Student Council Campaign Suggestions

Objective:
Your objective as a candidate should be to meet as many of your fellow students as possible. You will want them to be familiar with your name, face, background, and ideas.

Actions:
1. Get to know the Student Council and its activities, strengths, and weaknesses. Have meaningful conversations with your fellow students so they know what you are talking about.
2. Getting more than the required number of signatures on your petition is a good way to get fellow students to feel that they have a stake in your candidacy.
3. Understand the on-line voting procedures and Blackboard. This will make students who may be unfamiliar with the system more comfortable with voting.
4. Make personal contact with as many students as possible.

Unfair campaign practices shall consist of but are not limited to the following and may be subject to disciplinary action:
1. Making false or derogatory statements about any other candidates.
2. Destroying or defacing another candidate’s campaign posters or other campaign materials.
3. Using physical force for any purpose at any time during the campaign period.
4. Voting fraudulently or soliciting fraudulent voting.
5. Soliciting votes or placing campaign material in the designated voting areas. Candidates are not permitted to campaign in the voting area during the voting period.
