Has Chiropractic Care Positively Impacted Your Life?

Founder's Month

FOR RESEARCH

If so, help us celebrate the 125th Anniversary of Chiropractic by supporting research during the month of September!

By adding \$1 to each of your adjustments during the month of September, you will be donating to enhance neurological-based chiropractic research at Life University.

If you would prefer to make a one-time contribution, you may do so at Alumni.LIFE.edu/FoundersMonth.
