- 29. Student Intellectual Property Policy
 An addendum to the student handbook has recently gone into effect regarding Student Intellectual Property
 Rights. This addendum can be found on the Life University website on the following page:
 www.life.edu/student handbook

30.ACADEMIC POLICY CHANGE- Satisfactory Academic Progress COC and CUS Life University strives to keep you updated when policies need to be revised. Recently the Federal government revised legislation surrounding the eligibility requirements related to Satisfactory of Academic Progress. In response to the new federal law Life University is amending its Satisfactory Academic Progress Policy. This policy change will enable the University to identify those students who are at risk academically and develop an intervention strategy to meet and/or exceed the minimum academic standards. Meeting or exceeding the minimum academic standards will enable students to maintain eligibility for federal financial aid, if necessary.

This Academic policy is intended to provide at risk students with an opportunity to receive early assistance in meeting Life University's academic standards and does not coincide with the SAP policy for Financial Aid. While this policy will be effective July 1, 2011, the beginning of Summer Quarter, any student who is at or below a cumulative 2.0 Grade point average and/or is at or below a 67% course completion rate should contact their advisor immediately for assistance in developing an academic success plan.

If you have questions regarding this new policy you may contact the Dean of the college in which you are enrolled, Tameka Glass, the Director of the Student Advocacy Center, or Dr. Marc Schneider, the Executive Director of Student Services.

If you have questions about the changes in the SAP policy for Financial Aid purposes only, you can contact Melissa Waters, the Director of Financial Aid or Kay Freeland, the Director of Student Administrative Services.

Satisfactory Academic Progress

College of Chiropractic(COC) - Effective 7/1/2011

Satisfactory Academic Progress (SAP) – All students will remain in good standing by achieving Satisfactory Academic Progress, which is defined as maintaining a cumulative GPA at or above 2.0 on a 4.0 scale and completing 67% or more of their attempted classes. **

SAP Policy - All students with less than 2.0 cumulative GPA and/or less than 67% course completion rate will be evaluated quarterly to determine eligibility for continued registration and placed on Academic Probation.

Students will be evaluated on their academic performance for their last quarter of attendance. Students who did not achieve a 2.0 cumulative GPA and/or at least a 67% course completion rate will be placed on an academic performance contract. This academic performance contract will be evaluated at the end of each quarter and will include an academic plan to

achieve a 2.0 cumulative GPA and at least 67% course completion rate within four quarters of the initiation of this academic plan. Students are expected to achieve the calculated quarterly GPA and complete all courses in which they are registered in order to continue working towards SAP. Students may remain on Academic Contract as long as it is possible to achieve SAP within four quarters of the initiation of the Academic Plan.

Students who did not fulfill the terms of an academic performance contract may be dismissed from the College of Chiropractic (COC) with an opportunity to appeal the outcome. Students who can demonstrate an extenuating circumstance with appropriate documentation may be granted an additional quarter on an academic performance contract if it is mathematically possible for them to achieve cumulative 2.0 GPA and/or 67% course completion rate within the next quarter at the discretion of the Dean of Instruction, COC or their designee. Extenuating circumstances with supporting documentation include;

- 1. Severe illness, medical condition or injury
- 2. Death/Illness of immediate family member
- 3. Military Deployment/Call to active duty
- 4. Traumatic life-altering event
- 5. Divorce

Required Documents – must include dates:

- 1. Statement from Doctor on letterhead and signed by physician
- 2. Hospitalization records including time frame of illness or dates of doctors visits
- 3. Death Certificate or obituary
- 4. Deployment Records
- 5. Evidence of Event

In addition to provide the above required documentation, please submit a letter outlining the following items:

- 1. Describe in detail the circumstance of your illness, injury, death of a family member, military deployment, or other life-altering event and how your performance was affected.
- 2. Describe how the documentation you are attaching supports your appeal
- 3. Describe in detail what steps you have taken to resolve the circumstances. If the appeal is granted or an additional quarter of contract is granted, the student will return to the COC under the same conditions as they left. In the event the student does not successfully complete the contract after the appeal or additional quarter's contract, no further opportunities for appeal will be granted.

Students who were placed on contract due to low GPA or course completion rate who have passed all classes, have no unresolved failed classes and have achieved cumulative 2.0 GPA and 67% course completion rate will return to "good academic standing". If their academic progress returns to unsatisfactory levels once again; further enrollment in the COC will be at the discretion of the Dean of Instruction, COC or their designee.

- * This policy may be different for some currently or previously enrolled students. See Academic Qtrly.124 / Academic Policies and Information
- ** Academic eligibility is separate and distinct from Federal Financial Aid Eligibility. Please refer to the Financial Aid web site or see your Advisor / Financial Aid Counselor for details and/or questions.

Multiple Failure Policy* (May be linked to or independent of SAP policy) Students who have failed a required course(s) two or more times will be placed on an Academic Performance Contract with a maximum of 12 to 15 credit hours. The contract may require the student to audit or retake previously passed prerequisite courses and pass the examinations, prior to retaking a failed course, if deemed necessary.

Students who did not fulfill the terms of an academic performance contract due to two or more failures of the same required course(s) will be subject to the identical process as all other students on performance contracts.

Dropping Courses and/or Programmatic Withdrawal while on an Academic Performance Contract

Dropping Courses and/or withdrawing from the Doctor of Chiropractic Program without permission from the Dean of Instruction, COC or their designee is a violation of the terms of an Academic Performance Contract and will result in dismissal from the Program. The student who wishes to drop a course(s) and/or withdraw from Doctor of Chiropractic Program while on academic probation / academic performance contract must provide documentation of an extenuating circumstance to the Dean of Instruction, COC or their designee and obtain permission to alter their registration and/or their academic performance contract. If the withdrawal is deemed acceptable the student may return to the program the next quarter with the same probation/contract status.

Academic Dismissal (AD)*

Students who fail to complete the provisions of their current academic performance contract will be dismissed from the Doctor of Chiropractic Program

Appeal of Academic Dismissal

Any student who has been dismissed from the COC may appeal their dismissal to the COC Dismissal Appeals Committee. The appeal must be based upon one or both of the following requirements;

- 1. New information not previously considered
- 2. Failure to follow published process

Reinstatement Policy:

Students who have been academically dismissed from the College of Chiropractic as a result of failure to meet satisfactory academic progress criteria and have exhausted their appeals, may apply for reinstatement into the Doctor Chiropractic Program.

Condition of this acceptance is provisional and will be under terms of an academic contract. Failure to meet terms of the academic contract will result in immediate dismissal.

Policy: Students who have been academically dismissed from the College of Chiropractic as a result of the Satisfactory Academic Process criteria (Winter 2006) and Dismissal Appeal Process may apply for reentry into the Doctor Chiropractic program after one academic year and pending satisfactory completion of a minimum of 20 semester credits /30 quarter credits of upper level (and/or graduate – level) biological or natural sciences with/ without lab from an accredited University or an equivalent to be determined by the COC Admissions Committee and or Dean.

Procedure: Upon exhausting the Dismissal Appeal process students may:

- 1. Apply to and complete required credits from an accredited university.
- 2. If credits are obtained in either the undergraduate or graduate program at Life University the student must meet and fulfill all existing academic policies of the respective program.
- 3. While engaged in non DCP studies at Life University the student may participate in all activities of the university and chiropractic program except those activities/seminars etc that involve the instruction of chiropractic technique or application of practice.
- 4. Upon successful completion of the required credits the student may reapply for the Doctor of Chiropractic program. If all current prerequisite criteria for the DC program have been met, including maintaining a "B" average throughout the 20/30 credits hours of study the student WILL be reaccepted into the DCP as a new student.
- 5. The reapplication will be reviewed by the Life University COC Admissions Committee. Their charge will be to determine if the required coursework has been successfully completed.

- 6. Reacceptance into the program will entail the student beginning studies at first credit/first quarter and no credit or consideration will be provided for courses previously completed with in the DCP.
- 7. Condition of reacceptance will be under terms of academic contract. Failure to meet terms of contract will result in immediate termination.
- 8. Reentry into the DCP will be according to the SAP that is in effect at the time of reentry.
- 9. All policy and regulations that relate to financial aid eligibility will be in force and reentry does not entail, or entitle, the student to additional considerations regarding financial aid.

Please contact the Dean of Instruction of the College of Chiropractic with any questions or concerns regarding this policy.

Satisfactory Academic Progress College of Undergraduate Studies (CUS)- Effective 7/1/2011

Satisfactory Academic Progress (SAP) – All students will remain in good standing by achieving Satisfactory Academic Progress, which is defined as maintaining a cumulative GPA at or above 2.0 on a 4.0 scale and completing 67% or more of their attempted classes.

Life University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097: Telephone number 404-679-4501) to award the Doctor of Chiropractic, Master of Science, Bachelor of Science and Associate of Science degrees.

"The Doctor of Chiropractic degree program of Life University's College of Chiropractic is accredited by the Commission on Accreditation of the Council on Chiropractic Education, 8049 North 85th Way, Scottsdale, AZ 85258-4321. Tel: 480-443-8877." Any questions or complaints regarding Life University's compliance with CCE's accrediting criteria should be addressed, telephoned and/or faxed as above.

The Core Life Proficiencies

In conjunction with providing health care degree programs, Life University is committed to delivering an education designed around a set of core proficiencies that advance personal integrity and provide the foundation for professional success, social contribution and cultural change. These proficiencies distinguish a Life University education.

Belief Systems and Performance

Life University will expose its students to a range of contemporary intellectual approaches and technologies that will help them reach higher levels of performance and success. Students will learn criteria by which to judge the usefulness of certain technologies and their applicability to their learning styles.

Communication and Relationship Theory/Skills

An ability to communicate effectively and the capacity for building relationships with others are critical factors in personal, business and life success. These skills can be developed. Life University will challenge its students to develop and utilize the skills of effective listening, empathy, interpersonal skills and public speaking to create clear communications and foster meaningful professional relationships with members of the public, patients, colleagues and key opinion leaders.

Contemporary Scientific Paradigms

For thousands of years and especially since Sir Isaac Newton, humankind's scientific understanding of the functioning of the universe has been based largely on a mechanistic model. Contemporary quantum physics opens the door to a much more vitalistic understanding of human dynamics. Life University will expose our students to the implications of these models especially as they apply to research in health care.

Integrative Change

Because change is one of the few constants in today's professional environments, an educated person must learn how to evaluate, plan for and effectively use the element of change to impact controlled differences in the world. Life University will expose students to tested theories and concepts and help them evaluate their usefulness. Students will also learn how people integrate and accept new philosophies and skills for communicating new concepts of health care.

Integrity and Citizenship

Integrity provides the underpinning for the responsible exercise of our rights and responsibilities as human beings. Integrity leads to empowerment and excellence, while a lack of integrity results in mediocrity. Life University teaches students how to manage personal integrity and function as valued citizens within the academic, health care and larger communities.

Leadership and Entrepreneurship

Extensive research available today outlines the hallmarks of effective leadership. Life University draws on this body of knowledge and teaches students how to apply it in an entrepreneurial setting to build a successful business or organization.

Learning Theory/Critical Thinking

Life University engages students in critical thinking by teaching them how to gather meaningful data, synthesize new information with existing knowledge, think independently and search for practical application of their knowledge in professional practice and daily life. We exhort our students to not only learn skills, but to become innovators who contribute positively to their communities.

Philosophy of Human Existence and Health Care Policy

Health care systems evolve from health care philosophies. Although our most institutionalized systems today revolve around a mechanistic view of health, Life University sees value in a vitalistic view of human function. With a growing body of evidence to support vitalistic concepts in the health care milieu, Life University will help spearhead changes that will revolutionize our nation's approach to health care. Our faculty will clearly identify these key issues for students and teach them how to evaluate new information and direct professional dialogues that will lead to new health care policy.

LIFE UNIVERSITY HONOR CODE

All members of the Life University community are entrusted with the responsibility of upholding ethical goals and values. Essential to the fundamental purpose of Life University is a personal commitment to the principles of citizenship and integrity.

Integrity provides the underpinning for the responsible exercise of our rights and responsibilities as civil human beings within our community. Integrity leads to empowerment and excellence, while a lack of integrity results in mediocrity. Life University teaches students how to achieve and maintain personal integrity and function as valued citizens within the academic, health care and larger communities.

As individuals and members of the Life University community, we commit ourselves to act with civility, honesty, and responsibility, and above all, with integrity and honor. We are accountable for all that we say, write and do. We are responsible for the academic integrity of our work. We pledge that we will not misrepresent our work, nor give or receive unauthorized aid. We commit ourselves to behave in a manner which demonstrates concern for the personal dignity, rights and freedoms of all members of the community. We are respectful of Life University property and the property of others. We will not tolerate a lack of respect for these values by anyone.

"INTEGRITY; CARRY IT WITH YOU"

GENERAL INFORMATION

Police and Public Safety Departments

Life University maintains a Police and Public Safety Department consisting of sworn and non-sworn officers who monitor activities on campus 24 hours per day. Our highly motivated, qualified and well-trained officers enforce local, state and federal laws, while also proactively addressing crime prevention and other quality of life issues. All of our police officers are licensed law enforcement officers with the power to enforce all state of Georgia laws and to make arrests.

We require all students, faculty and staff to wear University identification on campus and to register their vehicle and display a parking sticker or other authorized parking pass. Visitors to campus must register with the Public Safety Department to obtain temporary identification and a parking pass.

We enjoy a beautiful and secure campus. Still, we remain highly vigilant in patrolling the campus and educating students and staff about the importance of crime prevention and personal protection. The Student Services staff also educates students on such issues as responsible alcohol use for those over the age of 21 and self-protection against crimes such as date rape.

Perhaps most importantly, we nurture a culture of integrity and self-responsibility throughout the academic experience, in extracurricular activities and through Life's <u>Eight Core Proficiencies</u> woven throughout each student's academic program. Highlighting issues such as personal integrity and professionalism, we promote high standards of behavior and exhort students to live up to them.

Jeanne Clery Disclosure Act

In 1990, the U.S. Congress enacted the Crime Awareness and Campus Security Act (Title II of Public Law 101-542), which amended the higher education Act of 1965(HEA). This Act requires all post-secondary institutions participating in the Title IV student financial aid programs to disclose campus crime statistics and other security information. 1998 Amendments renamed the law: The Jeanne Clery Disclosure of Campus Security Police and Campus Crime Statistics Act.

Students Right to Know and Annual Police Report

Procedure for reporting criminal actions and other emergencies on campus (Student's right to know) Life University maintains a staffed Police Department. This department monitors activities on campus 24hours a day. Students and employees with concern over criminal actions on campus can **contact the Police Department at (770) 426-2911**. The department representative will initiate an Incident Report. We openly solicit the observations and concerns of our students, staff and all visitors when suspicious or criminal activity is observed on campus. We believe that with greater awareness we can help each person be better prepared to protect his or herself from crime. We also work closely with local law enforcement agencies to obtain and monitor criminal reports made to them. Life University also monitors reports for violations of law that are based on prejudices of race, religion, sex and ethnicity. It is the policy of the Police Department to actively investigate all complaints and violations of state laws committed on our campus and to cooperate with all law enforcement agencies and courts. This may require the department to notify the office of Student Affairs of violations of law, which also violate university policy or codes of conduct.

Driving On Campus

The speed limit on campus is 10 MPH and will be strictly enforced. It is a violation to commit the following acts while on campus: Failure to yield at a yield sign; failing to yield to pedestrians; speeding over 10 MPH; weaving in and out of driving lanes; and driving against the established flow of traffic and committing reckless conduct with a vehicle. Fines for moving violations are \$35.00 and will increase with each subsequent occurrence regardless of the quarter in which they are issued. Multiple violations will lead to a suspension of driving privileges on campus and could lead to expulsion from Life University. All students and employees driving on campus are required to have a valid driver's license and valid proof of insurance coverage in their possession.

Registration of Vehicles

All vehicles on Life University property are required to be registered and display a parking decal or temporary pass in accordance with listed guidelines. The decals or permits can be obtained at the Public Safety Department office located at 1085 Barclay Circle, Monday through Friday between 8:00 a.m. and 4:00 p.m., excluding holidays and other school closing days.

Life University provides parking for student and employee vehicles that display a valid parking decal, hang tag, or pass, which must be affixed as prescribed. Valid parking passes must be affixed on the lower left side of the rear window on the outside of the vehicle, or on the stationary portion of the fork on motorcycles. Valid temporary decals must be displayed on the dashboard of the vehicle with identification information being clearly visible to the outside. Convertibles or cars with louvers may place the decal on the outside of either the left rear side window or on the front windshield.

One (1) parking pass is issued per student/employee. Registering a vehicle after signing a waiver exempting the parking fee, or failing to remove decals from a car after signing an exemption form will result in a fine of \$100.00. In some cases, a special designation/marking (i.e. - car pools, student council officers, student ambassadors, and medical waivers) may be issued to authorized persons. Only one (1) special designation/marker will be issued for each authorized person. The

Information Technology and International Student Services

type of designation will be determined by the Public Safety Department. The following information is required:

- 1. Valid Driver's License and Student ID
- 2. Valid Vehicle Registration
- 3. Valid Vehicle Insurance

Parking & Decals

Students and Employees must park only in areas designated for student parking as indicated below, and must have valid decals. Failure to comply will result in fines.

Parking Lots are designated as follows:

Faculty and Staff must have a WHITE decal, and must park in WHITE lots or the OVERFLOW parking lot.

Village Residents must have a RED decal, and must park in their assigned reserved space in the parking deck only.

Commons Residents must have an ORANGE decal, and must park in the reserved spaces in the COMMONS parking lot only.

Students not residing in the Village Retreat or Commons must have a GREEN decal, and must park in the GREEN designated lots, or non-reserved RED or ORANGE parking lots.

Patients, Faculty/Staff and Students parking at the C-HOP parking lot must park in the designated spaces within the lot.

The OVERFLOW Parking Lot is located across the street from the Public Safety Department (1085 Barclay Circle). The lot is open to students, faculty/staff and visitors.

Handicapped Parking

Life University honors valid handicap placards and plates from all states. It is our policy to ticket and impound vehicles occupying handicap parking spaces without displaying the proper placard or plate. The fine is \$100.00. Life University adheres to the requirements for handicap parking set forth in the Georgia Code Section 40-6-222. So that they can access the number of spaces needed, and to validate those placards and plates in use, it is a requirement that the users of handicap parking register with the Public Safety Department headquarters. The student must also obtain the proper color decal, which must be affixed to the vehicle in accordance with the guidelines. The valid state issued decal/placard/plate must be registered with the Public Safety Department.

Note: The decal/placard/plate is issued to the person and not the vehicle; therefore, the person using the decal/placard/plate must be the same person who was authorized its use by the issuing state.

Parking & Decal Violations and Fines

Parking in an unauthorized lot, non-designated area, or any decal violation shall result in a three-step process: Warning, Ticket, Tow, which have no appeal process:

Illegal Parking - \$35.00

Parking in Handicap Parking Space - State Imposed Fine

Parking in Unmarked or Unauthorized Area - \$35.00

No Decal - \$35.00

Expired Decal - \$35.00

Improper Display of Decal - \$25.00

Altered/Forged/Stolen Decal - \$50.00

Moving Violations and Fines

All Life University Public Safety Department employees can write and issue tickets for moving violations on University forms, but only the police officers can write and issue citations for State of Georgia violations. The University tickets will be paid through Student Accounting. The State of Georgia citations will be processed through the State Court of Cobb County.

Exceeding Speed Limit

On other than Barclay Circle - \$35.00

Barclay Circle - State Imposed Fine

Disregarding Traffic Control Sign - \$35.00

Reckless Driving - State Imposed Fine

Disregarding Officer Working Traffic - \$70.00

Moving Barricades - \$70.00

Any State of Georgia Traffic Violation - State Imposed Fine

Payments

Payment of Life University issued tickets will be processed through Student Accounting. Unpaid University tickets will result in an Accounting Hold, which will preclude a student from registering, receiving transcripts or graduating until settled with Student Accounting. Once a student's or employee's vehicle has received a warning, and ticket, the vehicle will be towed at the owner/driver's expense. In the event a student has unpaid tickets for other violations, and the vehicle is towed, the owner/driver will have to come to the Public Safety Department office after paying the tickets at Student Accounting to get a release for the vehicle. Repeat violations may cause the owner/driver to lose his/her driving and parking privileges on the Life University campus and property.

Vehicles are subject to be towed at the owner's expense at any time an officer deems it necessary to maintain the safety of the efficient traffic flow of Life University persons or property. Once the wrecker service is called, the owner/driver of the vehicle is responsible for any and all charges related to the towing. Life University or officers of the Life University Public Safety Department are not responsible for damaged or loss of property as a result of towing. An incident report is completed on all vehicle tows to document the tow, condition and location of vehicle and an inventory of items inside the vehicle when accessible.

University Parking Ticket Appeals

Appeals related to issued University tickets will be handled by the V.P. of Operations & Finance. There are no appeals for parking in non-designated areas and decal violations. Appealable tickets must be submitted in writing within seven (7) days from the date of issue or the ticket becomes non-appealable. The appeal process may include discussion with the appellant and issuing officer. After consideration, the decision will be final. Appeal forms may be picked up at the Public Safety Department located at 1085 Barclay Circle.

Crime Prevention

The Life University Police Department takes the position that it is best to inform students and employees of unsafe practices. This may include thefts of property, alcohol or drug abuse, rape, other sexual offenses, stalking, and domestic violence. Each student or employee can exercise due caution while Life University provides assistance and helps everyone prepare themselves to avoid becoming a victim of any crime. We publish and make available the Annual Campus Police Report, which summarizes incidents on campus. The contents of the Student Right To Know information are contained in the student handbook and on the Internet. It lists each required violation by type and frequency. For incidents of concern that occur between the yearly report, we post interim information in the student publications on campus and post information flyers throughout the campus that inform the students of the incident. Crime prevention is also accomplished through student orientation each quarter. At this time the students are informed of the importance of reporting all incidents that they are involved in. In addition, any current areas of concern are explained to them and information provided to them on prevention. The Police Department also highlights topics of concern on a quarterly basis. Posters of these topics are placed in several of the The main Life University Website is located at www.life.edu. Many of the areas of interest to students are accessed by clicking on the "Student" link at the top center of the page.

Firearms and Weapons

Firearms and weapons are not permitted on campus at any time with the exception of duly authorized state and federal certified law enforcement officers. Any law enforcement officer visiting the campus or attending classes must register with the Public Safety Department prior proceeding to their desired location. Offenses involving firearms and weapons will be handled through criminal procedures and/or by the Conduct Review Board or the Executive Director of Student Services.

Lost & Found

The Public Safety Department will maintain lost and found items for a minimum of 60 days from the date an item was received by our office. Once the item is recorded, the item shall be listed with other items until eventually being purged. The list of items will be available during regular office hours between 8am to 4pm, excluding holidays and school closings.

These forms may be obtained at the Life University Police Dept

INTERNATIONAL PROGRAMS(IP):

International Programs is responsive to the needs of F-1 students. The department, located within the Office of Admissions, provides counseling, advisement and service in the following areas:

- o Entrance requirements and procedures
- Personal, academic and cross-cultural issues
- Adjustment to Life University, the United States and the local
- o Provides a quarterly orientation for new international students
- o Advocates for all international student issues
- o Address Changes
- o Annual Breaks and Reduced Course Loads
- o Program extensions
- o Changes of status
- o Reinstatements
- School transfer notification procedures
- O Dependents and spouse (F-2 status)
- Issues I-20's
- Certifications for overseas travel
- O Visa Renewals
- Assists with Off-Campus Work Permission (Economic Hardship and Optional Practical Training)
- o Provides advisement of USCIS regulations and issues
- Performs all other Designated School Official (DSO) duties

International Student Fulltime Enrollment Reminders

International students issued I-20's (F-1 status) are required by the Student Exchange Visitor Program (SEVP) to register for a full course load. A full course load is 12 quarter hours for undergraduates, 12 quarter hours for the Doctor of Chiropractic program, and 9 quarter hours for the Masters Program. International students must also maintain appropriate cum GPA levels 2.0 and above for UG & DCP and 3.0 and above for Master's. Taking a reduced course load without prior approval from the Coordinator of International Programs will result in a violation of status and in need of reinstatement. If USCIS does not grant your reinstatement request you will be considered "unlawfully present" and instructed to depart the United States. Please see the Coordinator of International Programs for more information.

International students issued an I-20 for initial attendance, transfer to Life University or move to a different educational level must bring the I-20 issued to them to the Coordinator of International Programs after registration to complete USCIS reporting requirements. The USCIS allows 15 days from registration to complete procedures. (New students bring your passport, I-94, and I-20.)

IMPORTANT NOTE: USCIS holds the student responsible for maintaining his or her immigration status. If you violate the law, USCIS holds you responsible, even if you are not aware of the law.

DRS. SID E. AND NELL K. WILLIAMS LIBRARY:

The Williams Library provides a full complement of academic library services including print monographs, periodicals, e-books, e-journals, on-line resources and databases, print reference resources, audiovisual resources, anatomical models, X-rays, training classes, and a student computer lab serving students, faculty, staff, alumni and the greater healthcare community. The library is located in the Learning Resources Center and is open 77 hours each week:

Hours

Sunday 1:30 p.m. -11:45 p.m. Monday-Thursday 7 a.m. - 11:45 p.m. Friday 7 a.m. – 6:45 p.m. Saturday 10:30 a.m. - 6:45 p.m. Special hours are scheduled for term breaks and holidays.

General Procedures

University IDs are required for access to the library and to use library resources and services including checking out materials, accessing computers, printing and photocopying., and using study rooms. Group and individual study rooms are available with an ID for a maximum of three hours. Books circulate for four weeks with one renewal. Audiovisual materials circulate for two weeks with two renewals. Library materials may be renewed online using a pin number issued from the library circulation desk. Fines are imposed for failure to return items on time, and an outstanding balance of \$5.00 or more will result in a block placed on the student account preventing registration, access to transcripts, and suspension of library borrowing privileges. Library communication of courtesy notices with patrons, including fines, overdue items, and holds notices, is done through University e-mail accounts. After the third courtesy notice is sent, a block will be placed on a patron's account.

SPORTS AND WELLNESS INFORMATION (Athletics):

THE STUDENT SUCCESS CENTER (SSC):

The Student Success Center (SSC), located in the Center for Chiropractic Education building (CCE), provides the following services free for all currently enrolled Life University students

Academic Support Services

SSC offers a variety of services to support students in achieving their academic goals. In addition to helping students improve their study skills and develop learning strategies to enhance academic achievement, assistance is also made available through these services:

- Tutoring
- Supplemental Instruction (SI)
- College of Chiropractic Open Learning Lab
- Undergraduate Math, Writing, and Science Lab
- Nutrition Learning Lab
- Workshops

Supplemental Instruction

Supplemental Instruction (SI) leaders act as facilitators by helping students develop and strengthen study skills and integrate effective learning strategies that are content specific. All students are encouraged to attend as many SI sessions as possible, as it is a voluntary program. Please see SI schedule for specific times and locations.

Tutors act as facilitators by supporting their peers in strengthening study skills, such as time management, academic goal setting, and note-taking while studying specific course content. Tutoring sessions are drop-in format. Please see the Tutoring schedule for specific times and locations of the tutoring sessions. If tutoring services are not offered, students will be informed and referred to the appropriate learning labs for assistance and /or encouraged to contact their faculty for further assistance.

Project Success is an academic support enrichment program designed to assist students in achieving their academic goals. The program focuses on helping students develop effective learning strategies, identify their learning style, and improve their study, goal setting, and time management skills through interactive workshops and individual one-on-one appointments. Please refer to the Supplemental Instruction (SI) and tutoring schedules for workshop dates, times, and location.

Student Success Center (cont)

*Academic support schedules are subject to change throughout the quarter. Students are directed to the **Student Success Center** (SSC) **Blackboard site** regarding the location and times for Supplemental Instruction (SI), tutoring, and the various learning labs. Alternatively a copy can be collected from the SSC in the CCE Bldg.

Make-Up Testing

Make-Up Testing is available on Tuesday, Wednesday and Thursday @ 11:00a.m. during weeks 1 through 10. There is no make-up testing on week 3 Tuesday and week 4 Tuesday and Wednesday due to the OSCE testing. There is no make-up testing during finals week. All testing is conducted in room 152 in the CCE building. Make-up request forms are available in the lobby of the SSC in the CCE building. They must be filled out and signed by a faculty member prior to the exam. No appointment is needed.

Counseling

Life University is committed to the personal growth and life satisfaction of our students. We offer a variety of services and resources for all enrolled students. Our goal in counseling is to provide an environment where students can learn valuable life and coping skills to take proactive steps in improving their overall well-being. SSC Counseling offers a variety of services which cater to the diverse needs of our students.

Individual / Couples Counseling: Life University offers individual and couples counseling through the Student Assistance Program (SAP). SAP provides 24/7 availability of an off-campus counselor via phone. In addition, students can request face-to-face visits with an off-campus therapist and will be provided with 6 free sessions. This service allows students consistent availability including nights, weekends, and/or holidays with a licensed mental health professional outside of the university. In addition, the service can be utilized by students' dependents which includes spouses and/or children. You can contact SAP directly by calling 770.951.8021 or 1.800.869.0276. An SSC Counselor can also assist you in making contact with SAP.

<u>Relaxation Techniques</u>: For relaxation skills, students may stop by the SSC to inquire about relaxation, guided imagery, and mindfulness based exercises which are structured to help students develop an awareness of their areas of growth and will serve as tools in helping them to manage daily stressors more effectively.

<u>Workshops</u>: Workshops are offered throughout the quarter which target some of the common concerns facing students today including stress, test anxiety, and concentration difficulties. The workshops facilitated throughout the quarter offer a group educational environment as well as an interactive component to allow students to ask questions specific to their concerns while also practicing the skills so that they become a useful tool for each student to utilize in their daily lives.

To inquire or take advantage of these resources, students can call the SSC at (770) 426-2725 or stop by the office located in

the CCE Building. Students will find a current calendar of events each quarter which outline the workshops offered throughout that quarter. In addition, students will find various community resources and can also speak with a counselor who will help them navigate through the process of connecting to the most valuable resource.

Crisis Intervention:

A student in crisis should contact campus security at (770) 426-2911 or 911 immediately. Cobb County also has a 24/7 crisis line at 770.422.0202. All are available 24/7.

Disability Services

Students with documented disabilities may request reasonable accommodations, which will afford them equal access to all educational programs and activities of the University. Requests for reasonable accommodations must be made to the Student Success Center. The University complies with all state and federal regulations regarding the provision of reasonable accommodations to educational programs and services in accordance with the Americans with Disabilities Act, Section 504 Rehab Act and the ADAA.

ADA Compliance Statement for Student Accommodations

The Student Success Center (SSC) has been designated to coordinate the University's overall compliance with the ADA, ADAA and Section 504 of the Rehabilitation Act, as they apply to students. The Student Success Center maintains the student's Self-Identification form and Plan of Action. SSC helps develop strategies for compliance, coordinates the University's accommodation processes for students and

Student Success Center (cont)

monitors implementation efforts. The SSC also handles inquiries about compliance and investigates complaints relating to student accommodations and service requests. Additional information may be obtained by contacting Dr. Lisa Rubin, Director of Student Success Center and Compliance Officer at 770-426-2725 or lrubin@life.edu, or by contacting the Student Success Center at 770-426-2725 or sec@life.edu.

Disability Services Workshops: Workshops offered throughout the quarter target some of the common concerns facings students such as, technology use, effective notetaking, etc. The workshops are offered in both a group educational environment and one on one environment. Both environments are interactive and allow students to ask questions regarding their specific concerns while also practicing the skills being taught so that they become a useful tool for utilization in their daily academic lives.

Documentation Requirements for Accommodations

A disability is defined as a physical or mental impairment that substantially limits one or more major life activities. The disability must be clearly documented with information confirming that the student is substantially limited by the impairment and that a need exists for the accommodation.

A student will not automatically be provided with accommodations based on a diagnosis alone. Evidence must be presented that the impairment is significantly interfering with the student's academic performance. Each accommodation is individualized to the particular student, as supported by the student's documentation. All students must meet and follow all University rules, Student Handbooks, Course Catalogs and Technical Standards, with or without approved accommodations. The University will make such modifications to its academic requirements as are necessary to ensure that such requirements do not discriminate, on the basis of disability, against a qualified student with a disability. Academic requirements that the University can demonstrate are essential to the instruction being pursued by such student or to any directly related licensing or accreditation requirement will not be regarded as discriminatory.

**For Technical Standards see the Life University Catalog

All students are responsible for providing adequate documentation. Life University is not required to conduct or to pay for any evaluation to document a disability or a need for an academic adjustment. Life University does not provide any evaluations or documentation for disabilities. These documentation requirements should be taken to the student's evaluator and the evaluator is required to make recommendations for academic accommodations in each of the following categories (when applicable): written examinations, technique classes, lab classes/examinations, and clinical experience.

Documentation from an outside independent professional must be provided to the Student Success Center. Students are responsible for all funding to pay for appropriate professional documentation. Your state vocational rehabilitation agency through the Department of Education Web page may be able to assist: http://

www.ed.gov/parents/needs/speced/resources.html.

Documentation must include all of the following:

- 1. Be provided by a qualified licensed professional with the ability to diagnose the specific disability.
- 2. Be current adult based (18 years or older, post high school). Individualized Education Programs (IE Ps), Section 504 plans, and/or a prior history of accommodations are not necessarily sufficient documentation for postsecondary education, since different demands are required and the nature of a disability may have changed due to maturation. (*** Note: Please review National Board of Chiropractic examiners documentation requirements at www.NBCE.org***).
- 3. Be on professional letterhead with address and telephone number of facility and or professional.
- 4. Original signature of professional with listed degree and specialty.
- 5. Dated.
- 6. Raw data of assessment must be included. Comprehensively and clearly define the impact of the disability on the student's functioning in daily life. Clearly define the limitations imposed and the support data verifying the impact of the condition. Single subtests or checklists are not acceptable as a sole source of documented data. Standard or scaled scores from all tests and sub-tests must be included in your diagnostic report.
- 7. Recommendations for accommodations must be listed with supported diagnostic information. Documentation must be specific in listing practical and written exam based accommodations, if appropriate. ***For Chiropractic Students, please see National Board of Chiropractic Examiners website for further details ("Guidelines for Acceptable Documentation")***

Documentation Requirements for Dry Lab

Students who request dry lab only labs must present complete documentation to the Student Success Center (SSC), and must have met with the Disability Services Coordinator and/or Director of the SSC and signed all paperwork by Friday of week 8 of the term in order to stay enrolled in the class. If a student does not have all paperwork completed by this time, the student will receive a zero for both laboratory exams.

Other than emergency situations, documents should be presented to the Student Success Center prior to registration. When presenting documentation to the Student Success Center, the documentation must be from a specialist licensed to diagnose the condition and must include a description of the difficulties and the data upon which the recommendation is based. A doctor's note which simply restates the "patient's/student's" presenting complaint will not be considered adequate documentation to enter Dry Lab Only sections, whether or not the doctor is a specialist. Refer to the previous documentation guidelines (see above).

Student Success Center (cont)

Process for Requests for Accommodations

The Director of the Student Success Center or her designee will review the documentation and will meet with the student and others, as needed, to determine the appropriate academic adjustment and/or auxiliary aids and services for the student. Students will be notified, in a timely manner, of all specific adjustments or services that have been agreed to and of any denial of requests adjustments or services and the reason(s) for any denial

If a student requests an accommodation that would modify or eliminate a requirement of the student's academic course/program, before a decision is made on whether the accommodation can be provided to the student, the Director of the Student Success Center or her designee will consult with one or more faculty members and/or administrators who teach and/or administer the academic course/program in question and ask how important the requirement in question is to the academic course/program, and whether, why and how, in their professional academic judgment, (a) the requirement in question is essential to the particular academic course/program, (b) changing or waiving the requirement would either lower academic standards or require substantial course/program alteration, (c) the individual student requesting the accommodation has demonstrated a need for the accommodation, (d) there are reasonable alternatives to the requirement that are applicable to the individual student. After conferring with the appropriate faculty members / administrators, the Director of the Student Success Center or her designee will consider the information provided by them and determine, consistent with the recommendations of the faculty members/administrators, whether the requested accommodation should be provided to the student making the request, and if not, whether an appropriate alternative exists that can be offered to the student. The Director of the Student Success Center or her designee will notify the student in writing of his/her determination, including the supporting bases, and that, if the student is dissatisfied with the determination, he/she may file a grievance for consideration by the Disability Advisory Committee, by following the procedures set forth in the Disability Grievance policy.

Disability Grievance

A student with a disability grievance about academic adjustments or auxiliary aids and services must be registered and approved with all appropriate documentation and paperwork already completed in the Student Success Center (SSC). Any enrolled Life University student who believes he or she has been discriminated against on the basis of disability or believes he or she has not been accommodated reasonably may file a grievance in the Student Success Center pursuant to the procedure set forth below.

Time for Filing a Grievance

A disability grievance must be made in writing within (10) school days of the alleged violation

Procedure for Filing a Grievance

A written grievance statement must be filed in the Student Success Center on the form provided by the SSC. The student

must describe in detail the action or decision he/she alleges to be in violation of his or her rights under the ADA, ADAA, or Section 504 of the Rehab Act. A student may also submit other documentation to support his or her grievance. Other involved parties may also be asked to document any action or decision in writing and present it to the Student Success Center. The student will sign a release form stating that he or she understands that his or her disability will be discussed in the meeting in order to address how best to determine the grievance. All members of the Disability Advisory Committee (DAC) will sign confidentiality agreements prior to reviewing any information.

Process for Forwarding Grievance to Disability Advisory Committee (DAC)

Upon receipt of the completed forms, the Student Success Center will forward this material to the DAC within ten (10) school days. Upon receiving the appropriate information, the DAC will review all written material and seek additional information pertinent to the case from others. After reviewing the material, the DAC will forward its findings and recommendations concerning the grievance to the Senior Vice President of Academic Affairs (Sr.VPAA). The Sr.VPAA will inform the student in writing of the DAC's decision as soon as possible, but no later than 30 days after the Sr.VPAA receives the DAC's decision. An appeal of the DAC's decision can be made to the Sr.VPAA for either of the following reasons:

- 1. Published process was not followed.
- 2. New information, not previously available to the DAC, which may have affected the outcome of the DAC's decision, has become available.

Any appeal of the DAC's decision must be put in writing and presented to the Sr.VPAA's office within ten school days of the student having been notified of the decision of the DAC. The Sr.VPAA will inform the student in writing of his or her decision as soon as possible, but no later than 30 days after the Sr.VPAA receives the appeal. The Sr.VPAA's decision on the appeal will be final.

Complaint to Office of Civil Rights (OCR)

A student may file a formal complaint with the Office of Civil Rights (OCR) if the student believes he or she has been denied a reasonable accommodation in violation of the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973 or the ADA Amendments Acts of 2008. That office will determine whether a further investigation is warranted. Information about how to file a complaint with the Office of Civil Rights can be obtained from:

Student Success Center (cont) and Undergraduate Assembly Policies

Disability Advisory Committee

The Disability Advisory Committee's (DAC) primary goal is to assist and support the University in carrying out its policies and procedures for ensuring that students with disabilities who are seeking accommodations are treated fairly and reasonably. The DAC also reviews from students with disabilities who are seeking accommodations to ensure that they comply with the University's Technical Standards Policy. Any disability grievances will also be addressed by the DAC, if they cannot be resolved in the SSC.

The Director of the Student Success Center (SSC) and/or the Disability Services Coordinator will work with the DAC to apply the University policies and procedures so that the University will provide equal access for any student seeking accommodations under the Americans with Disabilities Act of 1990 (ADA), the ADA Amendments Act of 2008, and Section 504 of the Rehabilitation Act. Membership of the DAC will include, but is not limited to the following departmental representatives:

- •Director of Student Success Center or Designee (Dr. Lisa Rubin)
 - •VP of Student Services or Designee
 - •Dean of the College of Chiropractic or Designee

COLLEGE OF UNDERGRADUATE STUDIES: (CUS) UNDERGRADUATE ASSEMBLY POLICIES:

All undergraduate students are recommended to attend assemblies scheduled on Tuesdays, 11-1pm, during the quarter (as your schedule of registered classes permits).

Life University is committed to delivering an education designed around a set of Core Life Proficiencies that advance personal integrity and provide the foundation for professional success, social contribution, and cultural change. These proficiencies distinguish a Life University education.

Effective Winter Quarter, 2008, for all new students entering the College of Graduate and Undergraduate Studies, "The Core Life Proficiencies" (CLP 090) seminar will be required in order to graduate and complete a degree program. The CLP seminar is offered at no charge (0 credit).

Students are required to take and successfully complete CLP 090 before graduation.

The Eight Core Life Proficiencies are:

- 1) Integrity and Citizenship
- 2) Leadership and Entrepreneurship
- 3) Learning Theory/Critical Thinking
- 4) Contemporary Scientific Paradigms
- 5) Phil. of Human Existence & Health Care Policy
- 6) Communication and Relationship Theory/Skills
- 7) Belief Systems and Performance
- 8) Integrative Change

Accounting Information -Payment Due and Financial Aid Disbursement Procedures

PAYMENT POLICY

All tuition and fees are due and payable upon registration but not later than the end of the second week of classes each quarter.

If awarded financial aid falls short of total charges for the quarter, the student is responsible to pay the difference. The financial aid eligible student may wish to contact the Financial Aid Office to determine the possibility of receiving additional financial aid.

Failure to pay all charges due on a student's account will restrict their ability to register for future quarters, receive (order/send) official transcripts and diplomas or be graduated.

If full tuition and fee payments are not made, the student will be dis-enrolled. This will result in the student not being eligible to continue to participate in classes and/or the clinic in the dis-enrolled quarter. Also, the student will be assessed a 10% dis-enrollment charge based upon the remaining unpaid tuition incurred in the disenrolled quarter.

PAYMENT DUE INFORMATION TO ALL STUDENTS

For Winter quarter 2015 Payment is due by Jan 23 2015.

Dis-enrollment by the Registrar's office will be effective Nov. 3rd, 2014.

If you have any questions or concerns, contact the Student Accounts office.

Payment of "Commons" Rent

Payment for resident's rent at Life University's "Commons" is due and payable on the first day of each month. Failure to pay your rent for more than 5 days will result in the assessment of a \$50.00 late charge.

Acceptable Forms of Payment

Payment in full can be accomplished in one of three ways. Confirmed financial aid (loans, grants and cholarships)* Cash, check or money order Credit Card

"FACTS" Tuition Management Plan (Contact Student Accounts for further information)

Returned (Bad) Check Policy

Any check returned to Life University due to insufficient funds, payment stopped, or a closed account may result in disciplinary action against the student, including possible dis-enrollment.

The issuer of a returned check is subject to a service charge of \$50.00

<u>For an International Student</u> "out of status" could be considered.

The issuance of a check that is returned may constitute deposit account fraud under Georgia law, which is either a misdemeanor or a felony, depending on the circumstances. Punishment for a misdemeanor conviction may include a fine ranging from \$100 to \$1,000 and imprisonment for a period not to exceed twelve months. Punishment for a felony may include a fine of \$1,000 and imprisonment for a period of one to five years

Under Georgia law, the University also has the right to file a civil suit against the maker of a returned check for two times the amount of the check, not to exceed \$500. A second offense may subject the offender to dis-enrollment from the University.

Unpaid Balances

Any unpaid balance owed to Life University, will prevent transcripts from being released. You will also be blocked from registration. If you leave Life University with unpaid debts you will be subject to formal collection procedures which will include collection fees, attorney's fees and interest charges.

Neither Your Diploma <u>nor</u> your Transcript will be released until all financial obligations to the University have been met.

FALL QUARTER FINANCIAL AID DISBURSEMENT PROCEDURES

Direct Deposit

Life University is pleased to provide **direct deposit** for all student living refunds.

To have your financial aid **deposited directly** into your U.S. checking account, visit the Student Advocay Desk or visit Student Accounts' website to enroll.

Disbursement Policy

15/WI Qtr. initial disbursements for Stafford Loans, Pell and Supplemental Education Opportunity Grants will begin in the first week of classes, i.e. Jan **12**, **2015**.

Life University will release living expense refunds to students only after verifying student's attendance status and making sure no financial or academic holds are on their records.

All unpaid tuition/fees and other University debts (such as but not limited to lab fees, institutional charges, and "The Commons" housing) are deducted from students' financial aid before disbursement.

Attention Undergraduate Georgia Residents

The disbursement for HOPE Scholarship and Georgia Tuition Equalization Grants (GTEG) for **Winter Quarter 2015** will occur during 4th week of the quarter, provided funds are available from the State of Georgia. Only students who have submitted all the necessary paperwork will have their disbursement available during this time frame.

Please remember that in order to qualify for GTEG you must be enrolled full-time (12 hours or more) as of Jan. 19, 2015 for Winter Quarter. In addition, to qualify for a full-time HOPE award you must be enrolled full-time as of Jan. 19, 2015, otherwise, you will receive a part-time HOPE award.

Accounting Information -Disbursement (Cont.) and Withdrawal Refund Policies and Procedures

Living Expense Refund

Direct Deposits will be made when all proceeds have been received and all eligibility requirements for Financial Aid programs have been met, and in accordance with Federal Regulations related to Title IV funds which are:

*No later than 14 days after the first day of class if Federal funds are credited on or before the first day of class. - Or -

*No later than 14 days after the credit balance occurred if the funds were credited after classes began.

You will receive your living expense refund on or after Oct. 10th, 2014:

- (1.) If you are making Satisfactory Academic Progress (as defined by the Financial Aid office), and
- (2.) Your aid proceeds have been disbursed to Life University.

However, if you receive a living expense refund on **Oct. 6th, 2014** and then drop hours the week of Oct. 6th **2014**, you may be over-awarded on your Federal Stafford loans. Federal Regulations require that the Office of Financial Aid notify the Office of Accounting to send back the amount of your aid, if any, you are not eligible to receive, due to the drop in hours. (See Disbursement Policy above)

Your refund may be delayed if:

you filed your Financial Aid forms late, or they are incomplete;

BUDGET WISELY:

Pay ahead on rent, auto insurance, and save money for Boards!

Photo ID Must Be Presented!

Before any check is released, photo identification must be presented. This identification can be either a driver's license or Life University student ID.

<u>Note:</u> Georgia Grants are not available until at least 4 weeks after the end of Registration. Beginning Week 2 of the quarter, direct deposits are processed on Tuesday & Thursday.

Withdrawal from Life University

To withdraw from the University, you must initiate the action sequentially as follows:

- 1. Obtain "Withdrawal / Hiatus Form" from Registrar's Office.
- 2. Complete, sign and date the form.
- **3.** Take the form to Accounting for signature.
- **4.** Take the form to Financial Aid for signature.
- **5.** Take the signed form back to the Registrar Office. If the "WITHDRAWAL AND HIATUS FORM" is not properly completed and signed by the Registrar's Office, a refund, if applicable, can not be processed.
- **6.** Be aware that all loan agencies, veterans' or other appropriate agencies will be notified of your change of status
- 7. The Accounting Office will receive a copy of your approved withdrawal form and a credit to your account will be made on a pro-rated basis. If you have made full or partial payment on your tuition/fees by check, cash, or credit card and you desire a refund, you must notify the Accounting Office and furnish a mailing address, if necessary.
- **8.** If you have not attended class and withdraw from school, some financial aid received for that quarter may be an over-award. Life University will take steps to collect the over-award from you in the case of campus-based aid. For other educational loans, the lender will be promptly notified.

The procedure to appeal for a higher percentage of credit when a student withdraws from school is to act promptly in writing, by submitting an appeal to the academic dean of the appropriate school. Reasons for submitting request are undue hardship resulting from death of an immediate relative of the student, injury or illness of the student, or other special circumstances.

Withdrawal from all Classes:

Refunds and Return of Financial Aid

For students who have followed the withdrawal procedures outlined in the preceding section, the date the student notified the University of their "intent to withdraw" will be the official date of withdrawal.

If a student fails to notify Life University, that they have stopped attending classes, then Life University will determine the student's withdrawal date by checking available attendance records. In the event that the last day of attendance cannot be determined, the mid-point of the quarter will be used.

In accordance with the Higher Education Amendments of 1998, Life University will provide a refund that matches the federal return of Title IV funds, if the student has withdrawn on or before the 60% point of the quarter.

Students receiving federal Title IV financial assistance will be subject to a "Return of Title IV Funds" calculation. This calculation determines the percentage of the quarter completed, the percentage of federal financial aid earned, and the amount of federal financial aid that must be returned by the University and by the student. Depending upon the types and amounts of financial aid received and the date of withdrawal, the student may be required to repay some of the financial aid previously received. If the official withdrawal date is after the "60%" point of the quarter, no return of Title IV funds will be required. Samples of "Return of Title IV Funds" calculations are available upon request from either the offices of Financial Aid or Student Accounting.

For students enrolled in the full quarter - 11-week classes the after 60% point of quarter is the 46th day (Thursday of the 7th week);

For students enrolled in the 5 week accelerated classes the after 60% point of quarter is the 23rd day (Tuesday of the 4th week - 1st 5 weeks & Thursday of the 9th week- 2nd 5 weeks);

For any MS students enrolled in the summer quarter - 5 week classes the after 60% point of quarter is the 23rd day (Thursday of the 4th week).

Students who earn a grade (other than "W, WF, or WNP") in at least one course in a quarter will not be considered withdrawn but remaining courses will be dropped.

Life University will refund the appropriate amounts according to the specific order of priority as prescribed in the law and regulation.

Refund Withdrawal Priority

Refunds will be made to the source for any student who receives any form of financial aid and totally withdraws, in descending order, and in proportion to the amount paid toward tuition as described below:

If your registration changes from when you were awarded you must contact the Financial Aid Office. See or call the Financial Aid Office if you are unsure of your financial aid status

Undergraduate students will be awarded based on 15 hours per quarter

Graduate students will be awarded based on 12 hours per quarter

Doctor of Chiropractic Program students will be awarded based on 25 hours per quarter

SATISFACTORY ACADEMIC PROGRESS POLICY (SAP)

In order to receive approval for any form of Title IV financial assistance, reasonable academic progress must be made toward graduation. To demonstrate progress, a student must comply with the following requirements:

Effective 7/1/2011 (supersedes all former policies)

The United States Department of Education and most agencies providing financial assistance require students to maintain satisfactory academic progress (SAP) in their course of study to continue receiving funding. Failure to maintain SAP will result in the loss of Federal Title IV financial aid as well as State and other aid. Federal Title IV financial aid includes Pell Grant, Supplemental Education Opportunity Grant (SEOG), Subsidized Stafford Loan, Unsubsidized Stafford Loan, Parent Loan for Undergraduate Students (PLUS), Graduate PLUS loan, and Federal work-study. State aid includes Georgia Tuition Equalization Grant (GTEG), HOPE Scholarship and Leveraging Educational Assistance Partnership Grant (LEAP). The student's entire academic history is evaluated to determine whether or not he/she is maintaining SAP. This evaluation is not affected by whether or not aid was previously received or whether a student has changed programs. The Federal Student Aid program regulations make no provision for the concept of academic amnesty or grade forgiveness.

Doctor of Chiropractic and Undergraduate Program

Doctor of Chiropractic **(DC)** and Undergraduate **(UG)** students will be evaluated annually at the end of **each spring quarter**. Students in the Doctor of Chiropractic and Undergraduate programs are expected to complete at least 67% of all attempted hours with a minimum cumulative grade point average of 2.0. When students are evaluated and are not meeting SAP requirements they will become ineligible for Federal financial aid. Students may regain federal eligibility by enrolling using their own resources or alternative funding sources until they have met a cumulative 2.0 GPA and completed 67% of their courses.

Financial Aid Information -Grants, Loans, And Repayment

Master's Program

The Master's Degree program is 52 or 76 credit hours in length, and master's students (**GR**) will be evaluated at the end of **each quarter**. Students in the Graduate (**GR**) program are expected to complete at least 67% of all attempted hours with a minimum cumulative grade point average of 3.0. Graduate students will be evaluated after their first (and subsequent) quarter in the program because of the short duration of the master's program. Students not meeting SAP will be placed on financial aid warning for one quarter. If at the end of their warning quarter the students are not meeting SAP they will become ineligible. Students may regain federal eligibility by enrolling using their own resources or alternative funding sources until they have met a cumulative 3.0 GPA and completed 67% of their courses.

SAP is measured in three ways:

1. Qualitative Standard (grade point average - GPA):

The cumulative GPA provided by the Registrar's Office, it is listed at the bottom of the student's transcript.

DC and UG students must maintain a cumulative GPA of 2.00 or higher.

GR students must maintain a cumulative GPA of 3.00 or higher.

2. Quantitative Standard:

All students (UG, GR, DC) are expected to complete at least 67% of all courses attempted.

Attempted courses are defined as those for which one has registered and been charged in which grades of A, B, C, D, F, W, WF, I, P, SP, NP, WNP or IP are given.

<u>Completed</u> courses are defined as those in which grades of A, B, C, D (in some UG courses only) SP, or P are given.

Example of meeting the SAP requirements:

At the end of spring quarter 2011, Kevin Smith, an UG student, has attempted 45 credit hours.

He has earned grades of "C" in all 45 hours. He has met the qualitative standard because his cumulative GPA is 2.00.

He has successfully completed all of the courses he attempted. He has met the quantitative standard because his completion rate is 100%.

Example of not meeting the SAP requirements:

At the end of spring quarter 2011, Susan Moore, a DC student, has attempted 95 credit hours and completed 70 of those 95 credits.

Her cumulative GPA is a 1.90, she did not meet the qualitative standard since her GPA is below a 2.00.

She met the quantitative standard because her completion rate is 73%.

3. Time Frame

All students (UG, GR, and DC) are expected to finish their degrees after having attempted coursework not to exceed 150% of their program requirements (measured in credit hours attempted).

UG: Students seeking an associate degree may not receive financial aid after having attempted 147 credit hours. Students seeking a bachelor's degree may not receive financial aid after having attempted 282 credit hours.

GR: Students seeking a master's degree may not receive financial aid after having attempted 78 credit hours.

DC: Students seeking a doctor of chiropractic degree may not receive financial aid after having attempted 525 credit hours.

Warnings:

It is an academic policy of the University that DC students have a maximum of eight calendar years to complete their programs. Please be advised that, should DC students average less than 12 earned hours per quarter, they will be unable to complete the program in 8 calendar years.

Full time DC students are eligible to borrow no more than \$224,000 in Federal Stafford Loans. Please be advised that, should DC students average less than 19 earned hours per quarter while receiving the maximum Federal Stafford loans for all quarters, they will exhaust their Federal Stafford Loan eligibility prior to completion of the program.

4. Repeating Courses

Students who receive an "F", "W", "WF", "WNP", "NP" or an "SP" for any given course(s) that is required toward graduation, must repeat this / these course(s).

The College of Chiropractic requires that this / these course(s) be repeated the student's next quarter of attendance in which it is offered.

Student in College of Undergraduate Studies (and College of Chiropractic prior winter 2006) who repeat courses will have their grade from their "last attempt" calculated toward their cumulative GPA.

A prior grade is not removed from the permanent record when the course is repeated, but the prior grade is removed from the calculated cumulative average. Specifically, a grade of "F", "W", "WF", "WNP", or "NP" is not removed from the permanent record when the course is repeated, but the previous "F" and "WF" will be removed from the cumulative average calculation. (This applies only those students as described above, but not to any new College of Chiropractic nor to any College of Graduate Studies and Research Program students).

All College of Chiropractic and College of Graduate Studies and Research Program students whom repeat courses will have their all grades attempted calculated toward their cumulative GPA.

<u>Appeals</u>

If there are extenuating circumstances beyond their control, students have the right to appeal their SAP determination. The appeal must be directly relatable to the academic period for which the student is being evaluated and cannot have been previously submitted for review. Appeals must be submitted in writing using the SAP appeal form obtained by speaking with the Financial Aid Counselor and MUST include supporting third party documentation. Appeals without supporting documentation will not be accepted. Students are required to submit a statement regarding why the student failed to make SAP, and what has changed in the student's situation that would allow the student to demonstrate satisfactory academic progress at the next evaluation.

Submitting an appeal does not guarantee approval and if the appeal is denied students will be responsible for paying the Institution any balance owed without Federal funds. The Financial Aid Appeals Committee (FAAC) will consider each appeal on its own merits and the decision of the FAAC committee is final.

During the FAAC review it will be determined if the student can or cannot meet SAP after the next quarter of enrollment. This will be done by looking at the student's current transcript of completed classes and GPA for all quarters attended at Life University in the appropriate

Financial Aid Information -Grants, Loans, And Repayment

program. Any student who has their SAP decision successfully appealed and cannot meet SAP after the next quarter of enrollment will receive an Academic plan and be placed on Financial Aid probation. The Academic plan will be individualized and specific to each student in order to put the student on track to successful academic progress in no more than 4 quarters. If at any time during an Academic Plan students do not meet the terms of their plan they will lose their federal aid and will not be eligible to appeal. If, when presented with the Academic plan, the student chooses not to accept it, the student will need to pay using other resources until meeting the minimum requirements for SAP.

Students who choose not to appeal or have their appeal denied may regain their eligibility for financial aid by enrolling using their own resources or alternative non-federal funding and bringing their academic performance into compliance with this policy.

Students who separate from the Institution without appealing when not meeting SAP, lose their right to appeal the decision. If students return to the Institution and are not meeting SAP upon return they will be responsible for using their own resources or using Private loans. Once the students are meeting SAP, they must self-identify to the Financial Aid Office and request to be reevaluated for Federal aid.

Financial Aid Probation: A status assigned to a student who has successfully appealed and has had eligibility for aid reinstated. Probation can only be granted if the school determines the student should be able to meet the school's SAP standards by the end of the subsequent quarter. A student on financial aid probation may receive Title IV funds for one quarter.

Financial Aid Warning (GR only): Is a status assigned to a student who fails to make satisfactory academic progress and has their academic progress evaluated at the end of each payment period, and chooses to allow students who fail its progress standards to continue to receive aid. (At Life this status only applies to graduate students, i.e. masters'.)

<u>Obtaining a Second Degree at Life</u>: For SAP purposes, students who have earned one degree at Life and wish to work toward a second degree will start over again, just as if they were new students.

Transfer Courses: For SAP purposes, transfer courses accepted as credit toward the Life University degree will be counted in the quantitative standard, but not the qualitative standard.

SCHOLARSHIPS

Information Is Available on the Financial Aid website. http://www.life.edu/financialaid

GRANTS, LOANS, AND WORK-STUDY:

These funds are available to assist Life University students with their educational expenses. To apply for this assistance a student must annually submit:

- 1. Free Application for Federal Student Aid Form (FAFSA).
- 2. If verification is requested on the SAR then you may be required to submit additional documentation. You will be notified by email what information is required.

Undergraduate Status: If a student has earned a 4 year degree, there is no eligibility for the Federal Pell Grant or the Federal Supplemental Educational Opportunity Grant. Any student, who is in the Undergraduate program regardless of any previous degrees earned, may still qualify for other types of financial aid.

Graduate Status: Any student in the Graduate program or any student in the Doctor of Chiropractic with at least 135 quarter hours and/or 4 year degree may qualify for loans, scholarships and/or work study.

The following is a brief description of the various Financial Aid programs: (further details should be obtained from the Office of Financial Aid).

Grants available include (for first degree undergraduate students only)

- 1. <u>Federal Pell Grant</u> is awarded only to the neediest students, using Congressional system of need analysis.
- 2. <u>Federal Supplemental Educational Opportunity Grants</u> (SEOG) Priority is given to Pell Grant recipients. These grants are awarded by the college, from funds given annually by the Federal government. Funds are limited and are awarded to the earliest, highest need applicants.
- 3. <u>H.O.P.E. Scholarship:</u> Georgia residents in UG program must have graduated high school with a B average or have maintained a B average in college. Additional eligibility requirements apply. (See Financial Aid Office)
- 4. **Georgia Tuition Equalization Grant:** (GTEG) Georgia residents in UG program at a Private Institution and full-time status.

Federal Unsubsidized Stafford Loan -

These loans are non-need based loans and provide additional funding to students. Borrower is responsible for interest while in school. 4.66% fixed interest rate (Undergraduate) and 6.21% fixed interest rate (Graduate and Professional). Origination fees for Stafford loans are 1.073 as of October 1, 2014.

REPAYMENT TERMS: -

Repayment generally begins 6 months after graduation or after dropping below half-time status. The minimum monthly payment is \$50 per month. However, the standard loan repayment term is 10 years; therefore, your monthly payment may be higher. The repayment term can be longer depending on the repayment type chosen. Both principal and interest payments will be deferred while you are in school at least half-time. You do have the option to pay your interest while in school. This option will reduce your overall debt by eliminating the accrued interest.

Federal Direct Parent Loan for Undergraduate Students (PLUS)

-These loans are available to parents of undergraduate students.

The maximum amount on this program is the cost of education minus estimated financial aid. Borrowers (parents or guardians) must meet established credit criteria. There is an origination fee of 4.292% and will be deducted proportionately from the loan proceeds.

Repayment Terms -

Repayment of principal and interest begins within 60 days after the loan is fully disbursed. Parents have the option to request a deferment on payments based on the student's enrollment status of at least half-time. Interest charges begin when the check is produced. The interest is fixed for new loans disbursed on or after July 1, 2014. The fixed interest is 7.21%.

Federal Direct Graduate PLUS loan (Grad PLUS) -

Graduate/Professional Students will be allowed to borrow additional federal funds that do not affect the aggregate limit (\$224,000 **DC**). Students are not allowed to borrow over their Cost of Attendance (COA) or student budget.

The maximum amount on this program is the cost of education minus estimated financial aid. Borrowers must meet established credit criteria. Students must have applied for their annual loan maximum eligibility under the Federal Subsidized and Unsubsidized Stafford Loan Program before applying for a Graduate/Professional PLUS loan. There is an origination fee of 4.292% as of October 1, 2014 and will be deducted proportionately from the loan proceeds. The interest is fixed for new loans disbursed on or after July 1, 2014. The fixed interest is 7.21%

Repayment Terms -

Repayment of principal and interest begins within 60 days after the loan is fully disbursed. (Interest charges begin when the check is produced). Students maintaining 6 or more credit hours will qualify for an "in-school" deferment.

Private/Alternative Loans

Private educational loans may be an important funding source for students who need more loan funds than the federal programs can provide. Terms of private loans vary significantly. These loans can be more expensive than federal loans because the federal government does not guarantee them. They require a credit check and/or debt-to-income ratio on the borrower and/or co-borrower. A co-borrower may be required; lower interest rates may be available to students who choose to have a co-borrower. Each time a student wishes to borrow a private loan, a new loan application is required by the lender.

Before a dependent, undergraduate student borrows a private loan, parents should consider applying for a PLUS loan. Payments on a PLUS loan, like some private loans, may be deferred until a student graduates. Some restrictions could apply. Please check with your lender for specific details.

Private Educational Loan Application Process:

You must initiate the loan application process by selecting a private student loan lender of your choice. You may choose to use any of the private loan lenders listed below. Apply online at the lender's website, or contact the lender by phone. It is a good idea to apply early as processing may take several weeks. However, keep in mind that credit approvals are only good for 90 to 150 days.

Once the borrower and/or co-borrower's credit is approved, Life University will receive a request from the lender to certify the loan. We will certify the loan for the lesser of the amount you request on your application or the maximum amount allowed by your financial aid budget (total cost minus other financial aid).

Funds received at Life University will be applied first to your student account, and in the event of a credit balance, refunded to you by Student Accounts.

Life University Private Loan Lenders

In an effort to assist students and families in choosing a lender, the Office of Financial Aid has compiled a list of institutions we consider to offer competitive products, solid customer service, electronic payment of loan funds and a variety of savings programs during loan repayment. Reasons for selecting a particular lender will vary from person to person, so this list should only be used as a guide or starting point for analysis. Some choose a lender based on name recognition, immediate benefit of lower origination fees, or the long-term advantage of repayment savings programs, like an interest rate reduction as a reward for making payments on time. Please note that you are not required to use any of these lenders — the choice of lender is yours. The Office of Financial Aid will process your loan with any lender you choose. Further, the list of lenders is not in any order of preference. Choose your lender carefully with the intent that you will remain with that lender throughout your studies at Life University.

These loans from Private lenders are for graduate and undergraduate students who qualify based on credit. A co-borrower is required if you are a freshman, a foreign student, have no credit history or have a low credit score. Interest rates and fees are variable. Students apply directly to a lender of their choosing once approved the lender will contact the school for processing.

Emergency Loans -

Offered to provide short term assistance to students in crisis situations. Documentation is required. Contact the Office of Student Accounts.

Financial Aid Budget Increase Policy

In compliance with federal guidelines, the Office of Financial Aid has determined a cost of attendance that includes tuition, fees, books and supplies, living expenses, personal expenses, loan fees and transportation. While you may submit a budget adjustment request to increase your cost of attendance beyond standard allowances, the decision to approve or deny the adjustment is guided by professional judgment and federal guidelines.

Budget adjustments are for <u>special and unusual expenses that</u> <u>differentiate the student from other students</u>. Submitting a request does not automatically ensure that your budget will be increased. Each submission is reviewed on a case-by-case basis. The Office of Financial Aid reserves the right to deny any and all budget increases. A denial of some or all future types of budget adjustment requests may be made on a blanket basis based upon a student's individual circumstances.

This policy is for the purpose of documenting <u>unusual</u>, non-discretionary expenses that are directly related to your education. The institution will take into account whether these expenses are <u>special circumstances</u> that differentiate you from the other students enrolled in the program. If approved, a revision to your budget will not result in additional gift assistance but will increase your eligibility for loans. An increase to your established student budget means you will be borrowing additional funds to cover the approved expenses. The loans borrowed would be in the form of additional Grad PLUS or private educational loans above the <u>standard</u> cost of attendance <u>taking into account the special circumstances</u> minus other estimated financial assistance. These are credit based loans and must be approved by the Department of Education or a private lender before Life University can process your request.

Financial Aid Information -Grants, Loans, And Repayment

There are two types of budget adjustment requests:

Requests can be submitted week 2 of each quarter through the end of week 8. Requests submitted before week 2 or after week 8 will not be accepted.

SUSPENSION OF FEDERAL/STATE AID ELIGIBILITY FOR DRUG RELATED OFFENSES

A student who has been convicted of any offense under Federal or State law involving the possession or sale of a controlled substance is ineligible to receive any grant, loan, or work assistance during the period beginning on the date of such conviction and ending after the interval specified in the following table:

Possession of illegal drugs Sale of illegal drugs

1st Offense	1 year from date of	2 years from date of
	conviction	conviction
2nd Offense	2 years from date of	Indefinite period
	conviction	
3rd Offense	Indefinite period	Indefinite Period

Convictions only count if they were for an offense that occurred during a period of enrollment for which the student was receiving Title IV aid. They do not count if the offense was not during such a period. A conviction that was reversed, set aside, or removed from the student's record does not count, nor does one received when he/she was a juvenile, unless he/she was tried as an adult.

A student whose eligibility has been suspended can resume eligibility if at least one of the following has been met:

The student satisfactorily completes a drug rehabilitation program. The student successfully passes two unannounced drug tests conducted by a drug rehabilitation program.

The conviction is reversed, set aside, or removed from a student's record

Life University Check Issuance Policy For NBCE Payment

Students receiving financial aid may request that payment for Board exams be made directly from their student accounts to the National Board of Chiropractic Examiners (NBCE). Board Advances start around the week 4 of each quarter, except for summer quarter, 9 week. Students must have their financial aid awarded for the next quarter to apply. Notification will be send via email each quarter for exact times and dates of the Board Advance opportunity.

FEDERAL COLLEGE WORK STUDY AND WORK OFF CAMPUS -

Part-time, on campus employment and off-campus (community service jobs) are available to students through the Federal College Work-Study Program. REGISTRAR'S OFFICE POLICIES AND PROCEDURES

ACADEMIC RECORDS CHANGE

Student records maintained by the Office of the Registrar are official documents with permanent State, Federal, SACS and CCE legal significance. They are subject to review or audit at any time by an authorized agency or individual. Records may be changed or amended only under specific circumstances. No grades will be changed after the period for changing grades has passed.

Failed courses can not be removed from a transcript unless there is a successful repeat. When a course is repeated successfully, the failed grade is not factored into the student's GPA, except for the Master's program (all grades are factored for MS).

However, to reflect an accurate record of the student's academic history, all courses that the student has attempted in each program of study will remain on the transcript.

Beginning with Winter 2006, processes are being implemented for both the College of Chiropractic and the College of Undergraduate Studies' Undergraduate program to factor all coursework attempts into cumulative GPAs (repeated courses will no longer be factored out).

If you have a name change or social security number change, please come to the Student Advocacy Center with documentation to support the change. Students who have questions regarding their records may to bring them to the attention of the Registrar.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) Under the Family Educational Rights and Privacy Act (FERPA), the student has the right:

To inspect and review education records pertaining to the student.

To request an amendment to the student's record.

To request a hearing (if the request for an amendment is denied) to challenge the contents of the education records, on the grounds that the records are inaccurate, misleading, or violate the rights of the student.

To file a complaint if the student feels the institution has failed to comply with FERPA

Life University's Policy (under FERPA) gives the student the right:

To inspect his/her records. All requests for inspection must be submitted in writing. The University has up to 45 days to respond. (Every effort will be made to fill the request in a timely manner.)

- a. All students must give written permission for a third party to obtain any information from their files. The person(s) and/or organization's name, date and purpose of the file review will remain logged in the student's file. Also, the person and department who authorized the review will be noted.
- b. If a student is dependent, the parent may review the student's file without written permission. Check with the specific department for age requirements determining dependent status. Neither parents nor spouses of our students can obtain *Grade or Registration* information without the written consent of the student, on file in the Registrar's Office.

To amend a record he/she believes is inaccurate. The student must write the University official responsible for the record, identify that part of the record he/she wants changed, and specify why it is inaccurate. The University will notify the student of the decision within 45 days and advise the student of the right to a hearing if the record was not amended to the student's request.

To request a hearing. The student will be notified within 45 days of the request with the time, place and procedure of the hearing. The department which has authority for the change request will provide the committee and the procedures for the hearing.

To file a complaint. The student has a right to file a complaint if he/she feels the institution failed to comply with FERPA. To file a complaint contact: The Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20202-8520

GRADE AVAILABILITY - Web Advisor only

End-of-Quarter Official Grade Reports are available the Wednesday after classes end (12th week) each quarter.

Grades and cumulative GPAs will be available by Web Advisor for Winter 2015 beginning April 1, 2015.

(For more information -see IT section for accessing Web Advisor - page 3)

Follow the procedure outlined on page 3 to obtain information and grades by Web Advisor:

(Grade Change Information is now available immediately after the "Change" has been processed)

Grade Change Policy

Any grade or attendance dispute must be resolved **no later than the last class of the quarter**. Although the three-day period before each new quarter begins is considered time for faculty professional development, Faculty should be available to listen to student appeals for grade changes. **Students have until the second day of the first week of classes in the immediately following quarter to initiate a grade change appeal.** If the change is granted, instructors should submit a completed grade change form to the Registrar before the end of the first week of classes of the immediately following quarter. **After this date, no changes will be processed without approval of the dean of the appropriate college.**

GRADUATION INFORMATION:

The upcoming DCP graduation ceremony is **March 27, 2015** and will begin at 1:00 pm.

Preparations are beginning for the next Life University UG, MS and DCP commencement ceremonies. Ceremonies will begin at 10:00 am for UG and MS, and 1:30 pm for DCP on **June 19, 2015.**

Commencement Ceremony Participation Requirements

Students earn the right and the privilege to participate in commencement ceremonies. In addition to the tremendous hard work and the enormous effort of earning your degree, the following requirements must also be met.

All prospective graduates must:

- File a petition to graduate with the Registrar's office
- 2 Complete the mandatory record review (the current review must have been within the last six months)
- 3 Be academically complete or registered for all remaining academic degree requirements with a minimum satisfactory cumulative
 - GPA (For DCP students this includes Clinic Practicum)
 - DCP and UG degrees require a minimum 2.0 cumulative GPA
- BSD (Bachelor in Dietetics) requires a minimum 2.5 cumulative GPA
- MS requires a minimum 3.0 cumulative GPA
- Complete exit interviews with the offices of:
- Career Placement (through Student Services and is required for all UG degrees)
- Exit Exam (required for business degrees only)
- Financial Aid
- Student Accounts Perkins Exit

GRADUATION PARTICIPATION POLICIES:

DCP students may participate in the graduation ceremonies if you have already completed or are **scheduled to complete** your requirements in the quarter in which they are graduating.

(Ceremonies are to be held four times a year)

Undergraduate students may participate in the graduation ceremonies if you have already completed or are **scheduled to complete** your requirements in the quarter in which they are graduating.

(Ceremonies are to be held twice a year, June & December only)

Graduate students must meet the eligibility requirements as set by the Graduate faculty. A graduate student will be eligible to participate in the graduation ceremony during the quarter in which he/she is registered and takes the comprehensive exam, or completes the thesis defense.

(Ceremonies are to be held twice a year, June & December only)

The University reserves the right to alter the minimum requirements to participate in the graduation ceremonies.

A student's inclusion in a "graduation program" and/or participation in a commencement ceremony does **not** mean a degree has been conferred. A student will not be considered a graduate until all requirements and obligations to Life University have been met.

Graduate Record Review (for prospective graduates)

- DCP 12th Quarter and Above Students
- Senior Undergraduate Students (having completed 155 hrs.+ in your designated degree program)

• Second Year Graduate Students

(upon recommendation of your advisor & eligible or planning to take the Comprehensive Exam within the graduating qtr.)

Mandatory Graduate Record Review appointments for March 2015 and June 2015 prospective graduates will start Monday, January 26, 2015 and end Friday, February 6, 2015 (Weeks 3 and 4). Weeks 3 and 4 are the last available appointments for March 2015 prospective graduates.

To schedule a Graduate Record Review appointment go to lattiss.com and enter Anitha Green in the "find" search box to sign up for your appointment. When scheduling your appointment you **must** indicate your academic program and anticipated graduation date. Graduate Record Review appointments resume again from March 2, 2015 to March 13, 2015 (Weeks 8 and 9) for students that still need to schedule appointments for June 2015.

Graduate Record Review appointments last approximately 10-15 minutes. Please arrive 5 minutes early.

You **must** bring your student ID to your record review appointment.

Prospective graduates **must** schedule a graduate record review appointment and petition for graduation.

All prospective students for **Level III Clinic** (Peak, Outreach, International Clinic) are required to complete a record review before being allowed to enter Level III Clinic.

No diploma will be ordered without a signed petition to graduate on file. No final official transcript or diploma will be issued until the Registrar's office has determined all requirements and obligations to Life University have been met.

TRANSCRIPTS AND TRANSCRIPT RELEASE:

An **Official Transcript** is based on course grade information available at the time a transcript is requested. The request is processed as soon as possible and is not held until the end of the quarter.

If you require transcripts to be sent reflective of the most current academic term to state boards or other institutions, please request "Final" or "Graduate" official transcripts.

Final official transcript requests are held until the current quarters grades are processed then mailed to the requested destination.

Graduate Final official transcripts are held until a student clears all academic and financial obligations to the University and the student record reflects an official graduation date.

ENROLLMENT STATUS

Enrollment Status Verification for Life University can be obtained from Student Advocacy Center upon request.

Full-time status:	CUS	UG	12-20 hours
		DI	12-20 hours
	CGSR	MS	9-16 hours
COC DC	12+ ho	urs	
Half-time status:	CUS	UG	6-11 hours
		DI	6-11 hours
	CGSR	MS	5-8 hours
COC DC	6-11 ho	iirs	

College of Chiropractic Enrollment Status Notes All DC students are expected to maintain full-time status unless under special contract or academic restriction.

DC students have a maximum of eight (8) calendar years to complete the program. Students not completing an average twelve (12) credit hours per quarter may not be able to meet this deadline.

In an effort for students to be able to complete the DC program requirements in less than 14 quarters, the maximum hours a DCP student may take has been raised to 31 hours (additional tuition per credit costs will apply). This applies to any good academic standing DCP student who is 2nd quarter (completed as least 19 credits) or above and has at least an institutional cumulative GPA of 3.00 or above and has no classes/clinic that is being/needed to be repeated.

Each student must maintain good academic standing plus standards defined as above in order to be able, in succeeding quarters, to continue to attempt 31 hours.

Dual enrollment

Dual enrollment is when a student is concurrently enrolled in more than one academic program and level. It should be noted that the program level in which the student has full-time status governs financial aid matters. (This is not the same as dual major which is concurrent enrollment within the same program level).

ENROLLMENT STATUS AND FINANCIAL AID

Qualifying for most types of Financial Aid depends on your primary program. You must be enrolled a minimum of 6 credit hours in either; the UG, DI or DC program or 5 credit hours from MS program.

Unapproved Multiple Clinics will be deleted for those in noncompliance.

Multiple Assemblies

A DC student who needs more than one assembly can be seen in the Student Advocacy Center if;

a. The student is in eleventh quarter or above or for students finding it necessary to "catch up" in order to graduate on time.

b. or see NBCE Preparation Assemblies above)

c. Otherwise must see COC Dean's Advisor

7. Dual Degree Program

A student is eligible to enroll in two programs if they have been admitted to more than one program. After they register for their DCP classes, dual COC, CUS, and/or CGSR students must register with their respective UG or MS advisor for their remaining, other than DCP, classes.

8. Time Conflicts

You are not allowed to remain registered for courses which meet at conflicting times without the Dean's Office written approval.

9. Change in Registration for Chiropractic Assemblies

Life University takes pride in the many speakers and invaluable information that students receive during assemblies. It has come to the University's attention that some students forget to register for them or register for the wrong assembly and do not realize the error until the point where add/drop fees are assessed. Since assembly is a graduation requirement, we would like to keep this event positive as well as non-punitive. As a result, we have decided, effective immediately, to allow for "extended" registration for the following courses: CPAP 1104, CPAP 1207, CPAP 1308, CPAP 1500, CPAP 2109, and CPAP 3214. This means students who are capable of registering themselves via Web Advisor will be able to register for the courses listed above beginning with pre-registration through the end of week 1of the quarter for which they are registered. From week 2- 9 you can register via the Student Advocacy (or the COC Dean's Advisor). You will not be charged an add/drop fee for adding or dropping these courses during that time frame.

For example, if you are enrolled in the DC program for Summer Quarter you may register for the appropriate assembly beginning eighth week of Spring Quarter and ending ninth week of Summer Quarter without incurring any add/drop fees. While this policy is intended to reduce the economic stresses of adding and dropping courses, we would remind and encourage you to register during the appropriate time frames to avoid unnecessary confusion. Those students who are not able to register themselves via Web Advisor will have to complete the add/drop process at the Student Advocacy Center.

10. Independent Study

A student needing an independent study course,

- a. can be seen by the Student Advocacy Center to qualify the UG student eligibility or COC Dean's Advisor for DC eligibility, or.
- b. has been accepted into the DCP "Research Tract" and the independent study is part of the Research Tract Plan.
- c. and/or has written permission from their respective Dean's Office.

11. Overload Registration

CUS and/or CGSR Students must go to their respective Dean's Office and then come to the Student Advocacy Center, after their assigned pre-registration time if they will exceed the maximum hours for their primary program.

COC Students may come to the Student Advocacy Center first, if they are in "academic good standing" and cumulative GPA meet the current policy for Overload, otherwise the student must go to the COC Dean's Advisor Office after their assigned pre-registration time.

The normal maximum load for students of good, academic standing is 26.50 credits (except for 4th qtr. which is 27.50 credits).

Students who wish to take more credits must have a GPA of 3.0 or above. Students not in compliance will be removed from the excess hours and notified by email week 2.

12. Auditing Courses - Policy and Procedure

Students wishing to "audit" classes must come to the Student Advocacy Center. (Except COC transfer students who must see the designated advisor in the COC Dean's Office)

Financial Aid monies are not available for audited classes nor can audited classes be used toward "Satisfactory Academic Progress" (SAP).

Individuals wishing to audit classes at Life University may preregister at any time. (Except COC transfer students who must see the designated advisor in the Dean's Office during preregistration) Paperwork is held and processed the 2nd Monday of each quarter. Auditing placement is based upon seating availability. Proper paper work obtained from the Student Advocacy Center must be filed before the quarter begins. Students should attend planned classes while waiting for the paperwork to be processed. Accepted students' names should appear on the official class roster of the courses audited. The courses being audited should also appear on the student's approved schedule of courses. Should seating be unavailable, the Student Advocacy Center will attempt to notify the student as soon as possible after the 2nd Tuesday.

No degree credit is granted for courses scheduled on an auditing basis, and students are not permitted to change to or from an auditing status except through the regular procedures for schedule change. The grade for auditing is AU (Audited). The grade of AU will have no effect upon the student's grade point average, and students will not be permitted to have the audit grade changed at any future date.

Guidelines for Registration and Registration Reminders

Full-time UG students may audit a course in addition to their 20-hour limit, and dual degree DC students may audit a course in addition to their 31 hours. Auditing is available to students, staff and faculty as well as interested persons from the general public. Students who audit an entire course will be charged \$100.00 per course or students who audit portions of a course(s) will be charged \$100.00, in units, per 30 course hours.

Students on academic restrictions are encouraged or may be required to make use of this opportunity. Priority will be given to regular students over an auditor for a filled class. **Students who are auditing are not allowed to take tests**

The policies may be modified under the terms of an "performance contract" including registration priority and/or testing privileges and/or terms of requirement.

13. Prerequisites

The Web Advisor registration system should not permit students to preregister for courses for which they lack prerequisites unless the student is currently enrolled in the prerequisite course(s). Students who later fail the prerequisite course(s) should adjust their schedules during the registration period or, at the very latest, during add/drop. **Students who do not adjust their schedules to meet prerequisite requirements may be dropped from any course for which the prerequisite has not been met**. This will be done around the 2nd week of classes, and you may be charged a fee of \$25 per course.

If such action is taken, e-mail notices are sent to the student via blackboard immediately during the same week.

Life University's recent technology upgrade for academic records will allow the College of Chiropractic to track students who are enrolled for courses without completing their required prerequisites. Prerequisites for courses will be strictly enforced to the extent that class roles will be checked during the quarter and any student who has not completed the prerequisites will be dropped from the course without warning and too late in the quarter to add another course. A decrease in credit hours caused by a drop in course load could change your Financial Aid status and result in unnecessary tuition expense.

Please check your prerequisites carefully!

14. Readmitting Students

Readmitting students are those who have not attended classes for one or more quarters. These students must report to the Student Advocacy Center to obtain permission to readmit and may then register at the Student Advocacy Center any time before 5:00 p.m. the day after their class does. Deadline for readmission is the first day of classes.

15. Reapplying Students

Reapplying students are those who have been inactive/withdrawn/dismissed for three (3) quarters or more. These students must reapply through Enrollment Management. Upon reacceptance and permission to readmit, the reapplying student may then register at the Student Advocacy Center any time before 5:00 p.m. the day after their class does. Deadline for reapplying is thirty (30) days before the first day of classes.

16. Clinic Re-entry Requirement

DCP students, who have been inactive in clinic for one (1) quarter or more, or are transferring from another school into Life's clinic experience, must be processed for clinic re-entry by registering for CLIN 5600—Clinic Re-Entry Exam (\$30.00 fee—Pass/No Pass). A No Pass in CLIN 5600 requires re-registration for another CLIN 5600 at additional fee... (See Clinic Info and/or Blackboard listing for more details).

17. Dry Labs

If you are authorized to pre-register for a dry lab, be sure to register using dry lab schedule listing, Section "Q". After the first week's Wednesday, you can only register at the Student Advocacy Center and you must bring a memo from the Student Success Center

18. Student Schedules

It is recommended that you print a copy of your academic schedule at your convenience. Schedules can be printed in the library for a fee.

19. Student Success Center

Students who require special assistance in the registration process should contact the Student Success Center (770) 426-2725 for accommodation.

20. Add/Drop Reminder

Students may make changes to their schedules by web during the listed Add/Drop posted dates for a \$25.00 per item fee. (Prior to Add/Drop dates, changes may be made to schedules without charge.)

WEB PRE-REGISTRATION INFORMATION

All current UG and DC students, in good standing, should register by Web Advisor. Times are based on your class status classification at the end of the preceding quarter. You can find your class status classification on that quarter's grade report or your current schedule.

Note- You must know your password to login and register with Web Advisor

MS students: There is no Graduate (MS) Student Web registration access but students may pre-register with their MS advisor's signed approval at the SHS Dept. beginning Monday, September 8, 2014.

HOW TO BEGIN REGISTATION BY WEB ADVISOR

NOTE: Registration will be available; only by Web access (Web Advisor), at the Student Advocacy Center (if you have a registration hold), and/or with DCP, UG & MS Advisors

Step 1—Fill out your Registration Worksheet:

- Use the Academic Quarterly to obtain the course code for each course you selected.
- **Include all the leading zeros** in the course codes.
- Write down any conflicting or closed classes in order to keep track, and prepare alternate course selections in case of conflicting or closed classes.

If this is your first encounter with Web Advisor, continue as below otherwise if you have used Web Advisor before Skip to Step 5.

Step 2—Find your LU email address

- What's My LU email address? (or another member of the Life University Community) (from page 2):
- Go to the Life University webpage- http://www.life.edu Click on "Quick Links" "Directory"
- b.
- Type in your last name find official LU email address

Step 3—Check your email

- Go to the Life University webpage- http://www.life.edu
- Click on "Current Students" find the group for "Student Services", find "Webmail" (near the bottom of the list)

(http://webmail.student.life.edu)

- USER NAME: is the first part of your email address. So, everything c. before the @ sign.
- PASSWORD: is the first initial of your first name and the first initial of your last name and the last 4 digits of your SSN (if you don't have a SSN, the last 4 digits of your Student ID).

Step 4—Open and read the email in your mailbox named Life University Web Advisor

Write down your Web Advisor Login and Temporary Password

Web Advisor is how you register, view your grades, track your financial aid, and review your account balance.

Step 5—To get into Web Advisor

Go to the Life University webpagehttp://www.life.edu

Point on "Current Students" slide to "Registration" slide to and click on "Web Advisor"

Click on Login

USERNAME: get from email sent to you, or click on "What's My User ID?"

PASSWORD: get from email sent to you. If you forget it in the future, click on "Reset My Password" and it will be emailed to you.

After you log in (the first time you access Web Advisor) you will be prompted to change your password. Your new password must contain both letters and numbers, be at least 6 characters in length but not more than 8, and is case sensitive. You might want to make it the same as your Blackboard and Email passwords (the first initial of your first name and the first initial of your last name and the last 4 digits of your SSN).

Instructions for Web Registration Step 6—Register for classes

After logging into Web Advisor click on Register for Sections Next, click on Search and Register for Sections

Select the appropriate term (Fall, Winter, Spring, Summer) Search for Subject or if you know the 4-letter Subject

Name, Course Number, and Section Number, you can enter them

Click Submit

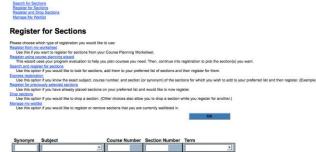

Check the Select box for all classes for which you plan to register

Click Submit d.

When prompted in "Action" click Register e.

Click Submit to register (if there are no conflicts).

Note: Your new schedule will be displayed to confirm your successful registration.

FOURTEENTH	315.00 - 333.00
FIFTEENTH	334.00 - 999.00

Minimum 340-341 Hours Are Needed To Graduate.

If You Have Any Questions Regarding Your Current Quarter Status Check Your Last Grade Report.

The maximum hours a DCP student may take is 31 hours (with additional tuition per credit costs applying).

This applies to any good academic standing DCP student who is 2nd quarter or above (completed as least 19 credits), has a minimum "Institutional Cumulative" GPA of 3.000 or above and has no current unresolved failed classes/clinic.

Each student must maintain good academic standing plus standards defined as above in order to be able, in succeeding quarters, to continue to attempt 31 hours.

For CGSR - Masters Students

There is NO (pre) registration via the web. (Pre) registration can be done at your MS Advisor's office

Academic Restrictions

Most students with academic restrictions cannot pre-register but must wait until the quarter's grades are available. (Restrict via various registration holds) An academically restricted student must coordinate desired pre-registration, registration and "Adds" through their respective Dean's office or their designate until achieving "Good Academic Standing."

CIM 101-DE Courses

Students attempting to take the online format of CIM101-DE must possess their own computer meeting certain hardware and software standards. A Computer Verification Form is available at BUSINESS.LIFE.EDU which provides the requirements. This form MUST be submitted at a Day 1 Orientation Meeting in Room 234, at 3PM in order to be eligible for registration which will be on a "first come; first serve" basis. No late registrations will be allowed. This meeting and form does NOT apply to students taking the traditional in-seat format of CIM101 in the labs.

CUS Advisement, List of Advisors, and Undergraduate Degree Offerings -

Advisement

Life University recognizes the role of advisement in the educational process and the responsibility of both our PASS Advisors and our faculty in providing effective advisement. Advisement does not focus exclusively on the students' course scheduling but represents an opportunity for PASS Advisors, faculty advisors, and the University to express a special interest in both the personal and academic welfare of the student.

Academic involvement in student advising includes advisement in the area of academic preparation and mentoring to students. Advisors provide individual advisement to students, serve as club advisors, and mentor students in career path choices and other areas as needed.

Advisement and registration for students in the <u>College of Undergraduate Studies</u> is coordinated by the Coordinator of University Advisement along with the Dean and respective department heads. (*See a list of advisors below*)

Advisement dates

Advisement for returning students is available throughout the quarter. Pre-registration advising appointments begin Week 7 and continue through the end of each quarter. All Students who entered Fall 2009 or later must see their advisor (PASS or faculty) prior to pre-registration in order to be cleared for Web Advisor pre-registration. Students may be advised by their PASS Advisor or faculty advisor.

Please remember these advisors are there only to expedite and assist. Under absolutely no circumstances are their recommendations valid if it contravenes existing, published University policy.

You are responsible for your schedule and your education.

Total after 7th quarter: 136 credits (Note: 135 quarter hours necessary for DC admission)

Please note that this is based on matriculating in the Fall and attending school in the Summer. Other start dates may require modification of this schedule.

The Pre-chiropractic program and the degree-seeking BS in Exercise Science program will satisfy all admissions requirements to enter the Doctor of Chiropractic program.

There are 37 credits that can be transferred down from the DC curriculum that can be applied to the BS in Exercise Science program. These include:

BIO 201Anatomy and Physiology I – 5 credits BIO 203 Anatomy and Physiology II – 5 credits SHS 412 Biochemistry of Exercise – 5 credits

Science electives (up to 17 DC credits can substitute for SHS electives) and 5 credits of free electives. These classes can be satisfied by completing first and second quarter DC.

An additional 15 credits are needed to obtain the BS degree. These can be earned simultaneously while the student is in the DC program. Missing classes include:

SHS 428 Clinical Exercise Physiology – 5 credits SHS 480 Research Methods – 5 credits SHS Electives – 5 credits

The BS in Exercise Science is an excellent way to prepare for entrance into the Doctor of Chiropractic academic program. Students are given an overview of physiology and biochemistry as it is applied to exercise. In addition, upon completion of the degree, students should be able to find a job in the fitness/wellness/exercise field to help support their chiropractic education.

All students considering a degree in Exercise Science should come by the Sport Health Science Department (bottom floor of the Sport Health Science Building) to meet an undergraduate advisor (Room 150).

Total of 135 quarter hours of Undergraduate coursework is required to enter the chiropractic program (DC program). Students can transfer down 53 credit hours from the Chiropractic program into the Undergraduate program in order to fulfill Biology requirements, Biology electives, and free electives to complete a BS in Biology.

Credits taken in an Undergraduate program cannot be given advanced standing toward a DC Degree, based on the following from the CCE Standards.

"Credits considered for transfer must have been awarded for courses taken in a DCP accredited by the CCE or in a program accredited as a first professional degree in one of the health sciences by another nationally recognized accrediting agency, or in a graduate program in an academic discipline closely related to the health sciences offered by an institution which is recognized by a national accrediting agency."

BACHELOR OF SCIENCE DEGREE IN BIOLOGY/ PRE-DC STUDENTS

The following required/elective courses for the B.S. in Biology will credit down from the DC program. Therefore, these classes should <u>not</u> be taken by students planning to enter the DC program.

BACHELOR OF SCIENCE DEGREE IN EXERCISE SCIENCE, NUTRITION, PSYCHOLOGY OR BIOPSYCHOLOGY/PRE-DC STUDENTS

Students can also fulfill their pre-DC-requisites, completing the 135 quarter hours entrance requirements while pursuing these degrees. Students should see the individual department's advisors for information on which DC classes will transfer down and be applied towards the abovementioned degrees.

Spring 2013 Pre -Chiropractic Advisor Admission Worksheet Based on CCE 2014 Standard)

All matriculants must furnish proof of having earned a minimum of 135 quarter* hour credits of appropriate pre-professional education courses at an institution or institutions accredited by a nationally recognized agency. Included in these credits must be a minimum of 66 quarter* hour credits in, (specific seven areas of distribution) listed course areas. In addition, all matriculants must have earned a cumulative grade point average of at least 3.00 on a scale of 4.00 for the required 135* quarter hours. In situations in which one or more courses have been repeated with equivalent courses, the most recent grade(s) may be used for grade point average computation and the earlier grade(s) may be disregarded. A minimum of 30 quarter credits of General Studies (including College Algebra, Social Science and English) and 36 quarter credits of Sciences (including Biology, General Chemistry and others) are required. In each of the seven distribution areas, no grades below 2.00 on a 4.00 scale may be accepted. (*Quarter hour credits have been converted from equivalent semester hour credits)

With the exception of those classes "cross-listed" with the DC program, all classes in Undergraduate program are now numbered / patterned as follows: All 10 wk and accelerated 5 wk courses with the same course title will be numbered the same. Differentiation between 5 & 10 wk lab courses will be done by section. All standard (10 wk) class sections with a lab section will start with a 1 (i.e. 1A, 1B, etc.) All accelerated (5 wk) class sections will start with a 5 (i.e. 5A, 5B, etc.) All lecture class numbering will follow a similar pattern but, 51 is used for 1st 5 wk, 52 for 2nd 5 wk, or 10, 11 for 10 wk. classes.

COLLEGE OF CHIROPRACTIC CLINIC COURSE ANNOUNCEMENTS

CPR REQUIREMENT FOR CLINIC

Effective Spring 2008 CPR has been removed from the active DCP curriculum, however, an active CPR card is still required to pass CLIN 3507 and subsequently enter CLIN 3608 (Prerequisite for CLIN 3608) in FALL 2008 and thereafter.

Life University no longer offers CPR training in the curriculum. In order to register for CLIN 3608, each student must show proof of a current 2 year CPR certification that includes training on the adult, child, infant, and the automatic external defibrillator (AED).

Please note that these classes fill up very quickly so plan accordingly.

See below some available training sites in the area:

Well Star Health Place, 330 Kennestone Hospital Blvd., Marietta, GA 30060

CLINIC PRACTICUM ANNOUNCEMENTS:

BLACKBOARD FOR CLINIC:

All clinic courses are managed through Blackboard. Each intern is responsible for reviewing the course syllabi, and completing any required assignments.

CLIN 1501

Lecture meets the first Tuesday of each quarter and attendance is mandatory.

CLIN COURSES

All Clinic practicum courses are accessible through the Clinic Systems Blackboard site. CLIN 3608 and 3609 share the Level I clinic Blackboard site. CLIN 3710, 4711 and 4712 share the Level II clinic Blackboard site. CLIN 4813 and 4814 share the Level III clinic Blackboard site. These Blackboard sites will serve as a venue to acquire clinic information. It will be updated on a regular basis with useful and necessary information.

Clinic Electives Student and/or Outpatient

If you do not pass OSCE; and are ineligible for outpatient CLIN 3710, but have passed CLIN 3609, or passed CLIN 4712 but not eligible for CLIN 4813, you can continue in clinic and avoid the need for a clinic re-entry exam. You may enroll in the appropriate student/outpatient clinic elective 5700 (9th)/ CLIN5800 (12th) the following quarter to continue patient care while you re-attempt OSCE. See OSCE information below or refer to the OSCE Blackboard site for all other information regarding OSCE.

Clinic Elective for PEAK or Outreach

With permission and upon successful completion of 12th qtr. clinic (CLIN4712) and passing OSCE CLIN 4801, you may register for a *Performance: Excellence, Art, and Knowledge* (PEAK) or Outreach Clinic elective; designated CLIN 5823.

When registering for a Clinic Elective, either CLIN 5700, CLIN 5800, or CLIN 5823 be aware that there is a course fee of \$316.00, which is equal to one credit tuition, although each course carries no credit and can be taken in addition to a normal full time academic credit load.

*Beginning Winter quarter 2012 to be considered "Active" in the clinic electives (CLIN 5700, CLIN 5800, or CLIN 5823) you must complete 10 spinal adjustments, 1 physical and 1 x-ray.

PUBH 5545 - PT Clinical Practicum

This is a zero credit class course that specifically includes 30 patient PT procedure office visits through the Clinic's Functional Rehabilitation Facilities. There is a \$316.00 tuition billing charge (equal 1 credit of prevailing applicable DC tuition rate - see page 1) (This course is required for licensure eligibility in California, & Ohio.)

PUBH 5850 - PT Clinical Practicum

This is a zero credit class course that specifically includes 150 hours of practicum time and 30 patient PT procedure office visits through the Clinic's Functional Rehabilitation Facilities. There is a \$316.00 tuition billing charge (equal 1 credit of prevailing applicable DC tuition rate see page 1) (This course can be used for licensure eligibility Maryland, California, & Ohio.)

Clinic Practicum

For those interns who are registering for Clinic Practicums this quarter, please note. You are required to select a Clinic Practicum listed in the schedules that represents your next clinic level. Each selection presupposes the following conditions are applicable;

- 1. Your choice is within compliance with the prerequisites for that level of Clinic Practicum. (You have completed or in the process of completing prerequisites)
- You have not attempted this Clinic previously and received a "P." (You cannot pass the same Clinic practicum twice)
- As of Spring 2007 PEAK Clinic has a different registration section than the main clinic. In Summer 2007 Outreach and International (as available) will be provided separate section designations.

Course Presentation for Level II New Fall 2011

You are required to review the clinic presentation on Blackboard at the Level II clinic site. After completion of the presentation, you must complete the assessment, and the clinic agreement policy found under the assignment tab. All three items must be completed by Saturday at 1pm 3rd week of the quarter. If the clinic presentation, assessment, and agreement are not completed by Saturday at 1pm 3rd week of the quarter, the intern will no longer be able to participate in patient care in the clinic or accumulate quantitative requirements. Failure to comply will result in a NP for the Level II Junior Clinic Outpatient Practicum in which you are registered. Any issues with completing the assignments before or by the deadline please contact the C-HOP Director, immediately at Bernadette.lavender@life.edu

Outpatient Clinic Hours -

Center for Health and Optimum Performance (C-HOP)

Monday through Friday: 8:00a.m. -7:30 pm; No patients will be seen before 8:00 a.m. nor from 1:30 p.m.-3:00 p.m. on Monday through Friday. Interns may request files at 7:45 a.m. and at 2:45 p.m. on Monday, Tuesday, Thursday & Friday.

Saturday Hours: 8:00 a.m.- 1:00 p.m.

Student Clinic Hours

Campus Center for Health and Optimum Performance (CC-HOP) Monday 8:30 am to 7 pm, Tuesday 8 am to 7 pm, Wednesday 9 am to 1pm, Clinic closed from 1 pm to 5 pm, reopens 5pm to 7 pm, Thursday 8am to 7pm and Friday 8:30am to 7pm.

Patient Care During Break: IMPORTANT!!!

All interns <u>must be enrolled</u> (registered for following quarter) in a clinic practicum during break to administer patient care. You WILL NOT be allowed to see patients if you are not registered.

Clinic Handbooks

Please review the Clinic Intern Handbook(s) and the clinic site on Blackboard for updated clinic, radiology and patient categorization procedures.

The Clinic Intern Handbook, Clinic Radiology Handbook and Outreach Handbook can be found on Blackboard: Course: CLIN 411.

Level III Handbook as well as PEAK, Outreach, and International are posted on Blackboard in the Level III Clinic area.

Please refer to this site for questions concerning general clinic guidelines and rules.

Log Sheets

Interns are required to keep a current Patient Case Management Log and have it available during advisement. It is the Intern's responsibility to keep an up to date Log of Patient Services. Interns are required to show proof of services rendered when discrepancies occur.

Practicum Grading

Pass (P) or No Pass (NP) are the only grades given for clinic courses. Refer to the intern handbook for clinic competency details. All work MUST BE COMPLETED by the end of business on Saturday, 11th week to receive a "P." All work completed during "breaks" will be counted toward the next quarter's milestones.

***Note:** To view the "Exception to the Practicum Grading Policy" for CLIN's 3710, 4711, and 4712 go to the class syllabi posted on Blackboard under Level II Clinic.

DOUBLE CLINIC IS AVAILABLE ***New Fall 2010*** Multiple & Double Clinics

Interns still registering for clinic practicums under the previous numbering system (Old Curriculum), multiple Clinics is for "CATCH-UP ONLY", not acceleration.

Double clinics are not available for interns until they have completely passed 12th quarter clinic, OSCE II. Requests are handled through the Executive Director of Level III Programs and the Dean of Clinics.

Double clinic will remain an option ONLY for those students who were enrolled and successfully completed RADD 4820 (Advanced Imaging) two qtrs. and passed completely CLIN 4801 & CLIN 4712 one qtr. prior before attempted double clinic. The student may not have any "during-the-week" academics in the qtr. of the attempt double clinic. Those few students completing their program under the old curriculum will have the option of taking multiple clinics to catch up to their academic level, not to get ahead. (See above)

Unapproved Multiple Clinics will be deleted for those in noncompliance.

UPCOMING CLINIC POLICY/PROCEDURE CHANGES:

NEW REQUIRED COURSE for 12th Quarter beginning Spring 2014. Students planning to enter Level III Clinic in 13th Quarter during summer 2014 or after MUST have completed *CLIN 4812 the new pre-requisite course.

* CLIN 4812 will be the new Level III Prep course. It is the required pathway to the Level III program. This course will prepare the intern for their Level III experience.

Changes in Level I and II Clinics- EFFECTIVE SUMMER 2013

All Life University students will be seen at the CC-HOP for student credit (including Masters students)

Student family members will be counted as outpatient credit Student family members can be seen at the CC-HOP at no charge or the C-HOP for fees (50% reduction to normal patient fees)

Students enrolled in CLIN 3710, CLIN 4711 and CLIN 4712 are to complete at least one case each quarter as part of the requirements to successfully complete the quarter (quarterly and cumulative requirements still apply)

Change in International Clinic Program Eligibility-EFFECTIVE SUMMER 2013

- To be eligible for participation in the International Clinic Program, students must:
- Not be on academic probation at the time of application to the program
- Have a minimum GPA of 2.5
- Submit one letter of recommendation from a Life University Faculty Clinician
 - Not have any unresolved honor code issues
- Be approved/cleared by the Coordinator of Clinic

Programs

Have a zero tuition balance prior to departure

• CLINIC REQUIREMENT REPORTING

An Intern Quantitative Summary report will be sent out to you each week on your student email address. If you have problems accessing your student email account, please contact the IT Department.

Clinic Awards

Clinic faculty and administration recognize the importance of clinical excellence demonstrated by interns and have transformed the previous "Clinic Proficiency" and "Clinic Excellence" awards to better reflect overall excellence in performance.

Beginning winter quarter 2008, the Life Clinics offer a new program to recognize and award excellence to student interns. This program incorporates achievement with the Eight Core Proficiencies and input from fellow students, faculty, staff, and patients, within a structured nomination process.

The Clinic Excellence Award may be presented to a deserving student at a Life University graduation event who has repeatedly demonstrated, throughout their clinic career, the power of the chiropractic adjustment. The recipients have achieved the worthy goal of touching and changing many lives by allowing the innate intelligence inside each of them to be expressed more freely through chiropractic care, and have done this with great enthusiasm and persistence.

The Award represents outstanding achievement in service and academic performance related to the clinics, its patients, and the University.

Criteria for the Clinic Excellence Award will be published in the Intern Handbook for student's review.

Complete program information and necessary forms are at CLIN 411 on Blackboard. Please direct any questions to Dr. Bernadette Lavender, chair of the committee.

Clinic Course and Practicum Information (cont.)

Effective Fall 2008 in the Campus Center for Health and Optimum Performance and the Center for Health and Optimum Performance.

Clinic Attendance:

Clinic attendance procedures are as follows:

- Student interns are expected to be in clinic at least three times per week for weeks 1-11 each quarter.
- Student interns doing any work in the clinic must be in clinic attire (refer to intern handbook).
- Attendance sign-in sheets will be in each faculty clinician's office. Student interns will be expected to sign-in at their assigned faculty clinician's office by initialing the sign-in sheet at least three times per week.

LEVEL III CLINIC PRACTICUMS

All 13th quarter students will complete their clinical education in a Level III Clinic Practicum Program. The options will include: *Performance: Excellence, Art, and Knowledge* (PEAK), Outreach, and International. Most will be placed in a PEAK office. Due to limited space some will not be admitted to their preferred program. Prior approval is required for all Level III courses and options.

Clinic Elective for PEAK or Outreach ***New Summer 2012***

With permission and upon successful completion of 12h qtr. clinic (CLIN4712) and passing OSCE CLIN 4801 you may register for a Performance: Excellence, Art, and Knowledge (PEAK) or Outreach Clinic elective; designated CLIN 5823

The 14th qtr program options are the same as 13th qtr. The process begins during Week 1 of the 12th or 13th quarter to declare your preferences for your 13th or 14th quarters. Level III Registration forms are available on Blackboard and in the PEAK Office and are due **by week 2** of the 12th or 13th quarter. Failure to submit the PEAK registration form by this date will prohibit participation in the PEAK program the following quarter.

You will discuss the transition of your C-HOP practice and complete advisement with your Faculty Clinician. During the 12th quarter your Level III placement will be determined. 13th quarter students need to submit a Registration form by **week 2** for their 14th quarter course.

All interns preparing to enter PEAK or Outreach must complete a Graduation Audit during 12th quarter in order to be registered for any 13th quarter clinic course. This must be scheduled with the Registrars office and most easily done during weeks 3 and 4.

Passing CLIN 4801 will be a requirement before you can participate in Level III clinic. If CLIN 4801 - OSCE II remediation is needed you will still be allowed to continue preparing for Level III as if you had successfully completed CLIN 4801 until the final grade is determined. If OSCE II Remediation is not successful, at that point you will be removed from the Level III program processing and advised by the OSCE Administrator of your options.

Requirements for Enrolling in Level III Clinic Practicums

- 1. Pass CLIN 4801 OSCE II
- Combined Student and Outpatient Credit Minimums of: 140 adjustments, 15 Exams and 20 X-rays.
- 3. Be in 13th or 14th quarter.
- 4. No outstanding C.A.R.P.'s
- 5. Pass CLIN 4812 Level III Clin. Exp. Orient. (Beginning Spr 2014)

Course Numbers

CLIN 4813 - 13th Qtr. - CLIN 4814 - 14th Qtr. - 7 credits CLIN 4834 - 14th Qtr. - CLIN 5833 — 13th Qtr. - 12 credits CLIN 5854 — Elective - International Clinic - 12 credits NEW REQUIRED COURSE for 12th Quarter beginning Spring 2014. Students planning to enter Level III Clinic in (13th Quarter) Sumer 2014 or after must have completed CLIN 4812. CLIN 4812 will be the new Level III Clinic Experince Orientation course. It is a required pathway to the Level III program. This course will prepare the intern for their Level III experience.

Find More Information on Blackboard under Level III Clinic. Double PEAK

A student may request to take a double clinic in Level III when filing the Registration Form with the Executive Director of Level III Clinic Programs. All classwork needs to be completed in order to qualify for this option.

PEAK COURSE WEEKLY HOURS REQUIREMENT/OPTIONS

Single PEAK - 15 hours per week

Double PEAK - 31 hours per week

Single PEAK with Immersion - 26 hours per week
Double PEAK with Immersion - 42 hours per week

LEVEL III IMMERSION PRACTICUM

Immersion is a way to earn elective credit hours during your PEAK experience. The term immersion signifies that you are more fully "immersed" / integrated in the PEAK experience by spending more time in the office. An immersion course is 12 credits; covers 6 clinic credits, 1 assembly and a maximum of 6 elective credits. **

** Although students/interns may register for more than one 12 credit Clinic Courses listed above, the "up to 6 clinic elective credits" can be used only once toward the total 18 credits of elective required toward graduation.

Immersion does not increase the number of x-rays, adjustments or physical examinations to reach your clinic practicum milestones. The extra hours you will spend in the PEAK office will allow for a more rich and diverse experience.

Double PEAK with Immersion (only qualify for double PEAK if all "during the week" coursework has been completed). This does not necessarily mean the office needs to be open 42 hours per week (many offices are not) but that the PEAK doctor will agree to supervise and direct your learning opportunities for that amount of time per week.

Red Line Clinic Clearances

All 12th quarter interns must see your clinic advisors concerning 12th quarter red line prior to entering Level III and to receive a passing grade for 12th quarter clinic. Go to Level II clinic on Blackboard for instructions. (This also includes interns in CLIN 5800)

All 14th quarter interns must complete a clinic clearance /redline prior to graduation (with the Director of Clinic Advisement) to receive a passing grade for 14th quarter clinic.

PROGRAM DESCRIPTIONS

P.E.A.K.:

This clinical experience focuses on the opportunity to work under the direct supervision of Life University Extension Faculty, providing chiropractic care in the doctor's private office. The office may be located in GA or in an approved state or in one of the International offices. Additional PEAK options are available in C-HOP, Functional Neurology Center, and Research.

All PEAK options require prior approval before registration is allowed.

OUTREACH:

The Outreach option is an 11 week clinical experience that encourages community participation with a service oriented mind set. This is a special opportunity to serve the underemployed, unemployed or otherwise disadvantaged population. Under the direct supervision of Life University clinic faculty, your clinical knowledge and skills will be enhanced by a challenging and complex patient base. This is an awesome and fulfilling learning experience.

Clinic Course and Practicum Information (cont.)

INTERNATIONAL CLINIC:

This clinical and cultural experience will offer learning experiences with both patients and citizens of the chosen international destination. Interns will work under the direct supervision of Life University Extension Faculty members providing chiropractic care in a private office.

Current destinations include: Argentina, Ghana, Peru, Singapore, Sweden, and New Zealand. Participation is limited, so interested students should contact Camille Sullivan at camille.sullivan@life.edu.

UNDERGRADUATE STUDENT POLICY:

All undergraduate students currently enrolled at Life University and their families may utilize the Student Clinic. The undergraduate students and their families will receive care at no charge in the Campus C-HOP (Student Clinic).

CLINIC GRADUATION REQUIREMENTS

In keeping with the Standards for Doctor of Chiropractic Programs by the Council on Chiropractic Education, the following will be effective for interns who enter the Life's College of Chiropractic clinic system (8th quarter interns) in the Summer quarter of 2007 and thereafter, as approved by the Clinic Council Fall 2006: See Graduation Summary chart below.

For a complete review of the Council on Chiropractic Education Standards, please see their website at: www.cce-usa.org

SUMMARY OF GRADUATION REQUIREMENTS Beginning With 8th Quarter CLIN 3608

	ST	OP	Total
Spinal Adjustment	0-50	200+	250
Case History	0-9	16+	25
Examination	0-9	16+	25
Diagnosis	0-9	16+	25
X-rays	0-6	24+	30
Patient Cases	0-4	8+	12
OSCE	9th qtr.	12 th qtr.	2

Adjustments:

As a fundamental element in the direct delivery of patient care, quantitative requirements must include a minimum of: 250 spinal chiropractic adjustments, provided during 250 separate encounters (200 must be non-student* patients).

History

A total of 25 case histories must be performed on at least 20 different patients. Of the 20 different patients, 16 or more case histories must be performed on non-student* patients.

Examination

A total of 25 physical examinations must be performed on at least 20 different patients. Of the 20 different patients, 16 or more physical examinations must be performed on non-student* patients. <u>All examinations must have a CMR, even if the credit has been pulled</u>

Diagnosis:

A diagnosis on 25 patients, each with defined case management plans must be performed on at least 20 different patients. Of the 20 different patients, 16 or more diagnosis must be performed on non-student* patients.

Radiographic Studies:

30 radiographic procedures; 20 of which must be accomplished through direct patient care and the remaining 10 may be attained through accessory credit.

Evaluation and Management:

Evaluating and managing 35 cases, which, due to their complexity, require a higher order of clinical thinking and integration of data. This would include cases, which demand the application of imaging, lab procedures or other ancillary studies in determining a course of care, or cases in which multiple conditions, risk factors, or psychosocial factors have to be considered.

Patient Case Definition

Interns, who entered the clinic system starting (8th quarter interns) in the winter quarter of 2005 and/or thereafter, are required to complete 12 live cases.

A minimum of 12 cases must be live-patient cases (8 of which must be non-student* patients and 2 of which may be categorized as wellness patients)

At least 10 of these live cases must demand the application of imaging, lab procedures or other ancillary studies in determining a course of care, or have multiple conditions, risk factors, or psychosocial factors that have to be considered and no more than 2 others may be categorized as wellness patients.

In order to receive credit for a live patient case, the following completed procedures will be required

- 1. History
- 2. Physical examination
- 3. CMR (Case Management Review)
- 4. At least one subsequent adjustment

AND/OR

5. Appropriate, documented follow-up

Non-Student definition:

Of the 12 live cases required, 8 cases must be non-students.

A non-student patient is a patient other than a student enrolled in a Life University program or the DCP from other colleges/universities.

Refer to the Intern Handbook on Blackboard CLIN Level I, II, III for complete requirements.

Clinic Re-Entry Information For Students/Interns New Fall 2013

Students who have not been active in the Life University clinic system for 1 quarter or more must complete a Clinic re-entry exam. Each student will be evaluated for competency before returning to "Intern status" and being permitted to administer patient care.

A student who is not enrolled in a clinic class (regular or elective) but is registered to take the 9th or 12 quarter OSCE in the same quarter may, if they fully pass that OSCE, utilize that score as proof of their clinical skill in lieu of taking the clinic reentry examinations (additional Re-entry testing for non OSCE accessed areas will still be required) during the following quarter to continue on to the next regular clinic class.

*Beginning Winter quarter 2012 to be considered "Active" in the clinic electives (CLIN 5700 and CLIN 5800) you must complete 10 spinal adjustments, 1 physical and 1 x-ray.

Students needing to take the Clinic Re-entry exam should, upon returning, go to the Registrar's Office and be enroll in CLIN 5600.

The clinical re-entry areas to be evaluated include:

- Life University Clinic Policies & Procedures, including development of a diagnostic impression;
- 2. Physical Examinations: Ortho/Neuro/Visceral /Vitals;
- 3. Technique: MoPal, Toggle, and Full Spine;
- 4. Radiology: Patient Positioning, Hard and Soft tissue.
- 5. Elective Techniques are optional, but must be re-evaluated for competency in order to be used in the clinic.

Highly recommended to returning interns is enrollment in CLIN 5700 (Student Clinic elective) or CLIN5800, (OP Clinic Elective) their first quarter back. Upon successful completion of the re-entry exam, an intern can be allowed time to acquire patients and begin patient care without being held to an adjustment quota.

Updated information regarding re-entry exam dates and times can be found on the Blackboard site CLIN 5600.

Clinical graduation requirements for re-entry students will be determined by clinic administration. This will be based on the quarter an intern entered Clinic and the quarter they returned to complete their requirements. Each intern will be advised regarding his or her specific situation.

FUNCTIONAL REHABILITATION

Interns must successfully complete both PUBH 5541 and PUBH 5543 to administer patient care in the Functional Rehabilitation Facility (Prerequisite: CLIN 3608).

For PT/Rehab state licensure, PUBH 5545 & PUBH 5850 practicums permit interns complete a minimum of 30 documented PT/Rehab visits PUBH 5850 also requires 150 hours of practicum for state's consideration. It is the responsibility of the intern to check the state requirements necessary to acquire a PT license.

Clinic Course and Practicum Information (cont.)

HIPAA

Any student participating in patient care or observation must have completed HIPAA training. Contact Dr. Tim Guest (tim.guest@life.edu) if you have any questions.

STUDENT SUCCESS CENTER (SSC) IMPORTANT NOTICE:

Interns seeking academic accommodations for specific disabilities are required to submit documentation to the Student Success Center (SSC) from a qualified licensed professional (Must verify eligibility according to ADA guidelines).

Interns must submit the proper paperwork to the SSC for each written and lab exam at least 72 hours prior to the scheduled exam and lab exams by week 2. Please see disability services requirements for full details (page 10) Students enrolled in classes that have timed individually scheduled lab practicals, must inform their faculty members by the end of the second week of classes so that exams can be scheduled and any approved accommodations can be provided. Forms may be requested from your assigned clinic. (Annex C, 770-426-2725)

CLIN 3601 Knowledge COC Assembly

CLIN 3601 Clinical Knowledge Competency Test

The Clinical Knowledge Competency Test (CKCT) is a requirement of **CLIN 3601** and must be completed with a grade of 70% or greater. The grade for this test will be a "pass", "no pass" exam with 70% or better equaling a "pass". **ALL students must sit this exam and pass it with a minimum of 70% in order to continue on to CLIN 3608.**

- The exam will take place on the Fourth Tuesday (OSCE week) of the quarter at 11 AM in room C125. (Class meets Week 3, Tests week 4)
- Please follow SSC guidelines if you are requesting accommodations under the ADA guidelines for the initial exam Week Four AND the re-test Week Eight.
- If a student receives less than 70% on this test, they will be given one
 opportunity to re-test on Tuesday Week Eight at 11:00 AM. Please
 check blackboard for room assignment.

In order to be eligible to sit for the re-test, a student receiving less than 70% **MUST** contact Dr. Dahl-Gonsalves at adahl@life.edu to schedule a time to review their exam which must be completed no later than 3:00 pm Friday Week Four.

If a student fails the first administration of this test and does not attend the scheduled review sessions (Week 5-7) they **WILL NOT** be eligible to sit for the re-test and a grade of "NP" for the course will be assigned.

• This test assesses minimum knowledge competency that a Chiropractic student should have up to this point in the curriculum. Content of the exam includes: General Anatomy, Spinal Anatomy, Physiology, Chemistry, Pathology and Microbiology. For more information see the National Board of Chiropractic Examiners National Board Part I test outline at http://www.nbce.org/written/plans.html#part1. The Clinical Knowledge Competency Test follows this outline with the same approximate percentage breakdown.

Examples of questions include:

1. The lateral portion of the distal articular surface of the humerus consists of a smooth, rounded eminence known as the _____

a. condyleb. trochleac. olecranond. capitulum

2. The anconeus muscle produces what motion of the forearm?

a. extensionb. pronationc. supinationd. flexion

3. Which of the following hormones inhibits uterine contractions?

a. Estrogen b. Progesterone

c. Oxytocin d. Prostaglandins F 2 alpha

4. Which of these lipids is an essential nutrient?

a. lecithinb. cholesterolc. stearic acidd. linoleic acid

All questions regarding this exam should be directed only to Dr. Joseph Forese (Division Chair - Basic Sciences)) at joseph.forese@life.edu. Please put the following in the subject line: CLIN 3601 Knowledge Competency Test - Your last name, First Name and Stu.ID#.

GRADUATION REQUIREMENT – CHIROPRACTIC ASSEMBLY All students in the COC must complete fourteen (14) quarters of Chiropractic Assembly to graduate.

In order to graduate, you must have successfully completed 14 quarters of Chiropractic Assembly. Chiropractic Assembly is designated CPAP 1500. Each quarter, three Chiropractic Assemblies are held in the Main Gym on Thursdays of Weeks 2, 4 and 6 (subject to change). You are required to attend all three (3) Chiropractic Assemblies offered each quarter in order to earn a passing grade in Assembly for that quarter.

There is **no charge to register** for Chiropractic Assembly, and Chiropractic Assembly **does not count** for any credit hours. Consequently, your grade in Chiropractic Assembly **has no impact** on your quarterly or cumulative GPA.

All DC students expected to register for Chiropractic Assembly (CPAP1500) each and every quarter.

Attention! If you attend three Chiropractic Assemblies during a quarter, but are **not registered** for it (CPAP1500) on your quarterly registration form, your grade cannot be entered at the end of the quarter and you will not receive credit for that quarter's Assembly attendance. If you realize, sometime during the quarter, that you haven't yet registered for Chiropractic Assembly, you can register at the Registrar's Office at that time.

All Chiropractic Assembly attendance is posted on Blackboard by the Monday after an Assembly on Thursday.

If you have to miss a scheduled Chiropractic Assembly, you will be required to make it up by viewing the Assembly you missed in the Library, writing a short review of it, and turning in the written review to the Librarian.

Several other courses also count toward the fourteen (14) quarters of Chiropractic Assembly required for graduation. These include the following:

- One (and only one) quarter of an "Immersion Clinic" (either CLIN 4834, CLIN 5833, or CLIN 5854) can be used to count toward an assembly credit (Effective for Winter 2009 Graduates and thereafter)
- If you took Doctor Patient Relationship (CPAP 2311) under the old curriculum, it counts as one (1) of your fourteen (14) required Chiropractic Assemblies
- Completion of three (3) sessions of NBCE Prep Assembly (see below) counts as one (1) of your fourteen (14) required Chiropractic Assemblies: Reg 1 Crse
- Completion of six (6) sessions of NBCE Prep Assembly (see below) counts as two (2) of your fourteen (14) required Chiropractic Assemblies Reg 2 Crses
- Exemptions due to Research Tract participation & graduation plannig

Students should register for only one assembly course in any one quarter.

To register for an additional Chiropractic Assembly (CPAP 3214 – Make-up Assembly), a student must:

- Be in eleventh quarter or above, or need to complete additional quarters of Chiropractic Assembly in order to "catch up" from earlier missed Assemblies, and
- Consult with the Chiropractic Assembly Program Coordinator (Dr. Koch 770-426-2709 or dkoch@life.edu).

You must register for additional Assemblies at the COC Associate Dean's Office via Drs. Roche or Sheres.

Any Assembly Questions?

- Use your online access on Blackboard where the Assembly syllabus, schedule and attendance records are posted.
- Check the Chiropractic Assembly Quarterly Schedule on the bulletin boards outside of the Chiropractic Sciences Division office, the College of Chiropractic offices, and the Library.
- 3. Any grade changes must be submitted by Friday, 5:00 p.m. of Week 10f the following quarter. No grade changes will be considered after this date.
- Any other questions—please contact the Chiropractic Assembly Program Coordinator (Dr. Koch – 770-426-2709 or dkoch@life.edu.

GRADUATION RESEARCH TRACK IN DCP *AMENDED SPRING 2013*

Within the graduation requirements for the Doctor of Chiropractic there is now a new opportunity for those students who are interested in or develop an interest in doing research while completing their Doctor of Chiropractic degree. In addition to doing research is the opportunity for additional graduation acknowledgement by completing "Research Track" academic requirements.

The requirements for graduating and documenting the DCP "Research Track" begins by connecting with Dr. Matt McCoy, and making an application for acceptance into the "Track." This opportunity for application can normally be made after the completion of the first six quarters of the DCP.

All individuals accepted for participation must complete a minimum 21 credit hours of research. In addition to the required (for all DCP students) research classes, other research course hours will be substituted for the following;

1. Up to 12 cr. hours from 21 electives hours

2. 4 credits from the PPBM Business classes as follows:

a. PPBM 4511 Principles of Marketing	(2 crs.)
b. PPBM 4520 Small Business Management	(2 crs.)

Therefore, the Research Track consists of the following:

Research Academics required for all students DC degree:

1.	RSCH 2501	Introduction to Research	2 cr.
2.	RSCH 3601	Research Methods & Design	2 cr.
R.	SCH 3601 is not 1	required for most students who start prior to 2006,	
the	refore 2 credits wou	uld be needed from either #4 or #5 below)	

3. RSCH 4801 Sr. Research Presentation 1 cr.

Additional requirements required for "Track" = 16 cr.

4. RSCH 5686 Indiv. Research Study (Replaces PPBM) 4-8 cr.

5. RSCH 5701 Adv. Research Study (Replaces Elect.) 8-12 cr.

Total Credits for DCP Research Track; min. 21 cr.

Upon acceptance into the "Research Track," a research track graduation plan will be created, approved and signed before the plan is forwarded to the official files stored in the Registrar's Office. Part of the plan will include courses (other than Research courses) that can be taken as independent study so that additional (other than the contracted/registered research courses) "release time" in each quarter is available for pursuing research. Once placed into Research Tract assemblies are exempted (providing the student graduates with the Research Tract) (see Research Tract Handbook page 19 for information)

For further information contact (preferably e-mail) Dr. Matt McCoy, at mmccoy@life.edu.

NATIONAL BOARD INFORMATION (NBCE)

Life University qualifying eligibility for National Boards rules allows applicant/examinees to be enrolled in one final qualifying course at the time of application for either Parts 1, 2, and/or 3. The other qualifications for "certification-of-eligibility" by the Life University Registrar's Office are listed below.

Requirements/Rules for Certification of Eligibility

To take Part 1

You must have successfully completed all basic sciences and related courses through sixth (6th) quarter.

To take Part 2

All courses must be satisfactorily completed through either;

1. <u>ninth quarter, and have at least a 3.25</u> cumulative <u>GPA (with no F's)</u> or

2. tenth quarter

Assembly, clinic practicums, research & electives currently are not considered. It is strongly recommended that students be registered for or completed the appropriate, recommended, board related, 11th quarter classes.

To Take Part 3: EFFECTIVE FALL 2010

NBCE <u>requires</u> that you must have passed **all** of **Part 1** of the Boards before applying and that you be within nine months of graduation <u>at examination time</u>.

Life University will certify you if, in addition, you have satisfactorily completed all classes through tenth quarter, and qualify by either eligibility option 1 or 2 below. (To qualify for a March Exam = Graduation must be by September of the same year; for a September Exam = Graduation upcoming must be by March of the upcoming year)

Eligibility Option 1: - Standard Graduation Plan

Registered (with prereqs done) or have passed CLIN 4801 (12th OSCE) and have already completed a minimum of 265 hours (enough coursework completed {passed} to be in Twelfth Quarter).

Eligibility Option 2: - Utilizing a plan with double clinic

- Have previously passed or currently registered (with prereqs done) for both CLIN 4711 and RADD 4820 (Advanced Imaging) and,
- 2. At the end of the **CURRENT QTR**., potentially will have successfully completed a minimum of 295 credit hours, (3.0 GPA students can have 290 credit hours)
- Are eligible to register for CLIN 4801 (OSCE II), CLIN 4712 and all
 of the rest of the "during-the-week" classes the NEXT
 UPCOMING QTR., and
- Will be able to qualify for a double clinic the QTR AFTER NEXT.(either CLIN 4813 and CLIN 4814 or CLIN 4834(5854)

The options are based on NBCE's required "within 9 months" and the DCP new double clinic policy.

To Take PT Exam: (NBCE Requires)

Applicants must have passed and completed a minimum 120 hrs. PT Coursework. (Hrs. must be certified by Course sponsor, i.e. Life University)

Life University certifies eligibility if the following courses PUBH 3684, PUBH 5541, & PUBH 5543 (or the MSHS equivalents) has all been completed successfully

(The course is only considered <u>"successfully completed"</u> when a **passing grade** is earned.)

National Board (Cont.), National Board Assembly

To Take Part 4:

NBCE Requires successful completion of all parts of Part I and the applicant is within 6 months of graduation prior to taking the test. Life University requires the candidate to be Part 3 eligible at the time of application. (For this November Part 4 testing, you must be able to graduate by or before the upcoming March; for this May Part 4 testing you must be able to graduate by or before this September)

National Board Applicant Alerts

National Board Applications that are to be certified for eligibility by the Registrar's Office must be submitted prior to the posted **NBCE deadline** date. Any application presented after stated normal deadline will be treated accordingly.

(Only Retaking Exam(s) does not need to be re-certified)

Applications submitted after the normal deadline and prior to the Tuesday's NBCE postmarked, late deadline date, will be evaluated for certification by the Registrar's Office. It will be considered late and you will need to pay the NBCE \$50.00 late fee.

Applicants who are deemed not eligible for all or part of the requested exams will have their applications returned or adjusted. New, correct money orders will need to be submitted, as necessary, as soon as possible.

Please be advised: The Registrar's Office will not be responsible for any applications that are mailed in to their office. Therefore, if you intend to mail your application, please verify with the Registrar's Office that it was received.

NBCE Parts 1, 2, and 3 required in all states and US territories including the District of Columbia, the Virgin Islands, and Puerto Rico (2009) toward Chiropractic License eligibility.

NBCE Part 4 is accepted/required in all US territories **including Michigan**, the District of Columbia, the Virgin Islands, and Puerto Rico and all states **except Illinois** toward Chiropractic License eligibility.

Some Chiropractic Board's license eligibility are based upon required higherthan-minimum NBCE passing scores Always check with each State's and/or territory's board for updates. (See examples below)

Special Assemblies – "Preparing for National Board Exams" During Winter and Summer quarters only, The College of Chiropractic offers special assemblies for registered National Board examinees discussing general test-taking and study strategies

for Parts 1 & 2 including their respective component exams.

There will be offered at least six sessions each for both Parts 1 and 2. A student can earn up to two quarters of assembly credit by attending all of the sessions that correspond to the part of the Board they are preparing for.

A schedule of locations, dates and times will be posted on the NB 101 Blackboard Website Week 1 of Summer and Winter Quarters.

- 1. Registration for the special assemblies is permitted for registered board applicants.
- 2. Registration in the courses below & appropriate attendance will count toward graduation assembly credits.
- 3. You should register and attend for both of either, 1A & 1B (for part 1) or 2A & 2B (for part 2).
- 4. You need to attend at least 6 (weeks 2-7) to get credit for both NBCE Preps assemblies for the quarter.
- 5. Attendance of 3 but less than 6 will give only a pass for one assembly (based on which of weeks were attended)
- 6. Non-registered attendees are welcomed, but graduation assembly credit will be granted only to those whom are registered.

We encourage all students who are taking National Board Examinations to attend.

Final Exam Center Rules and Procedures

FINAL EXAM CENTER RULES AND PROCEDURES:

- Students should be prepared to enter exam center 10 minutes prior to the scheduled start of a given exam.
- Students must wear/present their I.D. badges or have their driver's license with a picture so that they may enter the test center. (no photo ID, no entry)
- Unauthorized or unidentified persons will not be allowed in the final exam center. Children or babies will not be permitted to enter the exam center.
- Student will be permitted to bring only yellow #2 pencils into the test center.
- 5. The following items will not be permitted in the final exam center: Hats, caps, purses/pocketbooks, brief cases, pouches, knapsacks, books, notes, or papers of any kind, cell phones, PDAs (or like devices), radios, earphones or headsets, and/or any recording devices, etc. Calculators may be an exception if so designated by the lead instructor of a specific examination.
- Upon entry to the final exam center, find an appropriate row for your exam and seat yourself. Be prepared to listen to final exam center instructions.
- Photo ID badges or driver's licenses are to be displayed on the desktop throughout the examination period.
- 8. Students will not be permitted to enter the test center after the doors have been closed and the distributions of tests have begun.
- Once the examinations have begun, students will not be allowed to ask
 questions. Any comments the student may have should be written on
 the front or back of the test booklet. (Replacement Scantrons and
 extra pencils may be obtained from the nearest proctor).
- 10. After finishing the exam, take your exam materials and ID, and quietly proceed toward the exam center exit. Before exiting, place your exam booklet and scantron in the box that corresponds to the row letter of your exam. Failure to do so may result in a failing grade for the exam and for the course.
- 11. Students are not allowed to remove exam materials; test booklets, scantrons sheets or scratch paper from the exam center.
- 12. Exit the testing area immediately. There is to be no talking to anyone. There will be absolutely no loitering in the halls, near the entrance, or the exit to the exam center while exams are in session.

Please Note:

You must resolve any prior class assignments, grades and/or attendance disputes or matters no later than the last day of class. When you take the final exam, no grades can be initiated for any reason that existed prior to taking the final exam.

If at any time students violate honesty and integrity or test-taking behavior expectations during an examination, they will be subject to the disciplinary action procedures described in the Life University's *Student Code of Conduct*.

Instructions for those students who are scheduled for two examinations during the same testing period:

- Students with more than one examination scheduled at the same time will report to the testing center at their regularly scheduled test time.
- The student will take the first exam of their choice and complete the exam before taking the next one.
- 3. The student will turn in their first examination to the appropriate instructor.
- 4. The student will notify the lead instructor for the second examination scheduled of the need to take that examination.
- 5. Prior to taking the second examination, the Testing Center Supervisor must secure the starting and stopping time for each student taking the second examination. This information will be entered on a special form at the front of the Testing Center.
- The student will have the regulation time (one hour and fifteen minutes) to complete the second exam.

Posting of Final Grades by Instructors (Unofficial)

Instructors are requested to post final grades on *Blackboard* within 24 hours of the end of their final exam.

Submission and availability of Official Final Quarterly

Grading errors, miscalculations or disputes should be corrected before the official final grade roster for each course is returned to the Registrar's Office.

Official final grades are due in the Registrar's Office 48 hours after the final exam is given.

Transcripted final grades will be available, to students, Web Advisor, the Wednesday after the quarter (Week 12) has ended.

Final Examination Attendance:

All exams and course work must be completed as scheduled unless PRIOR approval is granted or unless certain bona fide emergencies arise. (See acceptable excuses below)

Acceptable Excuses: Acceptable excuses include death of family member, personal sickness, and imminent death of immediate family member.

Excuses for missed final exams due to health must be signed and documented with letterhead, address, and phone number of the licensed health care provider, and must contain the following statement: "The patient was confined to his house or admitted to the hospital from (time) on (date) through (time) on (date) for sickness or injury."

Confinement is defined as the inability to leave the house except to obtain health care or engage in prescribed activities which are primarily therapeutic and not social, recreational, business, or educational in nature.

Excuses for missed final exams due to death of an immediate family member must be signed and documented with letterhead, address, and telephone number of clergyman or with obituary.

Such documentation MUST be presented to the instructor(s) within the first week upon return to class(es), with an information copy furnished to the dean of the respective college. Failure to do this within the specified time will result in the student's absence being charged as an unexcused absence and will result in the assignment of a failing grade for the final exam and may result in the assignment of a failing grade for the course.

The acceptable excuses listed above for cuts are the only acceptable excuses for make-up exams. It is the responsibility of the student requesting a **bona fide** make-up to contact the instructor within one week of their return to campus to request arrangements for make-up testing. Failure to make-up missed exams will result in a zero for that exam.

Calculation of grades missing the final exam may result in a student receiving a grade "I".

Calculation of grades with the final exam and missing other required coursework made-up and/or submitted may result in a student receiving a grade "F"

COLLEGE OF CHIROPRACTIC ADVISEMENT

Advisement, List of Advisors, DCP Course Offerings by Qtr.

Advisement

Life University recognizes the role of advisement in the educational process and the responsibility of both our PASS Advisors and faculty in providing effective advisement. Advisement does not focus exclusively on the student's course scheduling but represents an opportunity for PASS Advisors, faculty advisors, and the University to express a special interest in both the personal and academic welfare of the student.

Academic involvement in student advising includes advisement in the area of academic preparation and mentoring to students. Advisors provide individual advisement to students, serve as club advisors, and mentor students in career path choices and other areas as needed.

In order to improve the efficiency of advisement for the <u>College of Chiropractic</u> PASS Advisors have been introduced and a central office is established to provide student advisement. Student advisement is coordinated through the Dean's Office by Dr. Deborah Roche and the Director of Student Advocacy and Advisement, Tameka Glass.

Dr. Deborah Roche will coordinate advisement and refer students to appropriate student services/faculty as needed. Selected faculty and the Technical Resource Advisor, Dr. Brian Sheres, will also assist with advisement. These will include advisement and registration for first quarter DCP students and advisement of students with advisement/registration problems.

Advisement dates

Advisement for returning students is available throughout the quarter. Pre-registration advising appointments begin Week 7 and continue through the end of each quarter. Students who entered Fall 2009 or later must see their advisor (PASS or faculty) prior to pre-registration in order to be cleared for Web Advisor pre-registration. Students may be advised by their PASS advisor or faculty advisor.

PASS and Student Advisors will be available for advisement week 6 through week 11 each qtr.

Please remember these advisors are there only to expedite and assist. Under absolutely no circumstances are their recommendations valid if it contravenes existing, published University policy.

You are responsible for your schedule and your education.

DCP Prerequisites Policy

Prerequisite Policy

Life University's recent technology upgrade for academic records will allow the College of Chiropractic to track students who are enrolled for courses without completing their required prerequisites. Prerequisites for courses will be strictly enforced to the extent that class rosters will be checked during the quarter and any student who has not completed prerequisites will be dropped (no tuition forfeiture but \$25.00 drop fee) from the course without warning and too late in the quarter to add another course. A decrease in credit hours caused by this type of drop in course load could change your financial aid status (will effect "frozen hours as calculated by financial aid) and result in unnecessary tuition expense. Please check your prerequisites carefully- especially if you have recently failed a course!

Future Schedule Planning Information

Please Use the Following Grids to Plan Your Future Quarter's Schedules for Lecture Time and Days.

Only one section of lectures is indicated here, if a second is created it will be as needed for a specific qtr. and not useful for long range planning or annual

It should be noted that room designations are not listed on these grids because from quarter to quarter the rooms may change.

Reference the current Lab offerings on the previous pages. It is anticipated, for future planning, the Labs designate A-E and Q will not change times, days nor rooms from quarter to quarter.

Lab schedules beginning with the letter "F" and higher will also stay reasonably the same but will be dependent on class size and need in each future quarter.
