Adding a Life University Ricoh printer to a Mac device

(edited on 07.22.19)

- Note: This guide was created on a MacBook Pro running MacOS 10.14.4. Chrome was used as the web browser when creating these instructions.
- Determine the model and name of the Ricoh device you would like to connect to.

Navigate to https://www.ricoh-usa.com/en/support-and-download

• Enter the model name in the **Search for downloads** search field, then click the **Search** (Looking Glass) icon.

• Select the name of the model (hyperlink).

• Select I Agree

• Select the Mac OS X drop-down menu

	Software License Agreement	
Introduction	English	
• License		
	SOFTWARE LICENSE AGREEMENT	
	IMPORTANT NOTICE: PLEASE READ THIS AGREEMENT (the	
	SOFTWARE (the "Software").	
Summary	This Agreement is a legal agreement between you ("Licensee" or "you") and us and/or our "Affiliates" (as defined below) (collectively, "Licensor"). Licensor is willing to license the Software, which includes the associated media, and printed or electronic documentation, if any ("Documentation"), only upon the condition that you accept all of the terms contained in this Agreement. For the purposes of this Agreement, "Affiliate" means any entity that, from time to time during the term of this Agreement, Controls, is Controlled by, or is under common Control with us. "Control" means the power, whether directly or indirectly (by ownership of stock, share capital, the possession of voting power, contract or otherwise) to appoint and/or remove the majority of the members of the governing body of Licensor or otherwise evertise control over Licensor's affairs and Print Save Go Back Continue	

• Select Agree

• Select Install
