VITALATLANTA GRAND OPENING EVENT – THURSDAY, OCTOBER 13
Innovative healthcare collective combines birth center, chiropractic,
functional neurology, psychotherapy, naturopathy and more to create whole-
health wellness center in Midtown Atlanta

Marietta, Georgia, September 21, 2016 – VitalAtlanta, the unique collective of Life University Health Systems, Atlanta Birth Center, Shanna Jackson Psychotherapy and Counseling, and Intonu Wellness Naturopathic Medicine, will open its doors to the public, invited guests, community leaders and press on Thursday, October 13 at their Grand Opening event. From 3:00-6:00 p.m., the general public will have the chance to tour the state-of-the-art Midtown Atlanta facility before the main program begins at 6:00 p.m. Speakers will include Life University President Dr. Guy Riekeman, as well as leadership from VitalAtlanta and local community leaders during the one-hour main program.

VitalAtlanta's family-oriented offices cater to whole health from birth to 100, offering midwifery care, chiropractic care, psychotherapy, naturopathy and more to create a groundbreaking whole-health wellness center in the heart of the city of Atlanta. VitalAtlanta will be a space where people can go for a myriad of whole-health services in all phases of life, from infancy and childhood to adulthood and beyond.

There is no facility in the world that provides all the services that will be provided by the combined offerings of VitalAtlanta. The mission of the VitalAtlanta collective is to help people from birth throughout life move from a treatment model to a model focused on optimal expression of one's health potential. A main tenant of this mission is a respect for the body's innate intelligence that from birth, without interference, can realize its full potential for a lifetime.

About the Collective:

Life University Health Systems – Midtown Atlanta

The leader in vitalistic health care, Life University Health Systems offers chiropractic care, functional neurology, vitalistic nutrition, functional kinesiology and positive psychology.
