and/or other objects that will give protection against falling glass or debris.

- **ASSIST DISABLED PERSONS** in exiting the building. **DO NOT USE ELEVATORS** in case of fire or sudden power outage. **DO NOT PANIC** or create panic in others.
- **MOVE** to the area designated as your building assembly area.
- **KEEP** streets and walkways clear for emergency vehicles and crews.
- **ASSIST** emergency crews as necessary, if requested. A University emergency command post may be set up near the emergency site. Keep clear of the command post unless you have official business.

## **FIRE**

All incidents of fire **MUST** be reported to Campus Safety immediately, whether the response of the Fire Department is required or not. All Department heads, Building Safety Representatives and supervisors will ensure that their employees are aware of the location of fire extinguishers and fire alarm pull boxes in their work area(s). All employees should be made aware of emergency evacuation routes for their work area(s), and locations of fire exits and windows (if applicable). **DO NOT USE ELEVATORS** in the event of a fire.

### **What should I do if I discover a fire?**

- **ACTIVATE THE FIRE ALARM SYSTEM** by pulling one of the pull stations located along exit routes, **IF** the alarm is not already sounding.
- **FOLLOW YOUR EVACUATION ROUTE** and evacuate the building through the nearest exit if the alarm is sounding. **DO NOT USE ELEVATORS.**
- **PROCEED** to the predetermined outdoor assembly areas for the building. The Building Safety Representative can assist in directing you to assembly area locations.
- **NOTIFY** Campus Safety at (770) 426-2911 to report the fire.

### **What do I need to know about portable fire extinguishers?**

- Portable fire extinguishers are installed in every building.
- Familiarize yourself with the locations of the fire extinguishers and receive hands-on training. The Facilities Department will assist departments who request training for fire extinguishers.
- ABC fire extinguishers are used to fight Class "A," "B" and "C" fires:
  - Class A: Fires caused by ordinary combustibles such as wood, paper, or textiles
  - Class B: Fires caused by flammable and combustible liquids such as cooking oil, gasoline and other solvents
  - Class C: Fires caused by electrically energized equipment or appliances
  - Class D: Fires that are commonly found in a Chemical Laboratory that uses combustible metals.

### **When should I use a portable fire extinguisher?**

Attempt to use fire extinguishers **ONLY** if the following apply:

- The fire is small and can be contained safely with a fire extinguisher.
- The exit is clear and there is no imminent peril.
- The proper extinguisher is readily available.

### **How do I use a fire extinguisher?**

To operate the extinguisher, remember the word **P.A.S.S.**

- **P – Pull the pin**
- **A – Aim low**
- **S – Squeeze**
- **S – Sweep**

## **SEVERE WEATHER EMERGENCIES**

When Campus Safety receives severe weather alerts from the National Weather Service and/or appropriate agencies, they will notify the Leadership Group. The Leadership Group will initiate notifications via Rave Alert, email, and the [www.LIFE.edu](http://www.LIFE.edu) website, as necessary.

### **TORNADOES**

#### **What should I know about tornadoes?**

- Georgia has two tornado seasons, one in the spring and one in the fall.
- Land-falling tropical storms and hurricanes also generate tornadoes.
- Tornadoes can last from a few seconds to more than one hour.
- A tornado's path can be from 24 yards to more than one mile.
- The Fujita Scale (F-Scale) is used to measure wind speed, which is derived from actual damage caused by the storm.

#### **What is a *tornado watch*?**

The National Weather Service issues a tornado watch when conditions are favorable for the development of tornadoes.

#### **What should I do during a tornado watch?**

When the National Weather Service issues a tornado watch, the Campus Safety Department will initiate communication to the Leadership Group, who will then inform the community as appropriate.

- Continue normal activities, but have a safety plan in mind, and be ready to implement it if a *warning* is issued.
- The Leadership Group should monitor their phones at all times until the watch is lifted.

**What is a *tornado warning*?** The National Weather Service issues a tornado warning when a tornado has been detected or sighted. The warning will tell you the location and movement of the severe weather along with an estimated time of expiration.

**What should I do during a tornado warning?** When a tornado warning is issued by the National Weather Service for areas affecting campus, the Leadership Group will notify the University community.

#### **What should I do during a tornado emergency?**

- **TAKE COVER:** Instruct students, employees and others in the immediate area to find a wall near the interior of the building, on the lowest level of the building, away from windows and exterior doors. Individuals should curl up in a "ball" or fetal position near the wall, place their hands over their heads and remain in that position until the severe weather passes.
- **IF** outdoors, with no shelter available, lie flat in a nearby ditch and shield your head with your arms. For a **LAST RESORT**, consider using a vehicle as a shelter. **DO NOT** get into the vehicle, but rather crawl under the vehicle and shield your head with your arms.

## **THUNDERSTORMS, LIGHTNING, FLOODING**

### **What should I know about thunderstorms?**

- Thunderstorms are a normal occurrence for Georgia and often develop with little warning.
- These storms are capable of producing large amounts of rain in short periods of time, along with lots of lightning.
- Hazards to prepare for include wind, lightning, and flash flooding.

### **What should I do during a thunderstorm?**

- **SEEK** shelter and avoid driving if the conditions are too dangerous to do so.
- **AVOID** windows.
- **MONITOR** the National Weather service, University website and University communications for severe thunderstorm warnings and/or tornado warnings.

### **What should I know about lightning?**

- Lightning kills more people annually than all other weather hazards combined.
- Lightning strikes usually occur close to the rain area and are negatively charged.
- The most dangerous lightning is the positively charged ground strike that can occur many miles from the rain area.
- If you can hear thunder, you are in danger of being struck by lightning.

### **What should I do when I see lightning?**

- **SEEK SHELTER** in a fully enclosed building or car.
- **STAY AWAY** from doors, windows, and electrical appliances.
- **STAY OFF** the phone.
- **AVOID** water (including showers, baths, and faucets), high ground, open spaces, metal objects and contact with other people, if outdoors.

### **What should I know about outdoor flooding?**

- Flash flooding occurs quickly and often without warning.
- **DO NOT** attempt to drive across flooded areas.
- **STAY AWAY** from downed power lines.

### **What should I know about indoor flooding?**

- If indoor flooding is detected, call Campus Safety immediately at (770) 426-2911.
- Stay out of the water and, **IF SAFE to do so**, unplug all electronics.
- Warn others to stay out of the water as well.

## **HURRICANES AND TROPICAL STORMS**

### **What should I know about hurricanes and tropical storms?**

- Hurricane season begins June 1 and ends November 30.
- When a hurricane warning is issued by the National Weather Service, the Leadership Group may authorize the University to close. Hurricane Warnings and/or closures of the University will be disseminated via the Emergency Notifications System.
- These storms are capable of producing a great deal of rain.
- There is an increased risk of tornado activity during hurricanes/tropical storms.

<b>Tropical Depression</b>	An organized system of thunderstorms with a defined circulation and top-sustained winds of less than 39 MPH
<b>Tropical Storm</b>	An organized system of thunderstorms with a defined circulation and top sustained winds between 39-74 MPH

## **BOMB THREAT**

### **What should I know about bomb threats?**

Bomb threats can be classified into two categories:

- **The Hoax Caller:** These threats are generally intended to create an atmosphere of panic and chaos. Generally, the motive of the caller(s) is to disrupt normal activities and operations at the location where the explosive device is allegedly placed.
- **The Credible Caller:** The caller believes or knows that an explosive device has been or will be placed in the location, and he/she wants to warn of the threat to minimize personal injuries or property damage. The caller may be the person responsible for the device or someone who has become aware of information they believe to be credible.

### **Through what methods can I receive a bomb threat?**

Most of the time, bomb threats occur over the phone; however, threats can also be made via letters, email and suspicious packages.

- **The Phone Threat:** Telephone bomb threats are the most common. If you receive a bomb threat by phone, **DO NOT DISCONNECT THE CALLER.** Keep the caller on the line as long as possible and get as much information as possible. Once the call is finished, report the call and information to Campus Safety.

#### **Information you should attempt to obtain:**

- **When** will the bomb explode?
  - **Where** is the bomb located?
  - **What** kind of bomb is it?
  - **Who** is (are) the targets?
  - **Who** is the caller, and how can he or she be reached?
  - **Why** was the bomb placed?
- **The Letter Threat:** Bomb threats can be received via letter or in another form of writing. If you receive this correspondence, keep all materials and contact Campus Safety immediately at (770) 426-2911. The person opening the letter should handle the document as little as possible.
- **The Email Threat:** Email is becoming a more and more frequent source of harassing communication. Although email is not very private, anyone can create email accounts under fictitious names and use public computers to send threats. A person receiving a bomb threat via email should contact Campus Safety immediately. **DO NOT DELETE THE MESSAGE.**
- **The Suspicious Package, Letter or Other Item:** Any unusual object or strange vehicle should be immediately reported to Campus Safety (See **SUSPICIOUS PACKAGES AND LETTERS** – p. 24).

**What do I do if I receive a bomb threat?**

- **KEEP CALM AND KEEP THE CALLER ON THE LINE** as long as possible.
- **ASK** the caller to repeat the message.
- **RECORD** as much of the spoken words made by the person making the call as possible.
- **ASK** the caller for the exact location and time of possible detonation.
- **PAY PARTICULAR ATTENTION** to any noises, such as motors running, background music, etc. which might give even a remote clue as to the place from which the call is being made.
- **LISTEN** closely to the voice (male or female), quality of the voice (calm or excited), accents and speech impediments.
- **DO NOT HANG UP THE PHONE UNTIL THE CALLER HAS DISCONNECTED.**
- **NOTIFY** Campus Safety at (770) 426-2911 immediately after the call has been completed, giving as much information as possible.
- **FOLLOW** instructions given by Campus Safety or as directed by the Emergency Notification System (ENS).

### **Characteristics of Suspicious packages**

Mail and package delivery to each department should be screened for suspicious letters and/or packages. Some common features of threat letters/packages include the following:

**NOTE:** The presence of one or more of these elements does **NOT** necessarily mean that the package is suspicious. Evaluation must depend upon the judgment of the individual screening the mail.

### **Potential Elements of Suspicion:**

- **KEEP** others away from the area.

### **Letter or Package Claiming Contamination:**

If you open a letter/package with information that claims to have contaminated you, but there is no substance seen or felt in the envelope or on the letter, chances are that you have not been contaminated.

- IMMEDIATELY LEAVE THE ROOM and WASH affected areas with soap and water.
- REMOVE any clothing with the substance on it and place the contaminated clothing in a plastic bag.
- WASH affected areas with soap and water AGAIN after securing contaminated clothing/articles.
- NOTIFY Campus Safety at (770) 426-2911 to report the incident and all steps taken up to that point.

#### **The Risk will be Evaluated and Further Measures Taken If Necessary**

The Campus Safety Department and the Marietta Fire Department can evaluate the risk to those in the room at the time of potential exposure, as well as any impact on the remainder of the building. Based upon the risk assessment, further emergency measures may be implemented as necessary. If the risk is found to be minimal, other areas of the facility will not be disrupted, and any actions necessary to return the area to normal activity will begin as soon as possible.

**If you have questions, contact Campus Safety at (770) 426-2911**

## **ARMED ASSAILANTS AND SHOOTING INCIDENTS**

If the situation should arise that someone has entered the University area and brandished or fired a weapon, the following list of actions is recommended. Please note that these situations are highly unpredictable and that the following recommendations are based on past experiences with shooting incidents on University campuses. Alternative responses may be necessary, depending on the situation.

**NOTE: FIREARMS ARE NOT ALLOWED ON CAMPUS.** More information on Life University's Weapons policy is available at <https://www.life.edu/campus-life-pages/campus-safety/general-safety-information/>.

If you witness an armed assailant or shooting on campus, the Avoid | Deny | Defend response is recommended:

**AVOID** starts with your state of mind.

- Pay attention to your surroundings.
- Have an exit plan.
- Move away from the source of the threat as quickly as possible.
- The more distance and barriers between you and the threat, the better.

**DENY** when getting away is difficult or maybe even impossible.

- Keep distance between you and the source.
- Create barriers to prevent or slow down a threat from getting to you.
- Turn the lights off.
- Remain hidden and quiet. Hide behind large objects and silence your phone.
- Use door locks if available

**DEFEND** because you have the right to protect yourself.

- If you cannot Avoid or Deny, be prepared to defend yourself.
- Be aggressive and committed to your actions.
- Do not fight fairly. THIS IS ABOUT SURVIVAL.

More information on the Avoid | Deny | Defend response to an active shooter scenario, including an instructional video, can be found on their website by clicking [here](#).

Contact Campus Safety and 911 as soon as you are in a safe area. If you cannot talk for fear of revealing yourself to an assailant, then use the Live Safe App text feature. Make sure to turn your notification alert off and to turn the ring tones on your phone off too.

## **CRIMINAL OR VIOLENT BEHAVIOR**

Life University is only as safe as the University Community allows it to be. Everyone is asked to assist in making the University safe by being alert to suspicious situations and promptly reporting them.

**What should I do if I observe or am a victim of a criminal act or violent behavior, or if I observe suspicious activity or person(s)?**

- **BE PREPARED** to answer police and/or other emergency personnel on the phone.

## **SEXUAL VIOLENCE (Sexual Assault)**

### **What should I know about sexual violence/assault?**

Sexual Violence (Sexual Assault) is a crime prohibited by federal and state law and the Life University Sexual Misconduct and Gender-Based Harassment Policy. The trauma of sexual violence can affect every aspect of a person's life: physical, emotional, mental, spiritual, and personal. Sexual violence is never the fault of the victim. Sexual violence is usually not perpetrated by a stranger; most victims of sexual violence know their attacker. Life University is committed to the prevention of and appropriate responses to sexual violence. If you have been a victim of sexual violence, there are a number of options available to you.

### **What should I do if I am a victim of sexual assault?**

#### **IMMEDIATE ACTION:**

- **CALL 911** for immediate assistance, especially if you are in an unsafe situation.
- **CONTACT** Campus Safety at (770) 426-2911.
- **REMAIN CALM** to avoid destroying or contaminating any available evidence. It is best not to bathe, shower, brush your teeth, urinate, defecate, douche, or change clothing or bedding where evidence may be found. Clothing should be kept as evidence.

If you choose not to contact the police, it is still important to take care of yourself. You may consider making an appointment with a physician or the hospital to be screened for sexually transmitted diseases and pregnancy.

### **What should I do if I am assisting a victim of a sexual assault?**

As with all protocols, this is for your reference should you be the first Life University contact person to communicate with the victim. Refer to these guidelines as necessary when talking to the victim so they are aware of all available options:

- **ASCERTAIN** whether or not the victim needs immediate medical assistance. If so, **CONTACT 911 IMMEDIATELY.**
- **CONTACT** Campus Safety after calling 911 at (770) 426-2911.
- **LISTEN.** Allow the individual to share details if they are comfortable.
- **CALL** one of the below resources who can provide emotional support. Note it is a natural trauma response to behave in seemingly odd ways as means of coping. (These can include shock, passivity, anger, sadness, flat affect, etc.)
- **BE SUPPORTIVE** and allow the individual to act as they deem appropriate. **The last thing you should do at this time is exert control over the person.**
- **REMEMBER** the person has most likely experienced a trauma.
- Federal law requires that all crimes committed on the University campus be reported to Campus Safety (Clery Act of 1990). Campus Safety will:

- Provide a police report and assistance as needed

- Call the Student Success Center, if appropriate
- Notify proper authorities as appropriate

**If an individual (adult only) chooses to not take any action:**

## **AIRCRAFT CRASH**

The airspace over Life University is routinely filled with air traffic. The University is in the direct flight path of Dobbins Air Base. A wide variety of military aircraft operate from this base. Explosion and fire, as well as falling debris resulting from an aircraft crash, pose a serious risk to individuals on the ground.

### **If you witness an aircraft crash:**

- **CONTACT** Campus Safety at (770) 426-2911.
- **MOVE AWAY** from the crash site and seek shelter in a safe location. If it is not possible to move immediately, **DROP, COVER AND HOLD** to protect yourself against blast damage.
- **IF** you are inside, and the building is not damaged, **REMAIN INSIDE** and stay away from windows. Faculty should try to keep their classes together as a unit.
- **REFER** to **EMERGENCY EVACUATION PROCEDURES** -- pages 9-10.
- **PROVIDE** care for the injured if you are trained in first aid, **PROVIDED IT IS SAFE TO BE IN THE AREA.**
- Untrained Individuals should **NOT** enter the crash site. A well-intentioned, but untrained and ill-equipped person who enters the crash site risks serious injury.
