Life University (LIFE) is leading the vital healthcare revolution by shattering the status quo. By applying holistic principles and an agenda of compassion, LIFE works to make a transformative social impact. Our mission isn’t just in handywork; it’s lived, breathed and acted upon daily — across departments, initiatives and throughout the world. These values are translated in our campus, from peaceful areas to reflect and study, to engaging trails and spaces to socialize, stretch your legs and enjoy the outdoors. Read more about our vitalistic campus here, and then tour the grounds to experience LIFE for yourself.
