

Graduation Petition

Congratulations on your pending graduation! As part of the process for graduation you must submit this petition request and complete an official review of your academic record.

Deadlines for petitioning to graduate, which includes an Academic Record Review, are published in the current Academic Quarterly.

It is recommended you meet with an advisor to confirm that you will satisfy all graduation requirements for your program of study before you petition for graduation. Before completing the petition, please refer to the graduation section of the current Life University catalog for graduation requirements. The mailing of diplomas takes 12 weeks after your degree has been conferred.
